COMMUNICATIONS – PUBLIC

Matt Hines, United Consulting, stated that last week they installed pedestrian signal foundations at Green Valley and West Street as well as Knable and Captain Frank. They poured curb ramp, sidewalk and detectable warning surfaces at the southeast corner of New Albany Plaza, Home Depot and Wesley Commons. He explained that this week they will have day shift only and they will complete curb, gutter, sidewalk, curb ramps and detectable warning surfaces at the Home Depot intersection, install detector housing at various locations, pedestrian signal foundations at various locations, filling in gaps between new gutter and asphalt, filling utility potholes and correcting the median at Green Valley. He added that they will have lane closures throughout the project again this week. He stated that milling will be from May 29-31 8:00 p.m.-6:00 a.m. and resurfacing will take place June 1-3 around-the-clock. He explained that the following Monday the striping crew will come in and do the temporary layout and on June 8 they will do the permanent striping overnight.

Mr. Nash asked what will be left to be done.

Mr. Hines stated that it will be a race to get loops and pedestrian signals in in by June 30.

Mr. Nash asked that he consult with the engineer regarding the median work before they start.

Mr. Thompson stated that the reason it was installed is so they didn't try to turn out of CVS and create traffic issues going across the lanes.

Mr. Thompson moved to approve the rolling lane closures 8:30 a.m. and 3:00 p.m. at various locations, Mrs. Cotner-Bailey second, motion carries.

Jeff Jahaen, YMCA, passed out a map for summer day camp drop off and pick up route and reviewed it with the board. He explained that he would like to turn Janette Way into a one-way during those times of the day to alleviate the safety concern with the number of cars involved and pedestrians using the area.

Mrs. Cotner-Bailey asked if they are just asking for this change during the morning and afternoon times

Mr. Jahaen replied yes.

Mr. Thompson stated that he wonders if it wouldn't be better to change it all day because moving the signage and barricades could be an issue.

Mr. Summers stated that the only usage Janette really gets is the traffic from West 1st to get to the light so he doesn't see an issue with doing it permanently.

Mrs. Cotner-Bailey suggested observing to see how it goes.

Mr. Thompson asked if they have any signage to put out.

Mr. Jahaen stated that they will be purchasing signs for temporary use.

Mr. Thompson stated that they can put barricades out to put the signs on.

Mrs. Cotner-Bailey moved to approve the request to change Janette Street to one-way traffic from June 4-25, Mr. Thompson second, motion carries.

Basin 16 Division B – he stated that the installation is on Morton proceeding from the McDonald Avenue intersection. He explained that once it is complete they will fall back to the intersection of McDonald and Willard and continue on towards Sanderson. He stated that once this work is complete they will have various tie-ins to make and then they will begin road restoration. Basin 16 Division A – he stated that they continue to progress and they did hold a meeting last week to educate the residents on what is going on and why. 2018 Paving – he stated that the work has gotten underway and curb/ramp work has started on Elm, Cherry and Pearl. He explained that milling has started on Hickoryvale and from there they will move to Parkside, Captain Frank and then Elm. He stated that they are hoping to get to these locations in the next two weeks if the weather holds up, but patching work could slow them down if there is a lot to be done.

Paige Thomas, Dave O'Mara, presented a cut request for a new service installation at 405 Beharrell Avenue which required a 4'X7.5' street cut, a meter replacement at 1807 Grant Line Road which required a 4'X3' sidewalk cut and an emergency main leak at 6th Street and Elm Street which required a 6.5'X6.5 & 7.5'X9' asphalt cut.

Mr. Thompson asked if the cut was on 6th Street or Elm Street.
