2.3 AUTHORITY AND PURPOSE

- A. **Authority**: This Ordinance is adopted by the City pursuant to its authority under the laws of the State of Indiana, [I.C. 37-7-4 et seq.](#) Whenever codes cited in this Ordinance refer to Indiana Code (“I.C.” or “Indiana Code”) or Indiana Administrative Code (“I.A.C.”) which has been amended or superseded, then this Ordinance shall be deemed amended in reference to the new or revised code.
- B. **Jurisdiction**: This Ordinance shall apply to all land within the City of New Albany, Indiana, and the Unincorporated Two-Mile Fringe Area within the Jurisdiction of the New Albany City Plan Commission, to the extent permitted under Federal and Indiana law.
- C. **Purpose**: This Ordinance is intended to guide the growth and development of the community in accordance with the Comprehensive Plan for the following purposes (consistent with [I.C. 36-7-4-601\(c\)](#)):
 - 1. **Adequate Facilities**: To secure adequate light, air, and convenience of access; and provide safety from fire, flood, and other dangers.
 - 2. **Public Safety**: To promote the public health, safety, convenience, and general welfare of the community.
 - 3. **Future Development**: To plan for the future development of the community to the end that:
 - a. The community grows with adequate public ways, utilities, health, education, and recreation facilities;
 - b. The needs of industry, and Business be recognized in future growth;
 - c. Residential areas provide healthful surroundings; and
 - d. The growth of the community is commensurate with and promotes the efficient and economical use of public funds.
- D. **Amendments**: All amendments to this Ordinance shall be in conformance with the provisions of Indiana law.

2.4 INTERPRETATION & APPLICATION

- A. **Compliance:** No Structure shall be located, erected, constructed, reconstructed, moved, altered, converted, enlarged, or used, nor shall any piece of land be used, nor shall any existing Use be expanded except when in full compliance with all provisions of this Ordinance and the permits and certificates required by this Ordinance have been lawfully issued. See also [CHAPTER 9: NONCONFORMING REGULATIONS](#) and [CHAPTER 7: PROCESSES & PERMITS](#).
- B. **Conflicting Requirements:** The provisions of this Ordinance shall be the minimum requirements for the protection of the health, safety, comfort, convenience, and general welfare of the people at large, and are designed to encourage the establishment and maintenance of reasonable community standards for the physical environment. If two or more provisions within this Ordinance are in conflict or are inconsistent with one another, then the provision which is most restrictive shall control.
- C. **Overlapping Regulations:** It is not intended by this Ordinance to interfere with, abrogate, or annul any Easements, covenants, commitments, permits, state laws, Federal laws or other agreements between parties; nor any chapters, rules, regulations or permits previously adopted or issued, or which shall be adopted or issued and which are not in conflict with any of the provisions of this ordinance; except that, where this ordinance imposes a greater restriction upon the use of Buildings or land, or upon the Building Height, or requires larger open spaces or greater Lot Area per Family or Dwelling unit, than are required or imposed by such Easements, covenants, commitments, permits, Indiana laws, Federal laws or agreements between parties, or by such chapter, rules, regulations or permits, then the provisions of this Ordinance shall control.
- D. **Severability:** If any provision or portion of this Ordinance shall be held to be invalid or unconstitutional by any court of competent jurisdiction, such decision shall not affect the validity of the Ordinance as a whole or any portion thereof, other than the portion so declared invalid.
- E. **Defined Words:** Words used in a special sense in this Ordinance are capitalized and defined in [Article 3.1 Definitions](#). All other words shall have the meaning inferred from their context in this Ordinance or their ordinarily accepted definitions.
- F. **Meanings:** The following rules of construction shall apply to the text of this Ordinance:
 - 1. The particular and specific provisions of this Ordinance shall supersede any general requirements that are established by it.
 - 2. The words “shall” and “will” are always mandatory requirements and not discretionary. The word “may” is permissive. The word “should” is a preferred and discretionary requirement.

3. Words used in the present tense include the future; and words used in the singular number include the plural; and the plural includes the singular; words of the masculine gender include the feminine and the neuter gender will refer to any gender as required, unless the context plainly indicates the contrary.
4. The phrase “used for” includes “arranged for, designed for, intended for, maintained for, or occupied for.”
5. The word “Person” includes an individual, a corporation, a partnership, an incorporated association, or any other similar entity.
6. Unless it is plainly evident from the context that a different meaning is intended, a regulation which involves two (2) or more items, conditions, provisions, or events connected by the conjunction “and, or,” or “either . . . or,” the use of the conjunction is defined as follows:
 - a. “And” means that all the connected items, conditions, provisions, and events apply together and not separately.
 - b. “Or” means that the connected items, conditions, provisions, or events apply separately or in any combination.
 - c. “Either . . . or” means that the connected items, conditions, provisions, or events shall apply separately but not in combination.
7. The word “includes” does not limit a term to the specified examples but is intended to extend the term’s meaning to all other instances or circumstances of like kind or character.
8. The word “City” means the City of New Albany, the word “County” means Floyd County, Indiana, the word “State” means the State of Indiana, and the word “Department” means the City of New Albany Department of Planning.

2.5 PUBLIC UTILITY INSTALLATIONS

- A. Structures and land used for Public Utility Installations shall be subject to the provisions of this Ordinance to the extent permitted under Indiana law.
- B. All Structures for a Public Utility Installation, including substations, shall be effectively landscaped and shall require approval of a development plan (see [Article 7.7 Development Plan Review](#)) and Improvement Location Permit (see [Article 7.8 Improvement Location Permit](#)).

2.6 MINERAL EXTRACTION EXEMPT

In accordance with [I.C. 36-7-4-1103](#), nothing herein shall prevent, outside of urban areas, the complete use and alienation of any mineral resources or forests by a Property Owner or alienee of them. For the purpose of this article, an urban area shall include: (i) all lands and Lots within the corporate boundaries of a municipality; (ii) any other lands or Lots used for residential purposes where there are at least eight (8) residences within any quarter mile square area; and, (iii)

other lands or Lots that have been or are planned for residential areas contiguous to the municipality.

2.7 ZONING MAP

- A. **Official Zoning Map:** The zoning map for the jurisdiction of the Plan Commission in effect on the date of adoption of this Ordinance is hereby included as part of this Ordinance. The map may be known and referred to as the "Official Zoning Map" and as the "Zoning Map".
- B. **Official Zoning Map Copies:** Copies of the official zoning map may be made and distributed to interested Persons. The Official Zoning Map copies shall be labeled as copies and have the date which they were last modified printed on them. A fee may be established for the purchase of Official Zoning Map copies.
- C. **Location of the Official Zoning Map:** The Official Zoning Map will be located in the office of the department and may be maintained as an electronic zoning map.
- D. **Determination and Interpretation of District Boundaries:** The following rules shall apply where uncertainty exists as to the exact boundaries of any Zoning District as shown on the Zoning Map:
 - 1. Zoning District boundaries shown within or parallel to the lines of Streets, Easements, and Rights-of-way shall be deemed to follow the centerline of the affected Street, Easement, or Right-of-way.
 - 2. Zoning District boundaries shown within or parallel to the lines of streets, Easements, and rights-of-way at the boundaries of the jurisdiction of the Plan Commission shall be deemed to include the full width of such Streets, Easements, and rights-of-way.
 - 3. Zoning District boundaries indicated as following or being parallel to section or fractional sectional lines, Lot Lines, or city corporation lines shall be construed as following or paralleling such lines.
 - 4. Zoning District boundaries indicated as approximately following the centerline of streams, rivers, or other bodies of water shall be construed to follow such centerlines.
 - 5. Zoning District boundaries indicated as approximately following the parcel lines as established by the City shall be construed to follow such parcel lines.
 - 6. If the boundary line of a district divides a Lot in a manner essentially perpendicular to a street, that district which applies to the larger part of the Lot applies to the entire Lot.
 - 7. If the boundary line of a district divides a Lot in a manner essentially perpendicular to a street, that restriction which applies to the larger part of the Lot applies to the entire Lot.

- 10 – Enforcement & Penalties

- 8. Areas designated as “A” zones on flood insurance rate maps shall always be classified as the Open Space District (see [Section 4.11\(F\) – Open Space District Miscellaneous Requirements](#)).
- 9. In the case of uncertainty, the Director of the City of New Albany Department of Planning shall interpret the intent of the Zoning Map and determine the location of the boundary in question. If the Director cannot definitively determine the location of a Zoning District boundary, then the Board of Zoning Appeals may then determine the location of the Zoning District boundary with reference to the scale of the Zoning Map and the purposes set forth in all relevant provisions of this Ordinance.
- E. **Regular Revisions:** The Official Zoning Map should be formally revised annually, or otherwise as the Plan Commission determines necessary.
- F. **Procedure Relating to Annexed or Vacated Areas:** Land which may hereafter be annexed into the City shall remain as zoned, unless changed by an amendment to this Ordinance. Whenever any Right-of-way or other similar area is vacated by proper authority, the Zoning Districts adjoining each side of such Right-of-way or similar area shall be extended automatically to the center of such vacation and all areas included in the vacation shall then and thenceforth be subject to all appropriate provisions of the extended Zoning District(s). In the event of a partial vacation, the adjoining Zoning District, or Zoning District nearest the portion vacated, shall be extended automatically to include all of the vacated area.

4.2 LOW DENSITY RESIDENTIAL

A. Purpose

The Low Density Residential (LDR) district is intended for low density residential Dwellings of a Single Family Dwelling type. Directly related types of uses, such as community services and accessory facilities, may also be allowed. This district provides a variety of Lot sizes and Dwelling types, as well as flexibility in development.

4.3 MIXED DENSITY RESIDENTIAL

A. Purpose

The Mixed Density Residential (MDR) district is intended for the broadest range of residential densities from Single Family Dwellings to Multifamily Dwellings. This district provides a transition from low density residential uses to traditional neighbors and the City’s urban core. The appropriateness of uses and Building types will depend upon compatibility of new Development with the adjacent neighborhood.

4.4 TRADITIONAL RESIDENTIAL

A. Purpose
 The Traditional Residential (TR) district is intended for neighborhoods that are primarily residential in character with interspersed local Business uses to support the neighborhood. Single Family home Lots are compact. Multifamily housing types within the district include Duplex, Triplex, and small scale Multifamily Buildings. These Multifamily Buildings should serve as a transitional Use buffering Single Family homes from nearby, intense land uses such as regional Commercial or industrial uses. The permitted intensity of new Development will depend upon its compatibility with the existing neighborhood, proximity to major Streets and public transit, the distance to shopping, and environmental constraints.

4.5 HIGHWAY-ORIENTED COMMERCIAL

A. Purpose

The Highway Oriented Commercial (HC) district is intended for areas highly visible along major transportation corridors and supports uses appropriate for Businesses predominantly servicing a regional customer base. Typical uses include “big box” retail, chain restaurants, drive-through establishments, and supporting retail uses.

4.6 MIXED-USE CORRIDOR COMMERCIAL

A. Purpose

The Mixed-Use Corridor Commercial (MC) district is intended to accommodate a variety of Commercial and residential uses along the primary transportation corridors of the City. The mix of uses should create a high-quality pedestrian-oriented environment within walking distance of local neighborhoods. This district provides a variety of neighborhood-oriented Commercial uses including small-scale shopping centers, supermarkets, bakeries, pharmacies, variety stores, restaurants, laundries, and hardware stores. Residential uses are a Multifamily Building type. Mixed-Use Buildings are encouraged. Given the various uses and densities within and adjoining the district, new Development will need to be compatible with the adjacent uses.

4.9 INDUSTRIAL

A. Purpose

The Industrial (IND) district is intended for a variety of small- to medium-scale, clean industrial uses including wholesaling, warehousing, flex space, construction, and distribution. Light industrial uses include research and development facilities, Businesses parks, small-scale product assembly, and advanced manufacturing. Emissions of fumes, noise, smoke, and other pollutants is strictly controlled. Outside storage and use is very limited.

4.11 OPEN SPACE

A. Purpose

The Open Space (OS) district is intended to conserve permanent or semi-permanent Open Spaces to promote active and passive greenspace uses. Appropriate uses include undeveloped Open Space, parks, Golf Courses, Cemeteries, Riparian Corridors, and scenic resources. Park uses include active and passive activities occurring indoors and outdoors. Open space uses can also protect environmentally sensitive areas such as steep slopes and Flood Plains.

F. Miscellaneous Requirements

1. The Open Space District is bounded as shown in all areas designated as “A” zones (Zone A, AE, AH and AO) on maps entitled FIA Flood Insurance Rate Map, Index and Nos. 127, 128, 129, 131, 133, 136, 137, 138, 139, and 141, to be made effective by the U.S. Department of Homeland Security on December 4, 2012, and adopted by the Common Council of the City on November 15, 2012, and Series F Flood maps effective April 12, 2014, collectively which, with all explanatory matter thereon, are made a part of this chapter by reference. These areas may be depicted on the Official Zoning Map as the Open Space: Flood Plain District (OS:FP).
2. The Open Space District shall include steep slope areas one acre or larger. Steep slopes shall mean slopes equal to or steeper than twelve (12) percent. The percent slope shall be measured as a six (6) foot fall or greater in any fifty (50) foot distance. Land Disturbing Activity shall not be permitted on steep slopes. These areas may be depicted on the Official Zoning Map as the Open Space: Steep Slopes District (OS:SS).
3. Adjoining Use districts may be extended into this district with Special Exception approval. Such approval shall be contingent upon the correction of or protection from flooding or slope hazards or destructive effects to the property within the Development or to property in the vicinity. Based upon site conditions, the Director may require third-party review by qualified professionals regarding geotechnical analysis, erosion control measures, and other reviews for the protection of public health, safety, and welfare.

5.1 APPLICATION

- A. **APPLICABILITY:** No Building, structure or land shall be used, and no Building or structure shall be erected, reconstructed or structurally altered, which is arranged, intended or designed to be used for any purpose other than a Use which is permitted and specified in a Zoning District in which such a Building, structure or land is located.
- B. **LAND USE SPECIFIED:** Each land Use is either a permitted, not permitted, or a Special Exception Use in each Zoning District as set forth in [CHAPTER 5 - USE TABLE](#) (the “Use Table”) or elsewhere in this Ordinance.
- C. **SPECIAL EXCEPTION USES:** A Special Exception designation is not meant to imply that the Use will be disallowed, but that the Use requires a greater degree of scrutiny and review because of its potential adverse impact upon the immediate neighborhood and the community. The Board of Zoning Appeals reviews a Special Exception and its characteristics and impacts to determine its suitability in a given location for those Zoning Districts in which it is permitted. The determination of whether the Special Exception may be approved shall be subject to a public hearing by the Board of Zoning Appeals and review in accordance with [Article 7.12 – Special Exceptions](#).
- D. **Unlisted or Questionable Land Uses:** Any Use not listed in the Use table or otherwise permitted by this Ordinance shall be prohibited. The Zoning Administrator shall determine into which category a land Use is placed if it is not specifically listed. This determination may be appealed to the Board of Zoning Appeals consistent with [Article 7.3 - Appeals of Administrative Decisions](#).

6.1 ACCESSORY USE AND BUILDING

A. **General Standards:**

1. Accessory Buildings shall be subordinate in height, width, length, and bulk to the Principal Building on the same Lot.
2. No Accessory Building shall be constructed until the construction of the Principal Building on the same Lot has been commenced.
3. Accessory Buildings shall be constructed in a manner that does not substantially alter the character of the vicinity in which such Buildings are to be located.
4. Accessory Buildings shall be held under the same ownership and maintenance as the Principal Building.
5. Accessory Uses or Buildings including large ground microwave antenna dishes shall not be permitted in an Established Front Yard or an Established Side Yard; however, a satellite receiver antenna which is two (2) feet in diameter or less may be installed in any location in accordance with the provisions of [IC 36-7-4-201.1](#).
6. The standards of this Ordinance shall not prevent the use of a temporary construction Building to be utilized for the storage of tools, materials, and other equipment during the period of construction.
7. Carports shall be consistent in design, appearance, and materials with the Principal Building.

B. **Accessory Uses:**

Accessory Uses shall be permitted in each Zoning District when determined by the Director that the Use is incidental to the permitted and primary Use, and that the Use is consistent and compatible with the intent of the Zoning District in which it is located. Accessory Uses shall be conducted in accordance with this article. Accessory Uses such as walks, Driveways, curbs, retaining walls, mailboxes, nameplates (not exceeding 12 inches by 12 inches), lamp posts, bird baths and Structures of a like nature are permitted in any required front, side or Rear Yard. Trees, Shrubs, flowers, or plants, except as otherwise herein regulated, shall be permitted in any required front, side or Rear Yard. Any constructed or otherwise erected Accessory Use shall be of substantial materials and shall be maintained in a state of good repair.

C. **Accessory Buildings:**

Accessory Buildings shall be permitted in all Zoning Districts in accordance with this Article. No more than one Accessory Building, including a detached Private Garage, shall be permitted on any Single Family Dwelling Lot. In the Low Density Residential District, the Ground Floor Area of an Accessory Building shall not exceed the lesser of the Ground Floor Area of the Principal Building or one thousand eight hundred (1,800) square feet. In all other districts, the Ground Floor Area of such an Accessory Building shall not exceed

the lesser of the Ground Floor Area of the Principal Building or one thousand (1,000) square feet.

D. **Building Location:** Accessory Buildings shall be constructed on the same Lot as the Principal Building to which they are accessory and in accordance with this section. Accessory Buildings which are temporary may only be constructed in the Rear Yard.

1. **Front Setback:** No Accessory Building may be erected closer than ten (10) feet from the Established Front Yard or the Front Yard Building Setback Line if an Established Front Yard does not exist on the Lot.

2. **Side and Rear Setbacks:**

- i. An Accessory Building of two hundred (200) square feet or less shall be a minimum of three (3) feet from the side and Rear Lot Lines and shall be located outside of all Easements.
- ii. An Accessory Building over two hundred (200) square feet shall meet the minimum side, side Street, and Rear Yard Building Setback Lines of the underlying Zoning District, except as otherwise established by this article.

E. **Maximum Accessory Building Height:** Eighteen (18) feet.

F. **Timing:**

1. No Accessory Building shall be constructed until the construction of the Principal Building on the same Lot has been commenced.

2. No Accessory Building shall be occupied/utilized unless the Principal Building on the same Lot is first legally occupied for a permitted Use within the applicable Zoning District.

3. The construction of an Accessory Building shall be completed:

- a. Within one (1) year of the issuance of a Building Permit, if such permit is obtained individually; or
- b. Within one (1) year of the completion of construction of the Principal Building, if the Accessory Building's Building Permit is obtained at the same time that the Building Permit for the construction of the Principal Building is obtained.

G. **Declaration of Covenants:** Property owners are advised to refer to their Subdivision's declaration of covenants and restrictions, if applicable, which may impose greater restrictions than are found herein. This ordinance does not abrogate any private covenants that may apply to property. Likewise, approval of any addition or Improvement pursuant to requirements of a Subdivision's declaration of covenants and restrictions shall not act as a waiver of any requirements contained in this Ordinance.

H. **Swimming Pools:**

1. Swimming pools shall be constructed on the same parcel as the Principal Building to which they are accessory.
2. Swimming pools shall not be constructed in the Established Front Yard.
3. Swimming pools shall be required to meet the same minimum Building Setback Line as the Principal Building to which they are accessory.
4. Swimming pools shall be constructed in accordance with [I.A.C., Title 675, Article 202](#).

I. **Screening of Receptacles and Loading Areas:** These standards shall apply to all Garbage containers, trash receptacles, pallet storage areas, trash compactors, recycling areas and other similar facilities in all Zoning Districts; however, these standards shall not apply to Single Family Dwellings:

1. Garbage containers, trash receptacles, pallet storage areas, trash compactors, recycling areas, loading areas and other similar facilities shall be completely and permanently screened from view of rights-of-way and where possible, adjoining properties.
2. Enclosures shall not be located in an Established Front Yard or in any required side or Rear Yard.
3. Screening methods shall include a solid enclosure on all sides not less than six (6) feet in height above Grade or two (2) feet above the receptacle, whichever is greater.
4. Enclosures shall be constructed of materials that match or complement the Principal Building.
5. Enclosures shall be equipped with opaque gates. Gates shall not be oriented towards residential properties or the Right-of-way, where possible.
6. Man-doors which do not include swinging, moveable doors are encouraged to provide daily access to dumpsters for waste disposal.
7. Enclosures, which include swinging, moveable doors, shall be kept closed at all times when said doors are not in active use.
8. Landscaping shall be provided around enclosures in accordance with [Article 6.10 Landscaping Standards](#).

6.2 ADULT ENTERTAINMENT ESTABLISHMENT STANDARDS

- A. **Requirements:** Except for existing legal Nonconforming Uses governed pursuant to Section 5 of this Article, Adult Entertainment Establishments located, established, maintained, or operated on any Lot shall also comply, in addition to complying with all other applicable regulations set forth in these regulations, with the regulations set forth below. In the event of a conflict between the provisions of any other such regulations and the regulations set

forth below, then the regulations set forth below shall control to the extent of any conflict.

- B. **Permitted Zoning Districts:** Adult Entertainment Establishments shall only be permitted as indicated on the Permitted Use Table.
- C. **Minimum Separation Requirements:** No Adult Entertainment Establishment shall be located, established, maintained, or operated on any Lot that has a property line within:
 - 1. One thousand (1,000) feet of the property line of any other Lot on which any other Adult Entertainment Establishment is located, established, maintained, or operated;
 - 2. One thousand (1,000) feet of the property line of any other Lot on which a Protected Use is located, established, maintained, or operated;
 - 3. One thousand (1,000) feet of the boundary line of a Residential District;
 - 4. Five hundred (500) feet of the property line of any residential Dwelling; or
 - 5. One thousand (1,000) feet of a Right-of-way line of any federal or state highway.
- D. **Measurement:** For the purposes of this article, distances shall be measured in a straight line, without regard to intervening Structures or objects, from the nearest point on the property line of the Lot on which the Adult Entertainment Establishment is located to the nearest point on a property line of (i) any residential property or (ii) any Lot on which a Protected Use or other Adult Entertainment Establishment, as the case may be, is located, established, maintained, or operated, or (iii) the Right-of-way line of any federal or state highway.
- E. **Limited Exception:** An Adult Entertainment Establishment lawfully operating under these regulations and under the City's adult use licensing ordinance shall not be deemed to be in violation of the location restrictions set forth herein solely because (i) a Protected Use subsequently locates within the minimum required distance of the Adult Entertainment Establishment, (ii) a Business that sells or dispenses alcoholic beverage subsequently locates within the same Building as the Adult Entertainment Establishment, or (iii) property within the minimum required distance of an Adult Entertainment Establishment subsequently becomes residential property. This subsection shall not apply to an Adult Entertainment Establishment at a time when an application for an "adult entertainment license" under the City's adult use licensing ordinance for that establishment is submitted after the license has previously expired, has been revoked, or is at that time under suspension.

6.3 ARCHITECTURAL STANDARDS

- A. **Purpose and Intent:** The implementation of various design standards is a catalyst to ensure quality construction for present and future Developments and to create variation and interest in the built environment.
- B. **Applicability:** The standards of this article shall apply to all Buildings constructed within the Zoning Districts as set forth below. Single Family Dwellings permitted and constructed in non-residential districts shall comply with the Residential District (residential uses) architectural standards.
- C. **Residential Districts (Residential Uses):** All new Single Family Dwellings located in a Subdivision containing five (5) or more Lots shall comply with the following:
 - 1. **Perimeter Lots:** A minimum of one (1) of the following two (2) design objectives shall be met for Dwellings on Perimeter Lots.
 - a. **Front Façade Orientation:** Dwellings on Perimeter Lots shall be designed so the Front Building Façade is oriented toward the External Street. This design objective may be accomplished through the utilization of a Frontage Road.
 - b. **Rear/Side Building Façade Enhancements:** Dwellings on a Perimeter Lot with a side or rear Building Façades oriented toward an External Street shall utilize design features in accordance with the following table:

Building Orientation Toward External Street	External Street Roadway Classification	Minimum Number of Points of Design Features Required
Rear Building Façade	Arterial	7
Rear Building Façade	Collector	5
Side Building Façade	Any External Street	4

- 2. **Design Features:** All design features listed below are worth one (1) point unless indicated otherwise.
 - a. **Main Roof Design** (a maximum of two (2) points from this subsection may qualify):
 - i. Two (2) or more dormers.
 - ii. Twelve (12) inch overhangs around the entire Dwelling, as measured prior to the installation of Masonry Materials.
 - iii. A minimum roof pitch of 8:12 around the entire Dwelling.
 - iv. Two (2) or more gables.

- [9 – Nonconforming Regulations](#)
- [10 – Enforcement & Penalties](#)

3. Exterior Materials (exclusive of trim) (a maximum of one (1) point from this subsection may qualify):
 - a. One hundred percent (100%) Masonry Materials around the entire Dwelling, as architecturally appropriate (i.e. exception for areas above the main roof line).
 - b. Full first floor Masonry Materials around the entire Dwelling (exclusive of openings). If the Dwelling includes a walk-out Basement (or Basements with daylight Windows without the use of Window wells), then full Masonry Material around the entire Dwelling to the top height of the Basement (e.g., wainscot on the front and side Building Façades and on the entire height of the exposed Basement wall on the rear Building Façade).
 - c. Three (3) or more siding materials or material patterns (e.g., board and batten, shake, lap siding) on the Building Façade, to include a minimum of Masonry Material at a height of twenty-four (24) inches tall around the entire Dwelling. Each siding material or material pattern shall be a minimum of ten percent (10%) of the applicable rear or side Building Façade (exclusive of openings and trim).
4. Façade Projections or Recessions (a maximum of three (3) points from this subsection may qualify, one (1) point each unless specified):
 - a. A minimum of one (1) four-foot (4') deep offset, which is a minimum height equivalent to one-Story.
 - b. A minimum of two (2) two-foot (2') deep offsets which is a minimum height equivalent to one-Story.
 - c. Sunroom (minimum sixty-four (64) square feet)(2 points).
 - d. Screened-in porch (minimum sixty-four (64) square feet).
 - e. Covered patio or covered porch, as a projection or recession in the Building Façade (minimum one hundred and twenty (120) square feet).
 - f. Exterior (projects from the Building Façade) fireplace chase that extends above the roof line.
 - g. Exterior (projects from the Building Façade) fireplace chase that extends above the roof line and is covered with Masonry Material(s) (2 points).
 - h. Second floor cantilever with a minimum depth of one (1) foot projecting over the first floor and minimum length of thirty percent (30%) of the total length of the rear Building Façade.

5. Windows (exclusive of doors) (a maximum of two (2) points from this subsection may qualify, one (1) point each unless specified):
 - a. Multiple Masonry Material detailing (e.g., quoins, keystones, arches, soldier courses), as architecturally appropriate.
 - b. A minimum of seventy-five (75) square feet of Windows on rear Building Façades or forty-five (45) square feet on side Building Façades.
 - c. Larger Windows (a minimum of fifteen (15) square feet each) with proportions consistent with the architectural style of the home. A minimum of three (3) such Windows is required for a façade to meet this standard.
 - d. Restoration of historic Windows or use of new Windows in proportions architecturally appropriate for the style of the home.
 - e. Minimum five and one-half inch (5-1/2") wide trim around all Windows of the Dwelling. Alternative decorative Window trim detailing (i.e. arches, cornices, crossheads, ornate moldings, pediments) may be considered by the Director if the trim otherwise results in a comparable visual contrast that enhances the architectural interest of the Building Façade.
6. Streetscape Diversity for Perimeter Lots: The rear Building Façade of Dwellings on adjacent Perimeter Lots may not have more than three (3) of the same architectural features that qualify towards meeting the above requirements. Exceptions to this standard may be approved by the Director if the design or placement of the same architectural features otherwise result in substantially different rear Building Façades for adjacent Dwellings.
7. Streetscape Diversity: At minimum of one (1) of the following design objectives shall be met:
 - a. The front façade of a front-load garage shall be recessed from the Front Building Façade by at least five (5) feet. A rear-load garage or a side-load garage, with a minimum of twenty-five (25) square feet of Windows in the Building Façade oriented toward the Street, shall also meet this objective.
 - b. All front-load garages not recessed from the Front Building Façade as detailed in subsection 4. above shall have Architectural Garage Doors.
 - c. Single Family Dwellings located on adjacent Lots with a Front Lot Line abutting the same Street shall, at the time of the issuance of the Certificate of Occupancy:
 - i. Be significantly different Front Building Façade (i.e. architectural style, roof lines, Window placement, proportion of siding

materials) than the adjacent Lot. Minor variations in architectural features or materials (i.e. shutters, door styles, siding patterns) shall not qualify as significantly different if the Dwelling on the adjacent Lot is of a similar floorplan;

- ii. Have a different primary siding color than the adjacent Lot; and
- iii. Have a different color from the adjacent Lot for at least one (1) of the following exterior elements: Masonry Material, the trim, any accent siding (e.g., board and batten, shake).

8. **Building Materials:** In order to create variation and interest in the built environment, roofing and siding materials on all Building Façades shall be restricted as follows:

- a. Rolled roofing or tar paper, as the visible final layer of roofing materials, shall be prohibited.
- b. Vinyl siding on more than twenty-five percent (25%) of any Building Façade, exclusive of Window, doors, or other openings, shall be prohibited.

D. **Residential Districts (Non-Residential Uses):** All non-residential uses in a Residential District shall comply with the following:

1. **Building Orientation:**

- a. No loading spaces or loading docks shall be permitted to face a Street.
- b. Loading spaces or loading docks facing or oriented to a side or Rear Lot Line of an adjoining Residential District shall be screened from view from such Residential District by the use of: (i) evergreen Trees; or, (ii) a combination of overstory, understory or evergreen Trees and a solid wall or fence, which creates a dense visual barrier to a minimum height of six (6) feet.

2. **Building Materials:** In order to insure compatibility of non-residential uses with surrounding residential uses in Residential Districts, all nonresidential uses shall use exterior building materials, roof line treatments and roofing materials that are compatible with and consistent with the residential character and building materials of the surrounding residential area.

E. **Multifamily Dwellings:** All new Multifamily Dwellings shall comply with the following:

1. **Four-Side Architecture:** Design detailing shall be continued completely around the Building consistent with the Building's intended architectural style. Detailing elements shall include, but are not limited to, number and style of Windows, Window placement, trim detailing, roof design, and exterior materials.

2. Building Materials:

- a. Permitted Materials: Permitted exterior materials shall include Exterior Insulation and Finish System (E.I.F.S.), synthetic stucco, Masonry Materials, wood, Fiber Cement Siding, and Polymeric Cladding. Aluminum and vinyl siding shall be prohibited.
- b. Masonry Materials: A minimum seventy-five percent (75%) of each Building Façade, excluding Windows and doors, shall be Masonry Materials.
- c. Diversity of Materials: Each Building Façade shall utilize a minimum of two (2) different exterior building materials (excluding Window, door, and roofing materials). A different style of the same Building material (e.g., horizontal and shake style Fiber Cement Siding) does not constitute two different building materials.

3. Windows: A Building Façade shall incorporate a minimum of one (1) Window (a minimum size of fifteen (15) square feet) per Dwelling unit located along that Building Façade. Required Windows may be located anywhere on the Building Façade, as architecturally appropriate. All Windows shall have treatment consisting of either: (i) shutters (that match the size of the Window); or (ii) casing (a minimum of three and one-half (3.5) inches in dimension).

- a. For Windows in a Building Façade consisting of a Masonry Material, then the treatment shall be of natural or Masonry Material and shall be applied to at least the Window sill.
- b. For Windows in a Building Façade consisting of a non-Masonry Material, then the Windows shall be trimmed to match the architectural style of the Building.

4. Roof Design:

- a. Minimum Pitch: The minimum roof pitch of the Building's primary or main roof shall be 6:12. Elements such as porches, bays, walkways, etc., may be covered with a lower roof pitch. Lower roof pitches may occur on rear elevations if concealed by side roof elements.
- b. Minimum Overhang: The roof overhang or eaves shall be a minimum of twelve (12) inches, as measured prior to the installation of Masonry Materials.
- c. Roof Form: The roof form and pitch design of a Building shall include, where appropriate, varied pitches and ridge levels in accordance with the intended architectural style of the Building and the Building Façade projections.

5. Streetscape Variety:

- a. Building elevations of similar floor plans shall have a variety in style, massing and use of materials and detailing of elements. The same elevation may occur as Buildings are grouped together if each Building plan has a minimum of two (2) different elevation styles.

- b. If more than one (1) Building is proposed, then the Building(s) shall be located so that no more than two (2) Buildings are in a straight, unbroken line. An unbroken line shall include an offset in the Building setback a minimum of one-third (1/3) the height of the adjacent Building.

F. **Business Districts:** All new nonresidential Buildings or additions located within a Business District shall comply with the following:

- 1. **Mechanical Screening:** All roof or ground mounted mechanical equipment shall be completely enclosed. Ground-mounted enclosures for mechanical equipment shall be landscaped on all sides not facing the Building served in accordance with [Article 6.10 Landscaping Standards](#).
- 2. **Building Materials:**
 - a. **External Façades:** Each Building Façade visible from a Street or oriented to an adjoining Residential District shall comply with the following:
 - i. Shall be one hundred percent (100%) Masonry Materials, excluding Window, door, roofing, fascia, and soffit materials; or
 - ii. Shall incorporate two (2) or more building materials, excluding Window, display Window, door, and roofing materials; provided, however, that a minimum of sixty percent (60%) of the Building Façade shall be Masonry Materials.
 - b. **All Other Façades:** No more than twenty-five percent (25%) of all other Building Façades , exclusive of Windows (including faux Windows and glazing), doors and Loading Berths, may be covered with metal, Fiber Cement Siding, Polymeric Cladding, E.I.F.S., stucco, or vinyl exterior building materials.
 - c. **General Standards:**
 - i. The exterior building material selection for all Building Façades shall be supplemented with: (i) the use of multiple colors, multiple textures (e.g., rough, smooth, striated, etc.); or (ii) the addition of architectural elements (e.g., quoins, pilasters, soldier courses, lintels, friezes, cornices, dentils, architraves, etc.).
 - ii. No loading spaces, loading docks or oversized service doors shall be permitted on an external façade, as defined herein; however, if all Building Façades are determined to be external façades , then loading spaces, loading docks or oversized service doors may be permitted on the least visible external façade if screened in accordance with the general screening standards of [Article 6.10 Landscaping Standards](#).
- 3. **Architectural Theme:** Buildings and Structures within a single Development shall have complementary architectural themes.
- 4. **Four-sided Architecture:** All Building Façades visible from an adjacent Lot or Street shall be constructed with the same Building material quality and

level of architectural detail on all Building Façades (e.g., 360-degree architecture).

5. Building Elevations:

- a. Horizontal Design: All Building Façades shall have a defined base or foundation, a middle or modulated wall, and a top formed by a pitched roof or articulated, cornice or molding.
- b. Wall Planes: Building Façades, which are ninety (90) feet or greater in length, shall be designed with offsets (projecting or recessed) at intervals of not greater than sixty (60) feet. Buildings less than ten thousand (10,000) square feet in Gross Floor Area shall be designed with offsets at interval of not greater than forty (40) feet. Offsets shall extend the entire vertical plane of the Building Façade and shall be a minimum depth of four (4) feet and a minimum aggregate length of twenty percent (20%) of the horizontal plane of the overall Building Façade. The offset may be met with setbacks of the Building Façade and/or with architectural elements (i.e. arcades, columns, ribs, piers, and pilasters), if such architectural elements meet the minimum offset requirements of this requirement.

6. Gutters and Downspouts: Shall be visually integrated with the architectural style of the Structure. The color of gutters and downspouts shall be selected to complement or to be consistent with the building materials.

7. Roof Design:

- a. Pitched Roofs: Pitched roofs shall comply with the following:
 - i. Minimum Pitch: 5 (vertical units): 12 (horizontal units).
 - ii. Shall be comprised of three (3) or more roof slope planes.
 - iii. Shall be covered with high quality roofing materials such as natural clay tiles, slate, concrete tiles (with natural texture and color), high quality standing seam metal roofing, wood shakes or shingles (with adequate fire protection), three-dimensional asphalt or fiberglass shingles. Metal roofs shall have a low-gloss finish to reduce Glare.
- b. Flat Roofs: Flat roofs shall comply with the following:
 - i. Flat roofs are permitted if edged by a parapet wall with an articulated, three-dimensional cornice or molding.
 - ii. Parapet walls shall be fully integrated into the architectural design of the Building to create seamless design transitions between the main building mass and roof-mounted architectural elements (which may include screening elements for roof mounted equipment).
 - iii. Modulation or variation of the roofs and/or roof lines shall be required in order to eliminate the appearance of box-shaped Buildings.

- iv. Flat roofs shall be prohibited for one-Story Buildings in the Mixed Use Corridor Commercial District and the Mixed Use District unless otherwise approved by the Plan Commission or Director after consideration of the Building architecture, Building context, and sensitivity to the residential character of the area.
 - c. General Standard: All visible vents, attic ventilators, turbines, flues, and other visible roof penetrations shall be: (i) painted to match the color of the roof or flat black; and (ii) oriented to minimize their visibility from adjacent Lots and Streets.
8. Main Entrances:
- a. Building entrances shall be clearly defined and articulated by multiple architectural elements such as lintels, pediments, pilasters, columns, awnings, porticos, and other design elements appropriate to the architectural style and details of the Building as a whole.
 - b. The location, orientation, proportion, and style of doors shall complement the style of the Building.
9. Windows:
- a. All Window designs shall be compatible with the style, materials, color, details, and proportion of the Building. The number of Window panes, the number of Window openings, Window trim and other architectural design elements designed to accent the Windows shall be consistent with and complementary to the architectural style of the Building.
 - b. Window trim and other architectural design elements designed to accent the Windows shall be required for all Windows. Acceptable design elements include shutters, keystones, masonry arches, awnings, decorative stone frames, masonry rowlock frames, or other such trim or design elements as approved by the Plan Commission or Director.
10. Awnings:
- a. Fixed or retractable awnings are permitted if they complement the Building's architectural style, material, colors, and details.
 - b. Awnings shall be made of a non-reflective material.
 - c. All awnings shall be kept in good repair.
 - d. Awnings used to comply with the architectural design requirements of this Ordinance shall not be removed unless the Building Façade would otherwise comply with such architectural design requirements without such awnings.
11. Gasoline Service Station Canopies: This section shall apply to canopies for all Gasoline Service Stations:
- a. Materials: The support Structures for canopies shall be wrapped in Masonry Materials to complement the Principal Building if located within the Downtown District. In all other districts, the support

Structures for canopies shall be wrapped in material(s) to complement the Principal Building canopy fascia and canopy roof materials shall match the color and texture of the Principal Building.

- b. **Height:** To reduce the visual impact of the canopy Structure and corresponding lighting, the maximum height of the canopy clearance shall be sixteen (16) feet and the maximum top of the canopy shall be twenty-two (22) feet. The maximum width of the canopy fascia shall be thirty (30) inches.

12. **Accessory Buildings:** All Accessory Buildings shall be architecturally compatible with the Principal Building(s) with which they are associated.

G. **Industrial Districts:** All new nonresidential Buildings or Building additions located within the Industrial District shall comply with the following:

1. **Mechanical Screening:** All roof or ground mounted mechanical equipment shall be completely enclosed. Ground-mounted enclosures for mechanical equipment shall be landscaped on all sides not facing the Building served in accordance with [Article 6.10 Landscaping Standards](#).

2. **Building Façades:**

a. **External Façades:** Each Building Façade visible from and located within 150 feet of a Street oriented to an adjoining Residential District, shall comply with the following:

- i. A minimum of sixty percent (60%) of the Building Façade (exclusive of Window and doors) shall be Masonry Materials.
- ii. Building Façades, which are ninety (90) feet or greater in length, shall be designed with offsets (projecting or recessed) at intervals of not greater than sixty (60) feet. Offsets shall extend the entire vertical plane of the Building Façade and shall be a minimum depth of twelve inches (12") and a minimum aggregate length of twenty percent (20%) of the horizontal plane of the overall Building Façade. The offset may be met with setbacks of the Building Façade and/or with architectural elements (i.e. arcades, columns, ribs, piers, and pilasters), if such architectural elements meet the minimum offset requirements of this requirement.
- iii. No loading spaces, loading docks or oversized service doors shall be permitted on an external façade, as defined herein.

b. **All Building Façades:** If materials other than Masonry Materials are utilized on any Building Façade, then the Building Façade shall be supplemented with: (i) the use of multiple colors and textures (e.g., rough, smooth, striated, etc.); or (ii) the addition of architectural elements (e.g., quoins, pilasters, soldier courses, lintels, friezes, cornices, dentils, architraves, etc.).

6.4 BUILDING STANDARDS

- A. **General Standard:** Every Building hereafter erected shall be located on a Lot and in accordance with this Ordinance.
- B. **Single Family Residential Uses:** In no case shall there be more than one (1) Principal Building used for residential purposes, and its Accessory Buildings, located on one (1) Lot, except as otherwise permitted herein.
- C. **Multifamily Residential Uses:** More than one (1) Principal Building used for residential purposes, and its Accessory Buildings, shall be permitted on a Lot used for a Multifamily purpose.
- D. **Industrial and Business Uses:** More than one (1) Principal Building shall be permitted on a Lot in an Industrial or Business District when such Buildings are devoted to industrial or Business uses.

6.5 BUILDING TYPES

- A. **Purpose:** This section sets forth the standards applicable to the development of each Building type. These standards supplement the standards for each Zoning District in which the Building types are allowed. These standards are intended to ensure development that reinforces the highly-valued existing character and scale of New Albany's neighborhoods and downtown.
- B. **Applicability:** The requirements of this section shall apply to all proposed Development and shall be considered in combination with the standards for the applicable Zoning District.
- C. **Building Types Overview:**
 - 1. The names of the Building types are not intended to limit uses within a Building type. For example, a detached house may have non-residential uses within it, such as a restaurant or Office.
 - 2. Each Lot shall only have one Building type.
- D. **Specific Building Types:** [See Following Pages]

The Single Family Detached House: Compact Building Type is a small, detached Structure on a small Lot that incorporates one unit. It is typically located within a primarily Single Family neighborhood in a walkable urban setting, potentially near a neighborhood main Street. This type enables appropriately-scaled, well-designed higher densities, provides a broad choice of housing types, and promotes walkability.

A. Description

The Bungalow Court Building Type consists of a series of small, detached Structures, providing multiple units arranged to define a shared court that is typically perpendicular to the Street. The shared court takes the place of a private rear and becomes an important community-enhancing element of this type. This type is appropriately scaled to it within primarily Single Family or medium-density neighborhoods. It enables appropriately-scaled, well-designed higher densities, provides a broad choice of housing types, and promotes walkability. Parking is typically located along an alley at the rear of the Lot.

A. Description

The Duplex Building Type is a small- to medium-sized Structure that consists of two side-by-side or stacked Dwelling units, both facing the Street, and within a single Building massing. This type has the appearance of a medium to large Single Family home and is appropriately scaled to it within primarily Single Family residential neighborhoods or medium-density residential neighborhoods. It enables appropriately-scaled, well-designed higher densities, provides a broad choice of housing types, and promotes walkability.

A. Description

The Rowhouse Building Type is a small- to medium sized typically attached Structure that consists of 2–8 Rowhouses placed side-by-side. This type may also occasionally be detached with minimal separations between the Buildings. This type is typically located within medium-density residential neighborhoods or in a location that transitions from a primarily Single Family residential neighborhood into a neighborhood main Street. This type enables appropriately-scaled, well-designed higher densities, provides a broad choice of housing types, and promotes walkability.

A. Description

The Apartment Complex: Small Building Type is a Structure that consists of 3–6 side-by-side and/or stacked Dwelling units, typically with one shared entry or individual entries along the front. This type has the appearance of a large-sized Family home and is appropriately scaled to fit within Traditional Residential or Mixed Density Residential. This type enables appropriately-scaled, well-designed higher densities, provides a broad choice of housing types, and promotes walkability. Parking is typically located in the rear of the Lot behind the Building.

A. Description

The Apartment Complex: Large Building Type is a medium-to-large-sized Structure that consists of 7-30 side-by-side and/or stacked Dwelling units, typically with one shared entry. Used in an infill development context, this type is appropriately scaled to fit within Mixed Density Residential neighborhoods or sparingly within large Lot predominantly Single Family residential neighborhoods. On larger sites, multiple buildings per Lot may be appropriate. This type enables appropriately-scaled, well-designed higher densities, provides a broad choice of housing types, and promotes walkability.

A. Description

The Live/Work Building Type is a small to medium sized attached or detached Structure that consists of one Dwelling unit above and/or behind a flexible ground floor space that can be used for service or retail uses. Both the ground-floor flex space and the unit above are owned by one entity. This type is typically located within medium-density neighborhoods or in a location that transitions from a neighborhood into a neighborhood main Street. It is especially appropriate for incubating neighborhood-serving retail and service uses and allowing neighborhood main Streets to expand as the market demands.

6.6 CHILD CARE CENTER

- A. **Applicability:** These standards shall apply to Child Care Centers in all Zoning Districts and do not apply to Child Care Homes as defined in [I.C. 36-7-4-1108](#).
- B. **Location:** No Child Care Center shall be located or established on any Lot that has a property line within:
1. One thousand (1,000) feet of any known Business that has or is required to have a permit for hazardous materials or regulated substances, excluding underground fuel storage tanks;
 2. One thousand (1,000) feet of any known Business that handles compressed flammable gases in excess of 1,500 pounds;
 3. One thousand (1,000) feet of any known Business that handles flammable liquids in excess of 10,000 gallons.
 4. Five hundred (500) feet of another Child Care Center.
- C. **Additional Standards:**
1. The 1,000-foot separation distance shall be measured from the property line of the proposed child care facility to the Use, storage, or handling areas for the regulated substances. For Businesses containing a Child Care Center on site, the distance shall be measured from the exterior wall of the Child Care Center to the area(s) containing the regulated substances.
 2. The Child Care Center operator has the burden of proof of demonstrating compliance with the separation requirement.
 3. Drop-off and pick-up of children from vehicles shall be permitted only on the Driveways, in approved Parking Areas, or in the Street directly in front of the facility.
 4. All outdoor play and activity areas shall be enclosed with a fence that is at least four (4) feet and no more than six (6) feet in height.
 5. All outdoor play and activity areas shall be separated from vehicular circulation, Parking Areas, equipment enclosures, storage areas, and Refuse and recycling storage areas.

6.7 FENCE STANDARDS

- A. **Applicability:** These standards shall apply to all Zoning Districts.
- B. **Location:** No fence shall be erected or altered on a corner or other Lot in such a manner that obstructs or in any way hinders the vision of a vehicle driver (see [Article 6.23 Vision Clearance Section](#)). Fences may be built directly along Lot Lines; however, fences shall not encroach into the Right-of-way, nor into Easements that otherwise prohibit the installation of fences (e.g., drainage and utility Easements). A survey drawing or survey of the site prepared by a licensed surveyor shall be provided with applications.

C. Height Limitations:

1. Fence height is measured from the topmost point thereof to the Grade of the ground adjacent to the fence. Any fence placed upon an erected mound or berm or masonry wall must govern its total height to the limitations herein.
2. Fences located within a required Side, Street Side, or Rear Yard of a residential Lot shall not exceed six (6) feet in height.
3. Fences located within a required or Established Front Yard of a residential Lot shall not exceed forty-two (42) inches in height.
4. Open wire mesh fences surrounding tennis courts that only enclose a regulation court area and standard apron areas may be erected to a height of sixteen (16) feet.
5. Fences enclosing an Institutional Use or a Business or industrial property may consist of an open mesh fence not to exceed a height of ten (10) feet unless otherwise further restricted by this Ordinance.
6. Fences for Agricultural Uses shall not be subject to height limitations.

D. **Opaque Fences:** Fences shall be installed so the finished side of the fence is facing outward (e.g., toward the Lot Line). Fences on a Lot Line in which two (2) or more Property Owners share in the expense of the fence shall not be subject to this provision.

E. **Outdoor Screening:** Fences for screening of permitted Outdoor Storage or display areas shall also comply with [Article 6.14 Outdoor Storage and Outdoor Sales Display](#).

F. **Vision Clearance:** Fences shall comply with [Article 6.23 Vision Clearance Standards](#).

G. **Declaration of Covenants:** Property Owners are advised to refer to their Subdivision’s Declaration of Covenants and Restrictions, if applicable, which may impose greater restrictions than are found herein.

H. **Materials:** Chain link fencing is prohibited in all Zoning Districts except the Industrial District. Barbed wire and razor wire are prohibited in all districts.

I. **Maintenance:** Fences shall be maintained in good condition and operating order at all times.

J. **Exemptions:** In all Zoning Districts, temporary fences for safety and construction are permitted and shall be exempted from the standards of this sections.

6.8 HEIGHT STANDARDS

A. **Applicability:** No Building shall be erected, reconstructed, or structurally altered to exceed in height the limits established and specified for the Use of the Zoning District in which such Building is located except as otherwise provided by this Article.

- B. **Exceptions:** In all Zoning Districts, spires, church steeples, chimneys, cooling towers, stacks, tanks, water towers, elevator bulkheads, fire towers, scenery lofts, power transmission lines or towers and distribution poles and lines, and essential mechanical appurtenances may be erected to any height not prohibited by other laws or ordinances.

6.9 HOME BUSINESS STANDARDS

- A. **Permitted:** Home Businesses shall be permitted in Zoning Districts as set forth in [CHAPTER 5: USE TABLE](#).
- B. **Home Businesses:** Professional services and domestic occupations, crafts, or services which, as typically carried out can be conducted in a Dwelling without impairment of the use thereof as a place of residence and with no detrimental effect upon adjacent residential properties, are permitted Home Businesses. Examples of permitted Home Businesses include:
 - 1. Art Studio.
 - 2. Beauty Salon (one chair operated by a resident).
 - 3. Business conducted entirely by mail and/or web-based.
 - 4. Seamstress or tailor.
 - 5. Home Garage Sales not to exceed seven (7) days per year.
 - 6. Personal motor vehicle sales not to exceed two (2) vehicles per year.
 - 7. Professional Office of a clergyman, lawyer, architect, accountant, counselor, or consultant.
 - 8. Repairing, servicing or refurbishing equipment or parts, excluding motor vehicles, as long as the work is entirely within the Dwelling and performed by members of the Family living in the Dwelling.
 - 9. Teaching (e.g., musical instruments or dancing).
 - 10. Office support services (e.g., data entry, research, telephone-based services).
 - 11. Other uses as determined by the Zoning Administrator.
- C. **Zoning District Standards:** In addition to the standards set forth in this Article, permitted Home Businesses shall comply with all other standards set forth in the respective Zoning District.
- D. **Home Business as an Accessory to Dwelling:** All Home Businesses shall comply with the following standards:
 - 1. **Home Business Subordinate to Primary Use:** The Home Business shall be clearly incidental and subordinate to the primary residential Use of the Lot. The primary Use of the Dwelling shall remain residential.

- [1 – Table of Contents](#)

- [8 – Administration](#)
- [9 – Nonconforming Regulations](#)
- [10 – Enforcement & Penalties](#)

2. **Primary Residence of Operator:** The operator of the Home Business shall make the Dwelling within which the Home Business is conducted their legal and primary residence.
 3. **Activity Limited to Dwelling Unit:** All aspects of the Home Business activity that occur on the Lot shall be conducted within the Dwelling Structure in which the operator makes their actual residence. For purposes of this Article, only areas completely enclosed by walls and under the same roof system as the living quarters shall be considered a part of the “Dwelling Structure.”
- E. **Residential Character:** Any Dwelling containing a Home Business shall maintain its residential character in accordance with the following:
1. **Structural Improvements:**
 - a. There shall be no room additions, enlargements, structural, or exterior aesthetic alterations that change the residential character of the Dwelling or Lot.
 - b. There shall be no exterior, structural, or aesthetic alterations to the Dwelling to accommodate the Home Business that would affect the interior of the Dwelling and would render it undesirable for residential Use or habitation.
 - c. There shall be no additional or separate exterior entrances to the Dwelling for conducting Business or to accommodate the Home Business.
 2. **Walk-in Retail Sales:** Walk-in / walk-up retail sales shall not be permitted.
 3. **Parking:** No provision for off-Street parking or loading facilities, other than the requirements of the applicable Zoning District, shall be permitted. No part of a minimum required Yard shall be used for off-Street parking or loading purposes. No additional Driveway to serve the Home Business shall be permitted.
 4. **Outdoor Storage or Display:** There shall not be any Outdoor Storage or display of products, trailers, equipment, or materials used in connection with the Home Business. No external evidence of the Home Business shall be permitted, except for the Sign permitted in *Section 6.9(E)(8)* below.
 5. **Utilities:** The Home Business shall not require the increasing or enhancing of the size, capacity, or flow of the water, gas, septic, sewer, electrical systems, or trash removal types or volumes beyond what is standard for a residence.
 6. **Equipment:** The equipment used for the Home Business shall be limited to computers, fax machines, telephones, copy machines, other small office equipment, and other similar equipment that may typically be found in a Dwelling, as determined by the Director. Manufacturing operations shall be prohibited.

7. **Gross Floor Area:** No more than fifteen percent (15%) of the Gross Floor Area of Structures on the Lot shall be used for a Home Business.
8. **Signs:** Signs shall comply with [Section 6.20\(H\)\(1\)\(a\) Sign Standards](#).

F. Additional Standards:

1. **Vehicles:** Except for purposes of loading and unloading, vehicles of one-ton capacity or more, or more than twenty (20) feet in length, shall not park on the Lot on which the Home Business is conducted or on any Street adjacent thereto.
2. **Hours of Operation:** Hours of operation shall not interfere with the use and enjoyment of adjacent residential properties. There shall be no outside noise that is audible at the property line of the Premises occurring between 10:00 p.m. and 7:00 a.m. on weeknights (Sunday, Monday, Tuesday, Wednesday, and Thursday), and between 11:00 p.m. and 7:00 a.m. on weekend nights (Friday and Saturday)
3. **Employees:** No more than one employee not residing in the Dwelling shall be present on site at the Home Business.
4. **Nuisances:** No Home Business shall create electrical interference (e.g., interfere with local radio and television reception), odors, noise, Vibration, light, smoke, fumes, or anything offensive.

- G. **Appeals:** Any Use purported as a Home Business may be deemed not permitted if, in a public hearing on the matter, the Board finds the Use to be a nuisance or that it does not comply with this Article. The Director or any Person reasonably affected by the Home Business may request such a hearing in accordance with [Article 7.3 Appeals of Administrative Decisions](#).

6.10 LANDSCAPING STANDARDS

- A. **Purpose:** The purposes of the Landscaping and Buffer Yard regulations are to:
1. Promote attractive Development and preserve the appearance and character of the surrounding area through the use of Landscaping.
 2. Eliminate or minimize conflicts between potentially incompatible, but otherwise permitted land uses on adjoining Lots through buffering, which may include a combination of setbacks and visual buffers or barriers.
 3. Prescribe standards for the development and maintenance of planting, fences, and walls.
 4. Provide provisions that apply to all Development where specific Landscaping is required under the New Albany Zoning Code.
- B. **Landscaping Plan:** When Landscaping is required, a Landscaping Plan must be submitted in conjunction with other application materials.

- [1 – Table of Contents](#)
- [2 – General Provisions](#)
- [3 – Definitions](#)
- [4 – Zoning Districts](#)
- [5 – Use Table](#)
- [6 – Development Standards](#)
- [7 – Process & Permits](#)
- [8 – Administration](#)
- [9 – Nonconforming Regulations](#)
- [10 – Enforcement & Penalties](#)

1. **Components of Plan:** A Landscaping plan must include a Site Plan, drawn to scale with a north arrow that is equal to standard architectural or engineering quality and indicates the following:
 - a. The species and size of all existing Trees greater than six-inch (6") Caliper, showing those that are proposed for removal and those proposed for retention.
 - b. All proposed plant materials clearly labeled and drawn to size at maturity.
 - c. Adjacent land uses.
 - d. Plant list, indicating common names, scientific names and varieties, quantities, planting sizes and types and plant spacing for all plant materials proposed.
 - e. Description of the proposed method of protecting existing Trees during construction.
 - f. Irrigation system, if any.
2. **Required Materials:** All plant materials must be suitable for New Albany's soils and climatic conditions and the plant's solar exposure.
 - a. Plant material should be distributed so as to provide a relatively uniform planting. Where the planting is along a Street and some visibility into the Development is desired, the plant material may be arranged to provide view corridors.
 - b. Ground cover must be installed appropriate to the surface conditions of the area. Grass is the default Landscaping material, although in parking Lots and on steep slopes, other ground covers able to withstand the physical conditions are appropriate.
 - c. The landscaped planting areas should be entirely pervious except for walls or walks that provide pedestrian access. No more than 25 percent of the required area may consist of inorganic materials such as gravel, stones, or paving.
 - d. A minimum of 50% of the required Trees and 50% of the required Shrubs shall be plant species native to or indigenous to all or part of Floyd County, Indiana.

C. Landscaping Maintenance:

1. All plantings shown on the approved plan must be permanently maintained in good growing condition and replaced with new plant materials when necessary to ensure continued compliance with applicable Landscaping requirements.
2. Evidence of completion of required Landscaping must be supplied to the and submitted prior to issuance of an occupancy permit for new construction. There may be cases where Landscaping cannot be

completed prior to Building occupancy due to weather or other conditions. In these instances, the City may issue a temporary occupancy permit with a commitment that Landscaping will be installed within 120 days of the issuance of said permit.

- D. **Buffer Yards:** Buffer yards are intended to eliminate or minimize conflicts between potentially incompatible, but otherwise permitted land uses on adjoining Lots. Buffering may include a combination of setbacks and visual buffers or barriers. [Table 6.10a](#) prescribes the minimum Buffer Yard requirements and [Table 6.10b](#) defines types of Buffer Yards required for specific situations.
- E. **Applicability of Buffer Yard Standards:** The Buffer Yard standards of this chapter apply to:
1. **Development of Vacant Land:** All new Development on vacant land.
 2. **Redevelopment:** Redevelopment or expansion of existing site ground coverage, which includes Buildings, Accessory Uses or Structures, parking, and Outdoor Storage areas by more than 30 percent, not including Single Family Dwellings.
 3. **Change in Use:** Any change in Use that increases Development intensity and results in increased traffic, processes, noise, water, or air pollution, etc. For the purposes of this section, a change in Use includes: from a residential Use to a Commercial Use; from a Commercial Use to a manufacturing Use; and in some cases, from a manufacturing Use to a Commercial Use.
- F. **Required Buffer Yards:** Buffer yards are required between certain zone districts with the type of Yard depending on the adjoining Zoning District. Tables 6.10.a. and 6.10.b. prescribe the required Buffer Yards between adjoining districts.
1. **Buffer Yard Plan:** A Buffer Yard plan must be submitted in conjunction with Development Plan materials. The Buffer Yard plan must incorporate a Landscaping plan. The Buffer Yard plan must show the location of all Buffer Yards on the project site, location of utility Easements, roads, emergency access, walkways, and existing and proposed Structures on the site.
 2. **Location:** Required Buffer Yards of Table 5.10 must be developed along the perimeter of the Lot and extend inward from the property line of the Development site. Buffer yards may not be located within any dedicated public or Private Street Right-of-way.
 3. **Additional Buffering for Loading Docks:** When the proposed Use has a loading dock abutting the adjoining property, the buffer classification is

increased one level (e.g. a type B buffer shall be a type C buffer)- when a loading dock is present against the buffer.

4. Uses Permitted in Buffer Yards: Buffer yards may be used as required Yards, Open Space or Driveways. Accessory Structures and surface parking are not permitted in a Buffer Yard.

G. General Screening Standards:

1. Heating and Cooling Facilities: Ground-mounted heating and cooling units for nonresidential or Multifamily Structures shall be completely screened from all ground-level viewpoints. (See also [Article 6.3 Architectural Standards](#) for roof-mounted equipment.)
2. Dumpster and Loading Areas: Dumpster enclosures, trash pads, loading areas, loading docks, service areas, and maintenance areas shall be

screened from residential uses and Rights-of-way. Screening shall be achieved by using either: (i) a six (6) feet high, completely opaque fence or wall; (ii) a six (6) feet high berm; (iii) a six (6) feet high Screen of evergreen Trees planted nine (9) feet on center in a double staggered row; or (iv) a combination of the aforementioned that accomplishes the same effect. See also [Article 6.1 Accessory Use and Building Standards](#) regarding dumpster enclosures.

H. **Street Trees:** Street Trees shall be required in accordance with the following, and the placement standards set forth herein:

1. **Requirement:** Street Trees shall be required with all new or re-developed Local Streets (public or private) within Residential Districts. Street Trees shall only be required on one side of a Frontage Road.
2. **Location:** Street Trees located within the Right-of-way shall be installed in accordance with the City’s Construction Standards. If the Street Tree is not planted within the Right-of-way, then the Street Trees shall be planted on the adjacent Lot or Common Area within ten (10) feet of the Right-of-way; however, the Street Tree shall not be credited towards that Lot or Common Area’s Minimum Lot Landscaping Requirements.
3. **Spacing:** Street Trees shall be required an average of every fifty (50) feet; however, the Street Trees may be spaced at a maximum spacing of sixty (60) feet but at a minimum spacing of twenty (20) feet.

I. **Foundation Plantings:** Foundation plantings shall be provided as follows:

1. Plant materials shall be required intermittently (approximately every forty (40) feet) against long expanses (over eighty (80) feet) of Building Façades , fences, and other barriers to create a softening effect.
2. Plant materials shall also be required along the Front Building Façade of all Buildings at a minimum ratio of one (1) Shrub or Ornamental Tree per twelve (12) lineal feet.
3. The primary Landscaping material used shall be Ornamental Trees, Shrubs, and ornamental grasses. Groundcover plants may supplement the required plant materials. Plantings should be clustered to provide a more natural appearance and to accommodate vehicular and pedestrian access, loading and maintenance areas.
4. Plantings shall be located within fifteen (15) feet of the Building Façade, fence or other barrier being softened, and shall occur within planting beds at least eight (8) feet in width.

J. **External Street Frontage Landscaping Requirements:** The Landscaping in this section shall be required where any portion of a Development abuts an External Street where Side Yards and Rear Yards are within 100 feet of an External Street.

[6 – Development Standards](#)

[7 – Process & Permits](#)

[8 – Administration](#)

[9 – Nonconforming Regulations](#)

[10 – Enforcement & Penalties](#)

1. **Residential Uses:** A Landscaping area with a minimum depth of fifteen (15) feet shall be required abutting an External Street along any residential Development. The Landscaping area shall include a minimum of four (4) evergreen Trees, three (3) Shade Trees, three (3) Ornamental Trees and twenty-five (25) Shrubs per one hundred (100) lineal feet. In addition, a minimum three-foot (3') tall undulating mound shall required along the entire External Street frontage. Meandering mounds are encouraged.
2. **Non-residential Uses:** A Landscaping area with a minimum depth of ten (10) feet shall be required abutting an External Street along any non-residential Development. The Landscaping area shall include a minimum of three (3) shade or evergreen Trees, two (2) Ornamental Trees and twenty-five (25) Shrubs per one hundred (100) lineal feet. This requirement may be credited toward required Parking Area Landscaping requirements if the required Parking Area Landscaping is located within twenty (20) feet of the Right-of-way. In addition, for Industrial Districts, a minimum three-foot (3') tall undulating mound shall be required along the entire External Street frontage.
3. **Easements:** Trees required to be planted along External Streets should be located outside drainage and utility Easements that would otherwise prohibit the required Landscaping and shall be located in a manner that mitigates interference with infrastructure located within such Easements. Trees may be clustered or grouped in order to attain creative site design and/or to accommodate utility infrastructure.
4. **Unimproved Rights-of-way:** The Plan Commission or Director may approve a Development Plan that lessens the planting requirements per the External Street Frontage Landscaping Requirements by up to fifty percent (50%) along the portion of a Development that abuts future Right-of-way, as set forth in the Thoroughfare Plan, if: (i) said Right-of-way is unimproved at the time of Development Plan approval; and (ii) there are no immediate plans by the City or requirement of the Applicant to improve said Right-of-way.

K. Perimeter Parking Area Landscaping:

1. **Application:** Perimeter Landscaping is required for Parking Areas with ten (10) or more spaces where the Parking Area is located within: (i) an Established Front Yard; (ii) a required Yard; or (iii) twenty (20) feet of a Lot Line or Right-of-way line.
2. **Design:** Perimeter Parking Area Landscaping shall be a minimum of five (5) feet wide and shall extend along the perimeter of Parking Areas and include:
 - a. A minimum of one (1) Tree per thirty (30) linear feet of Parking Area length. Trees may be clustered in an aesthetically pleasing manner.

- b. A minimum of one (1) Shrub per three (3) feet of Parking Area length. Shrubs may be clustered in an aesthetically pleasing manner.
 - c. Grass or other permitted Groundcover for areas not planted with Trees or Shrubs.
3. Drive Aisles: Plantings within perimeter Parking Area landscape areas between drive aisles and a Rear or Side Lot Line may be reduced by up to fifty percent (50%) of the required plantings above, if no Parking Spaces are located between the Lot Line and the drive aisle.
4. Multifamily Uses: In addition to the other standards set forth in this Article, the following shall apply to Multifamily uses:
- a. Parking Areas, Parking Spaces and service facility areas in a Multifamily Use that may be visible from Streets or Perimeter Lot Lines shall be screened by walls or fencing a maximum 42 inches high in addition to Landscaping required herein. Screening shall be depicted on the Development Plan.
 - b. Solid screens or landscape materials shall be installed to protect the privacy of residents when Parking Spaces are located within ten (10) feet of residential units and to prevent headlights from shining directly into Windows.

6.11 LIGHTING STANDARDS

- A. **Purpose and Intent:** The community wishes to enhance the visual environment, protect the public health, safety and welfare, provide safe roadway conditions for motorists, cyclists, and pedestrians, and promote energy efficient, cost-effective lighting while minimizing Light Pollution, intrusion and trespass from uncontrolled light sources. It is the intent of this Article to minimize the intrusion of lighting across property lines, thereby avoiding a disruption to the quality of life of residents.
- B. **Applicability:** These regulations shall be applicable to all outdoor lighting sources which:
- 1. Are newly designed, constructed, erected, or placed into operation after the effective date of this Article; and
 - 2. Require the relocation or replacement of existing lighting fixtures commenced after the effective date of this Article.
- C. **Exceptions:** Exceptions to this Article shall include the following:
- 1. All outdoor Light Fixtures permitted prior to the adoption of these regulations shall be exempt from the shielding requirements of this Article, except that when an outdoor Light Fixture becomes inoperable, the replacement Light Fixture shall comply with the standards of this Article.

2. All hazard warning lighting required by Federal and State regulatory agencies.
3. All temporary emergency lighting required by local law enforcement, emergency service and utility department(s).
4. All traffic control and directional lighting.
5. All underwater lighting used for the illumination of swimming pools and water features shall be exempt from the Lamp type and shielding standards of this Article.
6. All lighting for temporary festivals and carnivals (see [Article 6.21 Temporary Uses and Events](#)).
7. All low wattage residential accent and landscape lighting fixtures having a maximum output of 1600 Lumens (equal to one 100-watt incandescent light) per fixture.

D. **Prohibitions:** The following shall be prohibited:

1. The installation, sale, lease, or purchase of any mercury vapor lamp or low-pressure sodium lamp.
2. The use of laser source light or other similar high-intensity light for outdoor advertising, except when otherwise permitted in conjunction with an Electronic Sign, when projected above the horizontal.
3. The operation of searchlights and floodlights for advertising purposes.
4. The use of any lighting source on towers shall be prohibited except as required by the Federal Aviation Administration.
5. The illumination of off-site advertising Signs.

E. **General Lighting Standards:** The following standards shall apply:

1. All Light Fixtures, except for internally-illuminated Signs or Electronic Signage, shall be Fully Shielded and direct light downward toward the earth's surface.
2. All lighting sources shall be directed away from reflective surfaces to minimize Glare upon adjacent Lots and Rights-of-way.
3. All lighting sources, except for internally-illuminated signage or Electronic Signage, shall be positioned in such a manner as to direct light away from adjacent Lots and Rights-of-way.
4. Light pole height shall not exceed twenty-five (25) feet. All Light Fixtures in Parking Areas shall be designed and located to confine emitted light to the Parking Area.
5. All Light Fixtures shall meet City Building Code requirements for their appropriate construction class.

F. **Multifamily Residential, Business and Industrial Standards:** The following shall apply to all Multifamily, Business, and Industrial Uses:

1. All Light Fixtures, except for internally-illuminated signage or Electronic Signage, shall be positioned in such a manner so that no light emitting surface is visible from a residential Lot or Right-of-way when viewed at ground level.
2. Light meter readings shall not exceed two tenths (0.2) foot-candle at the Lot Lines. It should be understood that, with all of these measurements, light will still be visible at or beyond Lot Lines.
3. All lights on poles, stands, or mounted on a Building shall have a Shield, adjustable reflector, and non-protruding diffuser.
4. All canopy Structures shall have lights with diffusers which are recessed, and which do not extend below the surface of the canopy as measured on a plane parallel to the earth's surface.
5. Lighting under awnings and canopies shall only illuminate a Front Building Façade, a Sign under an awning or canopy, or the sidewalk, but shall not illuminate the awning or canopy itself.
6. All Parking Area lighting for nonresidential uses shall be reduced (e.g., turned off or dimmed) by a minimum of thirty percent (30%) within thirty (30) minutes of closing of the last Business or no later than 11:00 p.m.
7. No outdoor sports or Recreational Facilities shall be illuminated after 11:00 p.m., except to conclude a scheduled recreational or sporting event in progress prior to 11:00 p.m.
8. The off-Street Parking Areas and service facility areas for Multifamily residential uses shall have sufficient lighting facilities, which shall be located and adjusted so that the Glare or beam is directed away from any adjoining property, Street or Multifamily Dwelling Window.

G. **Sign Lighting:**

1. Light Fixtures used to illuminate an Outdoor Advertising Sign, other than a Monument Sign or an internally-illuminated Sign, shall be mounted on top of or above the Sign Structure and shall comply with the shielding requirements of this Article.
2. Light Fixtures used to illuminate ground mounted or Monument Signs may be illuminated with a ground mounted or bottom mounted Light Fixture, provided that the Light Fixture is Fully Shielded and all light output is directed onto the Sign surface.
3. Lamps utilized for the internal illumination of Wall Signs shall be turned off at 11:00 p.m. or when Business closes.

H. **Lighting Plans:** The Applicant for any permit required by this Ordinance that proposes outdoor lighting shall submit a Lighting Plan which includes:

1. A Site Plan indicating the location of all lighting Structures, supports and Light Fixtures, including those Light Fixtures which presently exist on site and those which are proposed for the site.
2. A graphic and/or textual description of all lighting fixtures, both proposed and existing on-site. The description may include, but is not limited to, cut sheets and illustrations by the manufacturer, Lamp types, wattages, and Lumen outputs.
3. A Site Plan with illuminance levels superimposed on the Site Plan in the form of an iso foot-candle diagram or point-by-point grid diagram. The lighting levels shall be depicted at ten-foot intervals or less.
4. The iso foot-candle diagram shall plot foot-candle increments of one-half (0.5) foot-candle or less.
5. Photometric data depicting the angle of cut off of light emissions.
6. Any other information that the Director determines necessary to ensure compliance with the provisions of this Article.

6.12 LOT STANDARDS

- A. Lot Area shall be as set forth by the Zoning District.
- B. Lot Width shall be as set forth by the Zoning District.
- C. All Lots shall abut on a Street or Private Street and shall have a minimum Lot Frontage as set forth by the Zoning District.
- D. Residential Corner Lots shall be of sufficient width to permit appropriate Building Setback Lines and Driveway setbacks from both Streets (see also [Article 6.18 Setback Standards](#)).

6.13 MOBILE HOME AND MOBILE HOME PARK STANDARDS

- A. **Purpose and Intent:** [I.C. 36-7-4-1106](#) provides for the regulation of Mobile Homes by this Ordinance. Class B Mobile Homes are recognized as viable forms of housing that are best served by the residents of such Mobile Homes and the community if such housing is in a planned Mobile Home Park.
- B. **Permitted Use:** Mobile Homes and Mobile Home Parks are permitted as set forth in [CHAPTER 5 - USE TABLE](#); however, the number of Class A Mobile Homes in a Subdivision, not specifically platted for Mobile Homes, shall not exceed ten percent (10%) of the total number of platted Lots in the Subdivision. All Mobile Homes shall only be used for residential purposes.
- C. **Mobile Home Park General Requirements:** The following standards shall apply to all Mobile Home Parks.
 1. Minimum Tract Size: 5 acres
 2. Lot Size: 4,000 square feet
 3. Minimum Lot Frontage: 40 feet

4. Pads or Slabs: An adequate concrete slab or pad shall be provided for the parking of all mobile homes and should provide anchoring devices for protection of the home due to excessive wind.
5. Minimum Front Yard Setback: 30 feet
6. Minimum Structure Separation: 20 feet
7. Sewer and Water: Public sewer and water hook up are required.
8. Soil Coverage: All areas must be covered with a hard surface (e.g., concrete, blacktop, or stone) or attractive grasses/vegetative matter in accordance with [Article 6.10 Landscaping Standards](#).
9. Screening: Screening or fencing must enclose the entire Mobile Home Park. Such screening must be attractive to the area and be able to be easily maintained.
10. Development Amenities: Appropriate Development Amenities shall be provided in all Mobile Home Parks that can accommodate twenty-five (25) or more Dwelling Units.
11. Lighting: Shall be appropriately lighted to protect the health and safety of residents. Such lighting shall not be considered a nuisance to residents, industry, or Business development.
12. Entrance to Park: All entrances shall be constructed in an attractive manner. The name of the park shall be adequately designated. Entrance areas inside the park shall provide for Internal Street names and addresses and provide adequate mail facilities for the park's residents.
13. Service Building: An adequate service Building shall be provided to contain Office and maintenance space, laundry, and other support services.
14. Parking: A minimum of two (2) Parking Spaces shall be provided for each Mobile Home.

D. Mobile Home General Requirements: The following standards shall apply to all Class B Mobile Homes.

1. Location: Class B Mobile Homes shall be located in an approved Mobile Home Park, except for the following:
 - a. A Class B Mobile Home located on any platted Lot prior to September 1977, may be replaced with another Class B Mobile Home if all of the following conditions are met:
 - i. Only one (1) Mobile Home shall be permitted per Lot.
 - ii. Mobile Home shall be placed upon a permanent foundation and be subject to real estate tax assessment.
 - iii. Mobile Home shall be served by Public Sanitary Sewer or an approved private sewer system.
 - iv. Mobile Home shall be used for a residence only.
 - v. Mobile Home shall exceed thirty-five (35) feet in length.

- vi. Mobile Home shall meet the requirements of subsection (D)(2) below.
 - b. Mobile Homes used as a temporary Office or for other purposes on an approved construction site.
 - c. Mobile Homes normally used as a Recreational Vehicle may be permitted, but only on the property of the Owner and it may not be occupied as a temporary or permanent residence.
2. Standards: Class A Mobile Homes not located in a Mobile Home Park shall be subject to the following requirements and limitations.
- a. Shall be required to meet the minimum Living Area requirements provided for in the applicable Zoning District.
 - b. Shall meet all requirements applicable to Single Family Dwellings and Duplexes Dwelling and shall be subject to all necessary permits (e.g., Improvement Location Permit, Building Permit, and Certificates of Occupancy).
 - c. Shall be permanently attached to a solid foundation extending down below the frost line, a minimum of thirty (30) inches, or on Basement walls. The space between the floor joists of the home and the excavated area under floor Grade shall be completely enclosed with a permanent, perimeter foundation, or Basement walls, except for required openings.
 - d. Shall be covered with an exterior material of one (1) or more of the following types:
 - i. Horizontal aluminum or vinyl lap siding
 - ii. Cedar or wood siding
 - iii. Weather resistant grain pressboard
 - iv. Stucco, brick, or stone
 - v. Other approved materials
 - vi. Such materials shall overlap the top of the foundation.
 - e. Shall have a roof composed of a material customarily used on site built residential Dwellings, such as, fiberglass, shake, asphalt, or tile, which shall be installed onto a surface appropriately pitched for the materials used.
3. Placement with Permit: Mobile Homes not meeting the terms of this Article shall be permitted within the Jurisdiction of the Plan Commission only after: (i) receiving a variance approved by the Board; or (ii) being located in an approved Mobile Home Park.

6.14 OUTDOOR STORAGE, OUTDOOR SALES DISPLAY, AND RECREATIONAL VEHICLES

- A. **Applicability:** This Article shall apply as an Accessory Use in all Zoning Districts, as set forth herein.

B. **Residential Uses:** Storage or parking of Recreational Vehicles shall be subject to the following conditions:

1. A Recreational Vehicle shall not be parked outdoors in the Front Yard, including in a Front Yard Driveway, on a residential Lot or parcel at any time. A Recreational Vehicle shall be parked on a solid surface and not closer than 10 feet from the front façade of the Dwelling.
2. Non-motorized Recreational Vehicles may not be stored on a Right-of-way at any time except for the immediate loading and unloading of the vehicle.
3. Shall not be occupied or used for living or sleeping purposes and shall not be connected to gas, electric, water or sanitary sewer service for purposes of living or sleeping.
4. Shall not be parked or stored in a manner as to create a dangerous or unsafe condition on the property where parked or stored. Parking or storage while not locked or chocked, whether loaded or not, and the removal of wheels (except for immediate repairs), shall be considered a dangerous and unsafe condition.

C. **Business Uses:** The following shall apply to Business uses:

1. **Outdoor Storage:** Outdoor Storage shall only be permitted if delineated on an approved Development Plan and in accordance with the following:
 - a. **Size:** A Lot's Outdoor Storage area shall not exceed fifty percent (50%) of the Lot's Principal Buildings' Gross Floor Area.
 - b. **Location:** Outdoor Storage areas:
 - i. Shall be located immediately adjacent to the Principal Building.
 - ii. Shall not encroach into any required Rear or Side Yard.
 - iii. Shall be prohibited in an Established Front Yard.
 - iv. Shall be delineated on an approved Development Plan.
 - c. **Screening:** Outdoor Storage areas shall be incorporated into the Building's design as part of the Principal Building as follows:
 - i. Outdoor Storage areas shall be completely screened from view from any adjacent property or Right-of-way.
 - ii. Outdoor Storage areas shall be screened on all sides with a solid wall, fence, or Landscaping, or a combination thereof not less than seven (7) feet in height. A wall or fence shall consist of Masonry Materials that complement the Principal Building.
 - iii. Perimeter access into Outdoor Storage areas shall not be oriented toward a Front Yard. Gates shall be required for such access and shall be opaque and architecturally compatible with the materials used on the Principal Building. A chain link fence or a variation of a chain link fence combination shall not constitute an acceptable gate material.

- d. **Storage Restrictions:** All materials, product or merchandise stored in an Outdoor Storage area shall be stacked no higher than one (1) foot below the top of the wall.
- 2. **Outdoor Sales Display:** When permitted, Outdoor Sales Displays shall be accessory to the primary Use of the Lot unless otherwise exempted. Outdoor Sales Displays, including vending machines, kiosks, and outdoor point of sale items (e.g., flowers, propane, salt, firewood), shall be prohibited, except for the following:
 - a. Automobile dealerships, and other similar uses as determined by the Director or Plan Commission.
 - b. Outdoor Sales Displays that otherwise comply with the Outdoor Storage standards set forth in this Article.
 - c. Merchandise associated with a Temporary Use or Event conducted pursuant to [Article 6.21 Temporary Uses and Events](#).
- 3. **Approval:** Any proposed Outdoor Sales Display shall be delineated on an approved Development Plan and subject to approval by the Plan Commission, except as otherwise permitted by [Article 6.21 Temporary Uses and Events](#), and subject to the following:
 - a. The Development Plan shall include the types of merchandise and/or finished products, location, Landscaping, and other Improvement of the Outdoor Sales Display area.
 - b. Pedestrian circulation areas shall not be obstructed and enhancements may be required by the Director or Plan Commission to ensure safe pedestrian movements.
 - c. The Director or Plan Commission may require enhanced site design features to ensure that Outdoor Sales Display areas are delineated and that such areas are compatible with the design of the Building and site context.
 - d. In addition to the standards of the Zoning District, the Plan Commission or Director may require enhanced screening or Landscaping to ensure the compatibility of the proposed Use with adjoining areas.
 - e. Once approved, the Outdoor Sales Display area shall not be materially or substantially changed or altered without the approval of an amendment to a Development Plan.
- D. **Industrial Uses:** Outdoor Storage may be permitted in industrial uses, subject to the following standards:
 - 1. **Yards:** No Outdoor Storage shall be permitted in the Established Front Yard or in a Yard adjoining a Residential District.
 - 2. **Screening:** Outdoor Storage areas shall be screened as follows:

- a. Continuous screening by a combination of walls, fencing, and Landscaping a minimum of six (6) feet high.
- b. Materials stored Outdoor shall not be stacked higher than one (1) foot below the top of the wall or fence. Equipment and vehicles shall be stored at their lowest state.

3. Storage Surface:

- a. An area fifty (50) feet in depth adjacent to the Building and high-volume travel lanes in Outdoor Storage areas shall be hard surfaced with asphalt or concrete.
- b. The balance of areas used for Outdoor Storage shall, at a minimum, be finished with stone and have dust control measures implemented by the Business during operation.
- c. Curbing shall not be required around Outdoor Storage areas.

6.15 OUTDOOR CAFÉ AND EATING AREAS

- A. **Applicability:** Outdoor cafes and eating areas shall be subject to this Article.
- B. **Health Department:** All outdoor cafés and eating areas shall conform to all State and County Health Department regulations and code, including but not limited to [I.C. 16-42-5](#) and [410 IAC 7-24](#).
- C. **Lighting:** Shall comply with [Article 6.11 Lighting Standards](#).
- D. **Audio:** Music and other audio devices shall be maintained at a level: (i) not audible from forty (40) feet from the source; or (ii) ninety (90) decibels or less when measured six (6) feet from source on a dB(A) meter.
- E. **Pedestrian Ways:** Shall not impede pedestrian traffic or force pedestrians into vehicular travel lanes in accordance with the following:
 - 1. A five (5) foot pedestrian access area on the perimeter of the outdoor café and eating area shall be maintained at all times subject to approval by the Board of Public Works. At its discretion, the Board of Public Works may approve a narrower pedestrian access area. The pedestrian access area on the sidewalk shall not be interrupted with Building, infrastructure, utility, or Landscaping elements such as but not limited to columns, supports, plantings or other such materials.
 - 2. Proposed outdoor cafés and eating areas that would occupy or extend into public rights-of-way may not be located in such a manner that renders any Right-of-way, sidewalk, or path non-compliant with Federal, State, or City Building Code.
 - 3. Shall be compliant with all Federal, State and City Building Codes and access requirements.
- F. **Required Approvals:** Outdoor cafes and eating areas that are utilized or set aside for use for a period longer than seven (7) days in a calendar year shall be

Permanent outdoor cafes and eating areas shall require Development Plan approval, in accordance with [Article 7.7 Development Plan Review](#), to ensure compliance with this Ordinance and that its use and design is compatible with the surrounding area and Zoning District.

6.16 PARKING AND LOADING STANDARDS

- A. **Purpose and Intent:** The intent of this Article is to: (i) require parking standards in order to assure public health, safety and welfare for a mobile society; (ii) minimize risks to the natural environment; and (iii) minimize conflict and promote vehicular and pedestrian safety.
- B. **Applicability:** Parking Spaces and Loading Berths, as specified for the Use to which such Building or land is to be devoted, shall be provided in accordance with this Article for each Building hereafter erected and for certain other uses of land.
- C. **Loading Berths:** Off-Street Loading Berths shall be subject to the requirements as set out by the Director in accordance with the following guidelines. Exceptions may be granted by the Director upon presentation of justification for a lesser number of Loading Berths. Additional berths may also be required to serve the needs of the proposed Business or industry. Loading Berths shall not be required for Business uses which demonstrate that they do not receive or transmit goods or wares in quantity by truck delivery. A Loading Berth shall have a loading space of at least a 12-foot in width and at least 35-foot in length with a minimum 14-foot height clearance.
 - 1. Business and Professional Offices, Medical Facilities, Schools, Hotels, Clubs and Similar Businesses: One (1) Loading Berth for each 100,000 square feet of space or additional fraction thereof.
 - 2. Industrial Manufacturing and Warehousing: One (1) Loading Berth for each 40,000 square feet or additional fraction thereof.
 - 3. Other Local and General Business Uses:

5,000 sq. ft. to 10,000 sq. ft.:	1 Loading Berth
10,001 sq. ft. to 25,000 sq. ft.:	2 Loading Berths
Over 25,000 sq. ft.:	1 additional berth for each 25,000 sq. ft. or fraction thereof.
- D. **Site Access and Circulation:**
 - 1. All proposed site access locations shall provide for the safe and efficient movement of vehicular and pedestrian movement to and from the proposed Development and shall be designed so vehicles do not obstruct the Right-of-way.
 - 2. Site circulation patterns shall be designed to minimize conflicts between vehicular and pedestrian traffic and create a safe and efficient movement of both vehicular and pedestrian traffic in and around the site.

3. Site access approval by an agency other than the City shall not compel the Plan Commission or Director to approve the access point.

E. **Stacking Requirements for Drive-Through Facilities:** The following requirements shall apply for uses with drive-through facilities.

1. General Requirements:

- a. Drive-through lanes and required stacking spaces shall not interfere with Parking Space maneuvering aisles, parking drive aisles, loading spaces, internal site circulation, designated fire lanes or points of ingress and egress.
- b. Drive-through lanes and stacking spaces shall be designed to prevent vehicles from stacking in the Right-of-way.
- c. No stacking space may occupy any portion of a Right-of-way.
- d. A stacking space does not constitute a Parking Space.
- e. All drive-through and stacking lanes shall be delineated with pavement markings or otherwise distinctly delineated, as approved by the Department.

2. Minimum Size: A stacking space shall be a minimum of eight (8) feet by twenty (20) feet with direct forward access to a service Window or station of a drive-through facility.

3. By-Pass Lane: A minimum eight (8) foot wide lane parallel to a drive-through lane shall be provided around the drive-through facility to allow vehicles to exit the drive-through lane and circumvent the stacking lane. This lane may be part of the site's overall circulation plan. If an Applicant demonstrates that strict compliance with the by-pass lane requirement is impracticable or would result in a less desirable site design, then the Department may waive this requirement.

4. Minimum Number of Spaces: The minimum number of required stacking spaces shall be as follows, which shall exclude the position at the service Window but may include spaces between the service Window and any ordering position.

- a. Fast Food Restaurant: 7 stacking spaces
- b. Financial institutions, pharmacies, Takeout and Deli-style Restaurant with drive-through: 3 stacking spaces per service Window
- c. All other facilities: 2 stacking spaces per service Window

5. Reduction in Number of Spaces: If an Applicant demonstrates that strict compliance with the minimum number of stacking spaces is impracticable or would result in a less desirable site design, then the Department may approve a reduction of the stacking requirement. If determined by the Director, then demonstration by a qualified traffic engineer that a reduction in the stacking requirements is appropriate for the proposed

Use given the Use's proposed intensity or the site's context may be required.

- F. **Landscaping:** Parking and loading areas shall be screened in accordance with [Article 6.10 Landscaping Standards](#).
- G. **Off-Street Vehicle Parking:** In connection with any Building or Structure which is to be erected or substantially altered, and which requires Off-Street Parking Spaces, there shall be provided such Off-Street Parking Space in accordance with regulations set forth hereinafter:
 - 1. **Use:** Except as may otherwise be provided for the parking of trucks or for special uses, required accessory off-Street parking facilities required as accessory to uses listed herein, shall be solely for the parking of passenger vehicles of patrons, Occupants, or employees during Business hours.
 - 2. **Location:** Parking Spaces shall be located on the same Lot as the Use served with the exception of parking facilities located on land other than the Lot on which the Building or Use served is located, in which case the Parking Spaces shall be located within three hundred (300) feet walking distance from the main entrance to the Use served.
 - 3. **Computation:** When determination of the number of Off-Street Parking Spaces required by this Article results in a requirement of fractional space, any fraction of one-half (0.5) or less may be disregarded; while a fraction in excess of one-half (0.5) shall be counted as one (1) Parking Space.
 - 4. **Collective Provisions for Non-Residential Uses:** Off-Street parking facilities for separate uses may be provided collectively if the total number of Parking Spaces so provided is not less than the sum of the separate requirements of each such Use, and if all regulations governing the location of accessory Parking Spaces in relation to the Use served are observed. But no Parking Space, or portion thereof, shall serve as the required space for more than one (1) Use unless otherwise authorized.
 - 5. **Shared Parking:** Groups of users requiring Parking Spaces may join in establishing group Parking Area if all the following criteria are met, with the approval of the Plan Commission or Director:
 - a. **Location:** The off-site, off-Street parking facilities are within 300 feet of the property.
 - b. **Minimum Number of Parking Spaces Required:** The shared Parking Spaces shall provide at least eighty percent (80%) of the cumulative minimum off-Street Parking Spaces required for each Use.
 - c. **Reciprocal Parking Agreement:** A written reciprocal parking agreement or other similar document with a minimum duration of 20 years, signed by all Property Owners involved is required and shall include provisions concerning at least the following items: Easements (if applicable), maintenance, snow removal, ownership, and liability. The agreement or other similar document shall be recorded in the

County Recorder’s office and a copy shall be provided to the Department. Should the Reciprocal Parking Agreement expire or otherwise terminate, the uses for which the off-site parking was provided shall be considered non-conforming and any and all approvals shall be subject to revocation. Continuation or expansion of the Uses shall be prohibited unless the Use is brought into compliance with the parking regulations of this Article.

6. Size: Off-Street Parking Spaces shall be at least nine (9) feet in width and at least eighteen (18) feet in length, exclusive of access drives, aisles, ramps, columns, and Office or work area. Such Parking Spaces shall have a vertical clearance of at least seven (7) feet. Parallel Parking Spaces shall be at least eight (8) feet in width and at least twenty-four (24) feet in length.

7. Access: Each required off-Street Parking Space shall open directly upon an aisle or a drive (not a lane or stacking space designated to serve a drive-through), of such width and design as to provide safe and efficient means of vehicular access to such Parking Space. All off-Street parking facilities shall be provided with appropriate means or vehicular access to a Street in a manner which will least interfere with traffic movements. The minimum aisle width for angled parking shall be as follows:

<u>Angle of Parking Space</u>	<u>Minimum Aisle Width</u>
45 degree	14 feet
60 degree	18 feet
90 degree	22 feet

8. Surfacing and Curbs:
- a. Public Parking Areas and Loading Berths shall be paved with a hard, dust-proof surface in accordance with the City’s Construction Standards.
 - b. A stormwater collection, conveyance, detention, and treatment system, designed in accordance with applicable City standards, policies, and ordinances, shall be installed for all Parking Areas.
 - c. The perimeter of all Parking Areas and any islands located therein shall be curbed and guttered, in accordance with the City’s Construction Standards.
 - d. If the proposed on-site storm water quality best management practices require that curbing or alternative surfacing, or portions thereof, not be installed, then a waiver from the requirements of this subsection may be considered at the discretion of the Director.
9. Traffic Control: Pavement markings and traffic control devices shall conform to the requirements of the Indiana Manual of Uniform Traffic Control Devices, latest revision.

10. **Lighting:** A system of lights shall be installed to provide an adequate standard of illumination over the entire Parking Area of Business uses during Business hours and minimum-security illumination during non-Business hours. All lights shall be shielded so that minimum Glare will extend to the adjacent property and meet the requirements of [Article 6.11 Lighting Standards](#).

H. **Heavy Truck Parking Standards:** The following standards shall apply for the circulation and parking of heavy trucks, semi-trucks, buses, and similar vehicles with two or more rear axles:

1. **Site Access:** The site shall be designed so all heavy trucks are able to enter and leave the site without having to back out onto the Right-of-way.
2. **Location:** Heavy truck Parking Areas shall be located no closer than (10) feet from the Front Lot Line or Street Side Lot Line.
3. **Surfacing and Curbs:**
 - a. Heavy truck parking and circulation areas shall be paved with a hard, dust-proof surface in accordance with the City's Construction Standards.
 - b. A stormwater collection, conveyance, detention, and treatment system, designed in accordance with applicable City standards, policies, and ordinances, shall be installed for all Parking Areas.
4. **Screening:** Where a heavy truck Parking Area is located within 50 feet of a Front Lot Line or Street Side Lot Line a six (6) foot high decorative wall the full length of the Front Lot Line or Street Side Lot Line shall be provided. The wall does not need to be provided at entrances and exits and where the Principal Building is constructed within 50 feet of the Front Lot Line or Street Side Lot Line.
5. **Lighting:** A system of lights shall be installed to provide an adequate standard of illumination over the entire Parking Area of Business uses during Business hours and minimum-security illumination during non-Business hours. All lights shall be shielded so that minimum Glare will extend to the adjacent property and meet the requirements of [Article 6.11 Lighting Standards](#).

I. **Bicycle Parking:** It is the purpose of this section to provide adequate and safe facilities for the storage of bicycles. This section shall apply to all new Development and/or Building expansions requiring Development Plan approval or an Improvement Location Permit.

1. **Number of Spaces:** Bicycle parking spaces shall be provided on the Parking Ratios Table in Section I below. When no minimum Bicycle Spaces rate is provided on the table, bicycle spaces shall be provided at a minimum rate of one (1) bicycle parking space (or parking position) per thirty (30) vehicular Parking Spaces. No more than fifteen (15) bicycle parking spaces shall be required for any Principal Building.

2. **Size:** Bicycle spaces shall be at least two and a half (2.5) feet in width and six (6) feet in length, with a minimum overhead vertical clearance of seven (7) feet.
3. **Proximity to Principal Building:** The bicycle parking spaces shall be located within 50 feet of the main entryway into the Principal Building or be located inside the Principal Building.
4. **Rack Requirement:** A bicycle rack, which may contain multiple bicycle parking spaces, shall be securely affixed to the ground or wall on a hard, dustless surface and allows for the bicycle to be chained and locked.
5. **Pedestrian Ways:** Bicycle Parking Areas shall be designed such that when in use, the bicycles (and trailers), shall not obstruct an adjacent sidewalk, path, or other pedestrian way and located to provide a minimum of five (5) feet of clearance behind the bicycle to allow for room to maneuver.
6. **Exemptions:** The Plan Commission or Director may exempt certain uses from this section where it can be clearly demonstrated that the Use is not a destination for the general public utilizing bicycles (e.g., daycare centers, warehousing and distribution, car washes, drive up establishments, other auto-oriented uses as determined by the Director).

J. Parking Ratios for Vehicles and Bicycles:

1. **Required Spaces:** Off-Street vehicular Parking Spaces and bicycle spaces shall be provided as indicated on the Parking Ratio Table below.
2. **Uses Not Identified:** The Director shall determine the parking requirement for uses that do not correspond to the categories listed on the Parking Ratios Table. In such instances, the Applicant shall provide adequate information by which the proposal can be reviewed, which includes but may not be limited to the following:
 - a. Types of Use,
 - b. Number of employees by Use,
 - c. Building design capacity,
 - d. Square feet of sales area and service area,
 - e. Parking spaces provided on-site,
 - f. Parking spaces provided elsewhere, and
 - g. Hours of operation.
3. **Multiple Uses:** Where the application identifies accessory or multiple uses within a Structure or multiple Structures, the minimum standards shall apply to each Use or Structure. This does not apply to Shared Parking in this chapter (see [Section 6.16\(G\)\(5\) - Parking Standards](#)).
4. **On-Street Parking:** The minimum number of required Off-Street Parking Spaces shall be reduced by the number of on-Street Parking Spaces abutting the property lines of the Lot or parcel.

5. **Minimum Parking Ratios:** The Parking Ratios Table establishes the minimum number of vehicular and bicycle parking spaces required for the uses indicated. For the purposes of parking calculations, the gross area of any parking garage within a Building shall not be included within the GFA of the Building. Parking requirements may be met by one or a combination of the following methods:
 - a. Providing on-site Parking Spaces.
 - b. Providing off-site Parking Spaces in a shared parking facility.
6. **Maximum Parking Ratios:** The Parking Ratios Table establishes the maximum number of Parking Spaces required for the Use indicated. If a maximum Parking Space ratio applies, the number of Parking Spaces shall not exceed the maximum number permitted. The maximum spaces allowed do not include accessible spaces required by the Building Code.

6.17 PERFORMANCE STANDARDS: PROPERTY MAINTENANCE STANDARDS; RENTAL HOUSING MAINTENANCE STANDARDS

- A. **Applicability:** This section shall apply to all uses in all Zoning Districts as set forth herein. The restrictions of this Article shall not apply to: (1) the activities of site preparation or construction, maintenance, repair, alterations, modification or Improvement of Buildings, equipment or other Improvements on or within the Lot; (2) the operation of motor vehicles or other facilities for the transportation of personnel, materials or products; (3) conditions beyond the control of the user such as fire, explosion, accidents, failure or breakdown of equipment or facilities or emergencies; or (4) safety or emergency warning signals or alarms necessary for the protection of life, limb or property.
- B. **General Requirements:** This section shall apply to Uses in all Zoning Districts.
 - 1. **Obnoxious Characteristics:** No Use shall exhibit obnoxious characteristics to the extent that it constitutes a public nuisance.
 - 2. **Fire Protection:** Firefighting equipment and prevention measures acceptable to the Fire Department and any federal, State, County, and/or local authorities that may also have jurisdiction shall be readily available and apparent when any activity involving the handling or storage of flammable or explosive materials is conducted.
 - 3. **Electrical Disturbance:** No Use shall cause electrical disturbance adversely affecting radio, television, or other equipment in the vicinity.

4. **Noise:** No Use shall produce noise in such a manner as to be objectionable because of volume, frequency, intermittence, beat, shrillness or Vibration. Said noise shall be muffled or otherwise controlled so as not to become detrimental, provided, however, public safety sirens and related apparatus used solely for public purposes shall be exempt from this standard.
5. **Vibration:** No Use shall cause vibrations or concussions detectable beyond the Lot Lines without the aid of instruments.
6. **Odor:** No Use shall emit across the Lot Lines malodorous gas, obnoxious odor, or matter in such quantity as to be detectable at any point along the Lot Lines.
7. **Air Pollution:** No Use shall discharge across the Lot Lines fly ash, dust, smoke, vapors, noxious, toxic, or corrosive matter, or other air pollutants in such concentration as to be detrimental to health, animals, vegetation or property, or conflict with public air quality standards.
8. **Heat and Glare:** No Use shall produce heat or Glare in such a manner as to be a nuisance or create a hazard perceptible from any point beyond the Lot Lines.
9. **Water and Solid Waste Pollution:** No Use shall produce erosion or pollutants in such quantity as to be detrimental to adjacent properties or conflict with public water quality standards.
10. No authorization of a Use under this Ordinance includes the authority to discharge liquid or solid wastes into public waters except as permitted under Indiana State statute. Plans and specifications for proposed sewage and other waste treatment and disposal facilities shall be approved by authorities that may have jurisdiction.
11. No Use shall accumulate within the Lot or discharge beyond the Lot Lines any waste matter, whether liquid or solid, in conflict with applicable public health, safety and welfare standards and regulations.

C. **Property Maintenance Standards:** This section shall apply to all land, whether improved or unimproved, within the Unincorporated Two-Mile Fringe Area.

1. **Exterior Property Maintenance Standards:** All land including exterior Premises and vacant land, whether improved or unimproved, and exterior areas under any roof not enclosed by the walls, doors, or Windows of any Building shall be maintained free from the following:
 - a. Any accumulation of Garbage, debris, rubble, hazardous waste, litter, Rubbish, Refuse, waste material, or blight, to include, but not limited to: graffiti; bottles; paper; tires; vehicle parts; broken glass; cans; organic or inorganic material; wood, metal, plastic, rags, and metal not neatly stacked, or anything that becomes a hazard to the public health and safety or harbors insect, rodent, or vermin infestation;

- b. The exterior visible use or display of tarps, plastic sheeting, or other similar materials as screening, fencing, or wall covering;
- c. Abandoned, inoperable, junk, or unregistered vehicle(s), or part(s) thereof, which are not concealed from ordinary public view by means of inside storage, fencing, landscape buffering or other means outside of an enclosed Building on any Lot, except the safe and neat keeping of:
 - i. A single inoperable vehicle on any Lot or Premises that is registered to a resident of the property and undergoing minor repair work, not to exceed 72 hours; or
 - ii. Lawful Commercial activities involving vehicles as allowed by this Code;
- d. Any abandoned, unattended, discarded, broken or inoperable Commercial or industrial equipment, appliances, machinery, freezers, refrigerators or other household items, equipment, and furnishings;
- e. Any object, Tree, or bush on private property that interferes with, obstructs, partially obstructs, or renders dangerous the free passage, use, or vision in the customary manner of any sidewalk, Street, alley, highway, or traffic light or Sign in the City;
- f. Any Landscaping visible from public property that is substantially dead, damaged, or characterized by uncontrolled growth, or presents a deteriorated appearance; uncultivated plants, weeds, tall grass, tumbleweeds, uncultivated Shrubs or growth (whether growing or otherwise) higher than six inches; or any dead Trees and branches, bushes, Shrubs, or portions thereof;
- g. Anything whatsoever that is or may become an imminent hazard to public health and safety or which may otherwise create a fire hazard;
- h. Any unguarded and unprotected, or abandoned excavation, pit, well, cellar, hole, trench or other excavation of more than two feet in depth on any unenclosed Lot that may constitute a threat or public hazard;
- i. Any wall or fence that is missing blocks, boards, or other material, or is otherwise deteriorated so as to constitute a hazard to persons or property; and
- j. Graffiti that is capable of being viewed by a person using any public area or Right-of-way in the Unincorporated Two-Mile Fringe Area.
- k. Any poison ivy or other poisonous plant that is detrimental to public health.

These general property maintenance standards shall not be deemed to include: items kept in covered bins or receptacles approved by any other ordinance of the City; a Salvage Yard or any other junkyard lawfully established pursuant to this Code; any neatly stored materials used in the Development of property; and any items stored or kept in enclosed trailers or vehicles.

These general property maintenance standards shall not apply to the neat and orderly storage of non-hazardous materials in the side and Rear Yards provided such storage does not exceed ten percent (10%) of the area of the side or Rear Yard in which the material is stored and further provided such storage does not exceed the height of any fence or wall enclosing such Yards and is not visible from the exterior of the property.

2. Exterior Insect and Rodent Control: All Premises shall be kept free from insect and rodent infestation and other noxious pests. This provision shall not require action to disturb the natural or cultivated activity of bees, rabbits, or other insects and animals where such activity is not a danger or nuisance to any resident or residents of the area and where other applicable legal requirements are met.
3. Drainage: All Premises shall be maintained to prevent the accumulation of stagnant water which otherwise may cause a hazardous or unhealthy condition; become a breeding area for insects; cause a build-up of ice; or allow soil erosion or damage to foundation walls.
4. Fences and Walls: All fences, Screen walls, perimeter walls and retaining walls shall be safe, structurally sound, and uniform in color, Structure, and design. They shall be maintained so that they do not constitute a hazard, blight, or condition of disrepair. Examples of hazards, blight, or conditions of disrepair include, but are not limited to: leaning fences, fences missing slats, walls missing blocks, graffiti, peeling paint, deterioration of surface finish, rotting, or damaged components. Repair or replacement of an existing fence or wall or portions thereof shall be made with the same or similar materials as the existing fence or wall.
5. Garbage Receptacles: Each occupied Building or Structure shall be provided with an adequate number of appropriate receptacles for Garbage and Rubbish, which are maintained in clean condition and good repair. The Owner or Occupant shall arrange for the removal of Garbage and Rubbish from the Premises. Each Garbage receptacle shall be constructed of watertight material and have the ability to contain no more than the maximum sized receptacle allowed by the solid waste collection company. The cover shall not be removed except when necessary to place Garbage therein or remove Garbage therefrom unless the contents are contained in a bag to prevent trash from leaving the container. Each receptacle and its cover shall be kept clean from accumulating grease and

decomposing material. All trash receptacles, containers, dumpsters, and similar containers shall be properly maintained so that trash and discarded materials placed in the containers cannot be transported by wind.

6. Dumping: Vacant Lots or lands that have been subject to enforcement action regarding dumping on more than one occasion shall be secured to prevent future occurrences of dumping. Methods of securing vacant Lots or lands may include the following: fencing; placing four-foot-high posts at four-foot intervals; or other equally effective methods. Where methods of securing vacant Lots or lands by other than fencing are utilized, Signs with the words "no dumping" shall be erected in accordance with applicable laws.
7. Excavations, Septic Tanks, and Cesspools: Unenclosed, unsecured, or dangerous excavations, septic tanks, cesspools, and other like or similar conditions must be fully restored to a safe, serviceable condition, or filled with clean fill or other material approved by the New Albany Building Commissioner. Excavations shall be maintained in a secure manner to prevent a hazard to public health and safety. An excavation is considered secure when (a) an excavation more than two feet in depth is protected by a permanent and complete five-foot minimum height enclosure that surrounds the excavation or property; or (b) a well, pit, abandoned swimming pool, or similar excavation is covered, securely fenced, or otherwise protected in an equivalent manner.
8. Dangerous Buildings and Structures: Buildings or Structures determined to be unsafe or dangerous as defined in the Building Code shall be abated in accordance with the provisions of that code.
9. Vacant and Unsecured Buildings, Structures, and Premises: Vacant and unsecured Buildings, Structures, and Premises shall meet the requirements of this section. The requirements of this section do not apply to vacant Buildings that do not contribute to blight because the Owner is actively maintaining and monitoring the Building. Active maintenance shall include:
 - a. Maintenance of the exterior of the Building, Landscaping, and plant materials in good condition; regular removal of all exterior trash, debris, and graffiti; and maintenance of the Building in continuing compliance with all applicable codes and regulations; and
 - b. Prevention of reoccurring criminal activity on the Premises. When required by the Director, unsecured Buildings and Structures shall be completely secured in the following manner:
 - i. All gas and electric utility services may be required to be disconnected within five days upon notice and order;
 - ii. Doorways, crawl spaces, Windows, and openings are to be completely boarded by use of five-eighths inch or thicker

- exterior grade plywood, fastened by tamper-proof screws or one-way bolts to the frame or a cross brace, or both;
- iii. All boarding shall be painted to match the dominant exterior color of the elevation of the Building or Structure on which the barricade is placed. The dominant exterior color shall be that color that occupies at least 60 percent of the particular elevation; and
 - iv. For Commercial Buildings, opaque Window coverings may be allowed by the Director in lieu of boarding provided all Windows are maintained and if broken or cracked, are replaced within 48 hours. The Director may revoke the use of the alternative when the Owner or responsible party fails to maintain the Windows or replace cracked or broken Windows within the specified 48-hour period.

The Lot or Premises upon which a vacant Building exists shall be maintained free of weeds, litter, and Rubbish; and Landscaping shall conform to the requirements of this Code.

If, after notice has been provided, the Owner of a vacant Building or unsecured Structure fails to install barricades as specified herein, the Director is authorized to barricade the Building or Structure, and all costs associated therewith shall be recovered from the Property Owner.

- 10. No Person shall park a motor vehicle or trailer outside on a Lot except on a designated Driveway.

6.18 SETBACK STANDARDS

- A. **Applicability:** This Article shall apply to all Zoning Districts.
- B. **Measurement:** The measurement of any Building Setback Line or Building Separation is the shortest distance between the Building Façade or foundation and the Lot Line or Right-of-way line, whichever is closest. In the case where there is no Right-of-way line, the Building Setback Line shall be measured from the Building Façade or foundation and the edge of pavement or the access Easement line, whichever is closest.
- C. **Minimum Building Setback Lines:** The minimum Building Setback Lines and minimum Building Separation requirements shall be as set forth in this Ordinance (see also [CHAPTER 4: ZONING DISTRICTS](#)).
- D. **Minimum Building Separation:** If a minimum Building Separation requirement is not otherwise provided by the Zoning District of a Lot that permits multiple Principal Buildings, then the minimum Building Separation requirement of the Zoning District's minimum Side Yard Building Setback Line shall apply.
- E. **Established Areas:** Where twenty-five percent (25%) or more of the Lots in a Block Frontage are occupied by Buildings, then the average Building Setback Line of Buildings on that Block determine the location of the Building Setback

Line for the Block Frontage in lieu of the Building Setback Lines contained in this Ordinance.

- F. **Recorded Subdivision Setback Lines:** Building Setback Lines established in a recorded Subdivision shall establish the setback of Buildings in such Subdivisions, except when such Building Setback Lines may be less restrictive than provided in this Ordinance.
- G. **Through Lots:** On Through Lots, the Front Yard is established by the existing Principal Buildings in the Block.
- H. **Vision Clearance:** Regardless of the minimum setback requirements set forth herein, all Improvements are subject to [Article 6.23 Vision Clearance Standards](#), unless specifically exempted elsewhere in this Ordinance.

6.19 SHORT-TERM RENTALS

- A. **Purpose:** These standards are intended to ensure compatibility with the other permitted uses and the residential character of the neighborhoods in which Short-term Rentals are located. All Short-term Rentals shall meet the standards contained in this section and shall be located and operated so that the average neighbor, under normal circumstances, will not be aware of its existence.
- B. **Applicability:** Short-term Rentals are permitted where shown on the Permitted Use Table.
- C. **Exceptions:** The following circumstances do not constitute a Rental:
 - 1. **Family occupancy:** Any member of a Family, as well as that Family member’s guests, may occupy a Dwelling as long as that Family member’s Family owns the Dwelling. Family occupancy also exempts guest houses or similarly separate Dwellings legally located on the same Premises as the Owner’s domicile, when occupied by Family guests, exchange students, visitors, medical caregivers, and child caregivers, without remuneration to the Owner.
 - 2. **House sitting:** During the temporary absence of the Owner and the Owner’s Family, the Owner may permit non-Owner occupancy without remuneration to the Owner.
 - 3. **Dwelling sales:** Occupancy of up to 90 days by a prior Owner after the sale of a Dwelling under a Rental agreement following closing is permitted.
 - 4. **Estate representative:** Occupancy by a personal representative, trustee, or guardian (including Family members) of the estate, with or without remuneration is permitted.

D. **Performance Standards:** All Short-Term Rentals shall be subject to the following performance standards:

1. When provided on-site, off-Street parking shall occur on paved portions of the Premises and not in the Yard.
2. Rental of the Dwelling shall be done in a manner that is consistent with the intent of a Single Family residential neighborhood.
3. The Owner shall provide the Occupant with the following information prior to occupancy and post such information in a conspicuous location within the Dwelling:
 - a. The name of the contact Person and a telephone number at which the contact Person may be reached any time the Dwelling is Rented;
 - b. Notification of the Maximum Occupancy permitted in the Dwelling per the fire code;
 - c. Notification and instructions as to the parking locations;
 - d. A copy of this Article, as may be amended from time to time; and
 - e. Notification that an Occupant may be cited or fined by the City, in addition to any other remedies available at law, for violating any provisions of this Article.
4. The Owner's contact Person must be available to accept telephone calls at all times the Dwelling is Rented. The contact Person must have a key to the Dwelling and be capable of being physically present at the Dwelling within three (3) hours to address issues, unless arrangements are made for another Person to address issues within the same timeframe.
5. The appearance of the Dwelling shall not conflict with the residential character of the neighborhood. The Dwelling shall be properly maintained per all applicable local and state codes and kept in good repair so the Use in no way detracts from the general appearance of the neighborhood.
6. Occupants shall not encroach on neighboring properties.
7. The Premises shall be maintained free of debris and unwholesome substances. Garbage must be kept in a closed container and disposed of on a regular, weekly schedule.
8. Occupants shall not create a nuisance. For purposes of this subsection, a nuisance includes, but is not limited to, any of the following:
 - a. Any activity that violates the City noise regulations;
 - b. Any outside noise that is audible at the property line of the Premises occurring between 10:00 p.m. and 7:00 a.m. on weeknights (Sunday,

- c. Any activity that violates the City firework regulations.

- 9. Short-term Rentals shall not be used to:
 - a. House sex offenders;
 - b. Operate a Structured sober living home;
 - c. Manufacture, exhibit, distribute, or sell illegal drugs, liquor, pornography, or obscenity; or
 - d. Operate an Adult Entertainment Establishment as defined in IC 12-7-2-1.8).

- E. **Permit Required:** A Short-term Rental permit is required prior to the use of any property as a Short-term Rental (see **Article 7.10 Short-Term Rental Permits**).
- F. **Noncompliance:** Any change in the Use or construction of a Dwelling that results in noncompliance with the standards of any City or State standards, as determined by the Director, shall void the approval.

6.20 SIGN STANDARDS

- A. **Purpose and Intent:** Signs obstruct views, distract motorists, displace alternative uses for land, and pose other problems that legitimately call for regulation. The purpose of this Article is to regulate the size, color, illumination, movement, materials, location, height, and condition of all Signs placed on private property for exterior observation. The intent of this regulation is to reduce hazards to motorists, bicyclists, and pedestrians and to protect property values and the character of the various neighborhoods, to create a convenient, attractive, and harmonious community, to protect against destruction or encroachment of historic resources, and to encourage economic development. This Article allows adequate communication through signage while encouraging aesthetic quality in the design, location, size, and purpose of all Signs. This Article shall be interpreted in a manner consistent with the First Amendment guarantee of free speech.

A Sign placed on land or on a Building for identification, protection, or directing persons to a Use conducted therein shall be deemed to be an integral but accessory and subordinate part of the principal Use of land or Building. Therefore, the intent of this Article is to establish limitations on Signs to ensure they are appropriate to the land, Building or Use to which they are appurtenant and are adequate for their intended purpose while balancing the individual and community interests.

These regulations are intended to promote Signs that are compatible with the Use of the property to which they are appurtenant, landscape and architecture of surrounding Buildings, are legible and appropriate to the

activity to which they pertain, are not distracting to motorists and others, and are constructed and maintained in a structurally sound and attractive condition.

B. Applicability:

1. This Article shall apply to all Signs in all Zoning Districts.
2. These regulations are not intended to and do not apply to Signs erected, maintained, or otherwise posted, owned, or leased by the State of Indiana, the Federal Government, or the City.

C. Prohibited Signs: The following Signs or lights are prohibited:

1. Signs of a size, location, movement, coloring, or manner of illumination which may be confused with or construed as a traffic control device or which hide from view any traffic or Street Sign or signal;
2. Signs that contain or consist of banners, posters, pennants, ribbons, streamers, strings of light bulbs, spinners, or other similarly moving devices or Signs which may move or swing because of wind pressure. These devices, when not part of any Sign, are similarly prohibited, unless they are permitted specifically by other legislation;
3. Signs with blinking, flashing, or fluttering lights or other illuminating devices which exhibit movement, except Digital Billboards as permitted pursuant to this Code;
4. Roof Signs;
5. Billboards;
6. An Original Art Display that does not have the permission of the Owner of the property on which it is located or is graffiti;
7. Portable Signs that do not comply with the location, size, or Use restrictions of this Article; or
8. Commercial Signs in Residential Districts or on property used for residential uses.

D. Authorized Signs: The following Signs are authorized in every District:

1. All regulatory, information, identification, or directional Signs required by law or government entity.
2. Traffic control devices erected and maintained to comply with the Manual on Uniform Traffic Control Devices adopted by the Indiana Department of Transportation.
3. Numerals that identify the address of a property so public safety departments can easily identify the address from the public Street. In cases where the Building is not visible from the Street, the identifier shall be located on the mailbox or other suitable device visible from the Street.

4. Flags (*see Section 6.20(F)*).
5. Temporary Signs up to 32 sf per Sign Face and a maximum height of 8 feet erected during construction activities on the site.

E. Temporary Signs:

1. Temporary Signs allowed at any time:
 - a. A Property Owner may place one Sign with a Sign Face no larger than two (2) square feet on the property at any time.
 - b. A Property Owner may place a Sign no larger than 8.5 inches by 11 inches in one Window on the property at any time.
 - c. One Temporary Sign may be located, with Owner consent, on a property offered for sale through a licensed real estate or for sale by the Owner. The Sign shall be removed no later than 15 days after a contract of sale has been executed.
2. One Temporary Sign may be located on a property on days when the Property Owner is opening the property to the public provided this type of Sign shall not be used more than two consecutive days per year in a Residential District and not more than 14 consecutive days per year for any Commercial uses.
3. A Person exercising the right to place Temporary Signs on a property as described in this Section shall limit the number of Signs on the property at any one time to two Signs per 0.25 acre plus a Sign allowed in [Section 6.20\(E\)\(1\)\(b\)](#) or, if the property is smaller than 0.25 acres, then no more than two Signs plus a Sign allowed in [Section 6.20\(E\)\(1\)\(b\)](#) per Principal Building on the property.
4. Temporary Signs: Temporary Signs are subject to the following standards:
 - a. On one property, the total Sign Area shall not exceed sixteen (16) square feet in area;
 - b. Signs shall not be located within any Right-of-way;
 - c. Signs shall not be placed on any utility pole, Street light, or similar object, or on public property;
 - d. Signs shall not be illuminated except as allowed in [6.20\(L\)](#); and
 - e. Signs shall be removed within seven (7) days after the certification of the election, sale, rental, lease, completion of construction, or conclusion of event unless otherwise allowed in Section E.

For purposes of this Section, the lessor of a property is considered the Property Owner of the leased property. If there are multiple lessors of a property, then each lessor shall have the same rights and duties as the Property Owner for the portion of the property they lease. The size of the property shall be the property the lessor has the sole right to occupy.

F. **Flags:** In a Residential District, two (2) flags and one (1) flagpole per Premises are permitted. Each flag shall be a maximum of 15 square feet in area. The flagpole shall be a maximum of 25 feet in height. Flagpoles shall meet the minimum Yard setback requirements for a Principal Building.

G. **Permit required:**

1. A Sign permit is required before displaying or installing any Sign except those exempted in *Section 6.20(G)(3)* below. Additionally, private Signs located within the Right-of-way require the approval of the Board of Public Works (*See Article 7.11 – Sign Permits*).
2. **Permit fee:** A nonrefundable fee as set forth in the fee schedule adopted by the City Council shall accompany all Sign permit applications.
3. **Permits Not Required:** A Sign permit is not required for Signs:
 - a. Described in *Section 6.20(D) - Authorized Signs* and in *Section 6.20(E) Temporary Signs*.
 - b. Official notices or advertisements posted or displayed by or under the direction of any public or court officer in the performance of official or directed duties; provided, that all such Signs shall be removed no more than ten (10) days after their purpose has been accomplished.
4. **Appeals:** If the Zoning Administrator denies a permit, the Applicant may appeal under *7.3 Appeals of Administrative Decisions*.

H. **Residential Districts:**

1. **Size:**
 - a. When a Sign is authorized on a property, the Sign shall not exceed two (2) square feet in area. Where attached Dwellings exist on a property the total square footage of Signs shall not exceed two (2) square feet per Dwelling unit and shall not exceed a total of twelve (12) square feet in area per Structure.
 - b. For Residential Developments (including Subdivision identification) the maximum size and number of Signs that the Owner or owners of the residential Development may erect and maintain at the entrances to the Development shall be controlled according to the following:
 - i. Residential Developments of four (4) acres or less may have a Sign or Signs with a total area of no more than thirty-two (32) square feet.
 - ii. Residential Developments over four (4) acres may have a Sign or Signs which have a total area of no more than forty-eight (48) square feet.
2. **Prohibited Signs:** Highway Signs, Billboards, and Portable Signs are not permitted.
3. **Location:** Permitted Signs may be anywhere on the Premises, except in a required Side Yard, within ten (10) feet of a Street Right-of-way, or within the Vision Clearance Triangle (see *Article 6.23*).

4. Height:
 - a. Ground-Mounted Signs shall have a maximum height of four (4) feet above the ground; and
 - b. Flat Wall Signs shall be flush mounted and shall not project above the roof line.
5. Illumination: Illumination if used shall not be blinking, fluctuating, or moving. Light rays shall shine only upon the Sign and upon the property within the Premises.

I. Business Uses

1. Number and Size: For each Lot or parcel a Sign at the listed size may be authorized:
 - a. Mixed Use Corridor Commercial (MC) and Mixed Use (MU) district Signs shall not exceed thirty-five (35) square feet.
 - b. Downtown (D) district Signs shall not exceed fifty (50) square feet.
 - c. Highway Oriented Commercial (HC) Signs shall not exceed the following area requirements based on the speed limit and number of traffic lanes of the adjacent public Street:

Maximum Speed Limit	No. of traffic lanes	Max. Sq. Footage of Sign
30 mph or less	3 or less	32 sq. ft.
35 mph or more	3 or less	50 sq. ft.
30 mph or less	4 or more	40 sq. ft.
35 mph or more	4 or more	72 sq. ft.

- d. Two (2) or more Lots or parcels having a combined linear frontage of eighty-five (85) feet may combine their Sign Areas allowed by this Section for providing one common free-standing or Ground-Mounted Sign. The Sign shall not exceed thirty-five (35) square feet.
- e. Corner Lots: Where a Lot fronts on more than one Street, only the square footage computed for each Street frontage shall face that Street frontage.
- f. If not otherwise regulated as to maximum Sign Area in this code, Signs are governed by the following:

Maximum Sign Area	Street Frontage
20 sq. ft.	85 ft. or less
25 sq. ft.	86-90 ft.
30 sq. ft.	91-99 ft.
35 sq. ft.	100 ft. or more

6.21 TEMPORARY USES AND EVENTS

The Zoning Officer will issue a temporary Improvement Location Permit in accordance with other applicable provisions of this chapter, for a temporary construction trailer or Office Structure on any site in any permitted district only when used in conjunction with ongoing construction work taking place on the site. The trailer or Structure shall be used only for such purpose and no other and shall be removed within one month following the completion of construction work or the issuance of a Certificate of Occupancy for the construction work, whichever is earlier.

A. **Purpose and Intent:** The purpose of this Article is to ensure that the public health, safety, and general welfare of the community is protected within Temporary Uses and during Temporary Events.

B. **Applicability:** All Temporary Uses, Events and Structures shall comply with this Article.

C. **Permit:** Unless otherwise provided herein, Temporary Uses, Events and Structures shall require a Temporary Uses, Events, and Structures permit as set forth in [Article 7.13 Temporary Use and Events Permits](#). Board of Public Works approval is required for events within the Right-of-way.

D. **Exemptions:**

1. Events hosted on an individual homeowner's property, including but not limited to Home Garage Sales, estate sales, private parties.
2. City sponsored events as approved by the Council or Board of Public Works and Safety.
3. Events held on public Park property; however, rules and policies established by the City, as administered by the Parks and Recreation Department, shall apply.
4. Non-incorporated children's stands, such as a lemonade stand.
5. Existing festivals in operation for more than 10 consecutive years on the date this Ordinance is adopted.

E. **General Standards:**

1. The Director may limit the location for traffic flow or public safety reasons.

3. A proposed Temporary Event or Use shall be located on a Lot with a permitted Principal Building or on a vacant Lot when the minimum required setbacks for the Zoning District are met.
4. Temporary Event/Use shall be incidental to the principal permitted Use or Structure existing on the Lot or an abutting Lot.
5. Goods and display materials shall be stored inside either a permanent or temporary Structure during non-event hours.
6. The Temporary Event shall not eliminate or negatively impact required parking for the underlying Use. Additional parking may be required upon finding that the proposed Temporary Event/Use increases the need for parking.
7. Temporary Uses and events shall not impede pedestrian traffic nor force pedestrians into vehicle traffic lanes.
8. All equipment, materials, goods, poles, wires, and other items associated with the event shall be removed from the Premises within two (2) days of the conclusion of the Temporary Use or Event.
9. All Temporary Events shall conform to all State and County Health Department regulations and codes, including but not limited to [I.C. 16-42-5](#) and [410 IAC 7-24](#).

6.22 TREE PRESERVATION

- A. **Purpose and Intent:** This Article establishes regulation for the preservation of existing Trees and woodlands. The regulations specified herein are intended to promote the health, attractiveness, and safety of the community; protect environmentally-sensitive areas and Natural Areas; and preserve the appearance and character of the community.
- B. **Applicability:** This Article shall apply in all Zoning Districts to all wooded areas of properties for which approvals are sought for [Development Plans \(see Article 7.7\)](#), [Special Exceptions \(see Article 7.12\)](#), and/or [Variances \(see Article 7.14\)](#).
- C. **Preservation and Replacement of Trees:**
 1. Developers shall take reasonable measures to design and locate proposed Buildings and related infrastructure in a manner that minimizes the destruction of significant Tree Specimens.
 2. The following considerations shall be made regarding Tree preservation efforts:
 - a. The practicability of arranging Site Plan components around existing features. Plans for groups of Structures should be designed to

- preserve areas of high Tree concentrations, desirable individual Tree Specimens, and desirable stands of Trees and Shrubs.
 - b. The condition of vegetation with respect to continued vitality.
 - c. The possibility of preserving vegetation through pruning rather than removal.
 - d. The desirability of a particular Tree or species by reason of its appearance; historic or ecological significance; botanical characteristics; and the function the vegetation would fulfill as a Site Plan component.
 - e. The practical and economic possibility of designing the location and Grades of proposed Structures and paving to preserve existing vegetation.
 - f. The potential for interference with utility services along the use of Streets and walkways.
3. The Tree Board shall review, evaluate, and make recommendations regarding the Trees being preserved, those identified for removal, the Tree preservation techniques proposed, and any mitigation measures for the loss of urban forest resources due to the proposed Development.

6.23 VISION CLEARANCE STANDARDS

- A. **Vision Clearance:** No Sign, fence, wall, Landscaping, Public Utility Installation, or other Improvement which obstructs sight lines between three (3) and nine (9) feet above a Street shall be permitted on a Corner Lot, unless otherwise approved in writing by the Director, within the triangular area formed by the Right-of-way line and a line connecting points:
- 1. Fifteen (15) feet from intersections of Collectors, Private or Local Street.
 - 2. Thirty (30) feet from intersections of Expressways or Arterials.
 - 3. Five (5) feet from intersections of Driveways or Alleys.
- B. **Rounded Property Corners:** In the case of rounded Lot Lines, the distances shall be measured from the point at which the Right-of-way lines would intersect if they were not to have been rounded at the corner.

6.24 WIRELESS COMMUNICATION SERVICE FACILITIES

- A. **Applicability:** All Wireless Communication Service Facilities within the Jurisdiction of the Plan Commission shall be subject to this Article.
- B. **Permitted Zoning Districts:** Wireless Communication Service Facilities shall be permitted as set forth below and in [CHAPTER 5: USE TABLE](#).
- 1. In any Zoning District where the antennas are to be located upon preexisting Structures or Buildings owned or operated by units of government or public utilities so long as the antennas and antenna

support Structures do not exceed the height of those Structures or Buildings by more than twenty (20) feet.

2. In a non-Urban Area in any Zoning District. For purposes of this Article and as defined in [I.C. 36-7-4-1103](#), an urban area shall include all lands and Lots within the corporate boundaries of a municipality, any other lands or Lots used for residential purposes where there are at least eight (8) residences within any quarter mile square area, and other lands or Lots that have been or are planned for residential areas contiguous to the municipality.

C. **Procedural Standards:** All Wireless Communication Service Facilities shall meet the following requirements:

1. Locate Wireless Communication Service Facilities according to the following order of preference:
 - a. Co-location on existing Buildings, towers, or other Structures.
 - b. On existing public, semi-public Buildings or lands, towers, or other Structures such as water towers or utility poles/towers.
 - c. On existing privately-owned Buildings.
 - d. New tower in industrial or Commercial districts.
 - e. New tower in Commercial districts near residential areas.
 - f. New tower in residential areas.
2. An Applicant for a Wireless Communication Service Facility must demonstrate that they have exhausted all efforts to locate the proposed facilities upon existing antenna support Structures in the geographical area of the proposed Wireless Communication Service Facility, which shall include submitting a master plan for their Wireless Communication Service Facilities throughout the Planning Jurisdiction of the Plan Commission. The master plan should show efforts to minimize the size and number of antenna support Structures throughout the geographical area, taking into consideration existing technology.
3. The placement of antennas upon existing antenna support Structures may be administratively approved by the Department with an application made pursuant to [Article 7.4 Certificate of Compliance](#).
4. In the event an antenna support Structure ceases to be used, then the antenna support Structure shall be removed within one hundred eighty (180) days of termination of Use.
5. A Wireless Communication Service Facility may be deemed an Accessory Use in Zoning Districts in which a Wireless Communication Service Facility is listed as either a permitted Use (see [CHAPTER 5: USE TABLE](#)) or a Special Exception (see [Article 7.12 Special Exceptions](#)).

D. **Development Standards:** All Wireless Communication Service Facilities shall meet the following requirements:

1. The height of the antenna support Structure shall not exceed two hundred (200) feet.
2. The antenna support Structure shall be set back a minimum of forty (40) feet from the Lot Line unless the adjoining Lot is zoned or used for a residential Use. If the antenna support Structure adjoins a Lot which is zoned or used for residential Use, then the setback shall not be less than the height of the support Structure.
3. Except as required by the Federal Aviation Administration or Federal Communications Commission, the antenna support Structure shall not be illuminated by any artificial means and shall not display strobe lights.
4. No Signs or advertising shall be placed upon an antenna support Structure and associated equipment Buildings or Structures.
5. A Landscape Plan for the Wireless Communication Service Facility shall be submitted with the application and shall be substantially similar to Landscaping required for other uses in Business or Industrial Districts.
6. All Wireless Communication Service Facilities shall be designed structurally, electrically, and in all other respects to accommodate the user's equipment and the equipment of at least two (2) additional service providers.
7. A qualified and licensed engineer must approve the design of the antenna support Structure and certify that it is constructed to comply with the requirements set out in this Article.
8. All applications shall include a notarized letter of intent committing the antenna support Structure Owner or lessee on behalf of themselves and their successors that the antenna support Structure shall be shared with additional users if the additional user(s) agrees to meet reasonable terms and conditions of shared use.
9. No transmissions from a Wireless Communication Service Facility shall interfere with any existing public safety communications.

E. **Limitations on Zoning Authority:**

1. The Board of Zoning Appeals, in consideration of the Special Exception, shall not consider any evidence or base a denial of the location of a Wireless Communication Service Facility on any evidence concerning adverse environmental or health effects of radio frequency emissions so long as those emissions meet the standards of the Federal Aviation Administration or Federal Communications Commission.
2. Nothing herein shall be construed as a prohibition of the location of Wireless Communication Service Facilities within the Jurisdiction of the Plan Commission.

3. Nothing herein shall be construed or applied to unreasonably discriminate between providers of functionally equivalent service, or services which compete one against the other for various wireless communication services.

6.25 YARD STANDARDS

- A. **Yard, Lot Area, and Size of Building:** No Building shall be erected, reconstructed or structurally altered in any manner which will encroach upon, or reduce in any manner, the Yards, Lot Area, Minimum Living Area, or Lot Coverage provisions established and specified for the Use and the Zoning District in which such Building is located.
- B. **Partial Use of Alley for Yard:** One-half (0.5) of an Alley abutting the Rear or Side Yard may be included in the required Rear or Side Yard of a Lot, respectively, if the Alley has not been developed for the carrying of traffic; however, such Alley area shall not be included for Loading Berths.
- C. **Measurement of Required Yards:** The Yard width and depth shall be measured as the shortest horizontal distance (e.g., ninety degrees) from a Lot Line to the required Building Setback Line. In the case of a standard applying to an Established Yard, the Yard width and depth shall be measured as the shortest horizontal distance (e.g., ninety degrees) from a Lot Line to the nearest outside wall of a Building or Structure.
- D. **Use of Required Yards:** All required Yards shall be maintained as Open Space and landscaped with grass, Trees, Shrubs, or hedge, or in combination with other suitable Groundcover materials in compliance with [Article 6.10 Landscaping Standards](#), except as otherwise improved in accordance with this Ordinance (e.g., Parking Areas).

7.1 GENERAL STANDARDS

- A. **Purpose:** This Chapter outlines the procedure for permits, approvals, and appeals, as set forth in this Ordinance.
- B. **Application:** Application and informational packets may be obtained through the Department and/or online through the [City's website](#).
- C. **Fees:** Fees shall be paid in accordance with the Fee Schedule, as set forth in [Article 8.1 General Administration](#). No permit shall be granted by the Department until all applicable fees pertaining to that permit have been paid in full. No permit shall be granted by the Department until all fees and fines owed by the Applicant to the City have been paid in full. This requirement shall apply not only to fees and fines specific to the individual application but shall also include all fees and fines owed on any permit previously issued to the Applicant. The Director may approve a payment schedule addressing owed fees to satisfy the requirement of this section.
- D. **Public Meetings:** Applications requiring public meetings shall be filed in accordance with the adopted Schedule of Meeting and Filing Dates, as set forth in [Article 8.1 General Administration](#) and subject to the Rules of Procedure of the applicable hearing body.

7.2 ADMINISTRATIVE DETERMINATION

- A. **Purpose:** The interpretation authority established by this Ordinance is intended to recognize that the provisions of this Ordinance, though detailed and extensive, cannot, as a practical matter, address every specific situation to which they may have to be applied. Many such situations can be readily addressed by an interpretation of the specific provisions of this Ordinance considering the general and specific purposes for which those provisions have been enacted. Because the interpretation authority established is an administrative rather than a legislative authority, it is not intended to add to or change the essential content of this Ordinance but is intended only to allow authoritative application of that content to specific cases.
- B. **Authority:** The Director may by written order, subject to the procedures, standards, and limitations of this Ordinance, render interpretations of the provisions of this Ordinance and of any rule or regulation issued pursuant to it ("Administrative Interpretation" or "Administrative Determination").
- C. **Parties Entitled to Seek Interpretations:** Applications for interpretations may be filed by any Person having a legal or equitable interest in property that gives rise to the need for an interpretation; provided interpretations shall not be sought by any Person based solely on hypothetical circumstances or where the interpretation would have no effect other than as an advisory opinion.
- D. **Procedure for Review and Decision**
 - 1. **Application:** Applications for interpretations of this Ordinance shall be filed in accordance with the requirements of this Article.

2. **Action on Application:** Within ten (10) working days following the receipt of a properly completed application, the Director shall inform the Applicant in writing of his/her determination, stating the specific precedent, reasons, and analysis upon which the determination is based. The failure of the Director to act within ten (10) working days, or such further time to which the Applicant may agree, shall be deemed to be a decision denying the application rendered on the day following such ten (10) day period.
 3. **Records:** A record of all applications for determinations shall be kept on file in the office of the Director and may, at the Director's discretion, be required to be recorded in the Office of the Recorder of Floyd County, Indiana.
 4. **Appeal:** Appeals from interpretations rendered by the Director may be made in accordance with [Article 7.3 Appeals of Administrative Decisions](#).
- E. **Standards for Interpretations:** The following standards shall govern the Director, and the Board on appeals from the Director, in issuing determinations:
1. No determination shall permit any Use in any Zoning District unless evidence shall be presented that demonstrates that it will comply with the general regulations established for that particular Zoning District;
 2. No determination shall permit any Use in a Zoning District unless such Use is similar to other uses permitted in the Zoning District and is more similar to those uses than to uses permitted in a more restrictive Zoning District;
 3. If a proposed Use is most similar to a Use permitted only as a Special Exception in the Zoning District in which it is proposed to be located, then any determination permitting such Use shall be conditioned on the approval of the Special Exception pursuant to [Article 7.12 Special Exceptions](#); and
 4. No determination shall permit the establishment of any Use that would be inconsistent with the purpose and intent of the Zoning District.
- F. **Effect of Favorable Interpretations:** No determination shall authorize the establishment of a Use nor the development, construction, reconstruction, alteration, or moving of any Building or Structure, but shall merely authorize the preparation, filing, and processing of applications for any permits and approvals that may be required by this Ordinance and ordinances of the City including, but not limited to, a Building Permit, a Certificate of Occupancy, Primary and Secondary Plats, or Development Plan approval.
- G. **Limitations on Interpretations:** A determination shall be limited only to the particular circumstance for which it was issued, and such determination shall not be deemed to authorize any allegedly similar circumstance for which a separate determination has not been issued, unless otherwise provided for in the determination.

7.3 APPEALS OF ADMINISTRATIVE DECISIONS

- A. **Right of Appeal:** The Board of Zoning Appeals may grant an appeal of any decision, interpretation, or determination made by the Director, or any other administrative official or board charged with the duty of enforcing and interpreting this Ordinance. The procedure set forth in this Article shall apply to all appeals of administrative decisions, unless otherwise set forth by local or Indiana law.
- B. **Stay of Enforcement:** If an appeal is filed in accordance with this Article, then the enforcing party shall take no further action on the matter pending the Board’s decision, except for unsafe circumstances which present an immediate and serious danger to the public.
- C. **Application:** The Applicant shall submit an administrative appeal application within thirty (30) days of when the decision, interpretation, or determination was made, along with the required supporting information. Supporting information shall include, but not be limited to, the following:
 - 1. **Original Submittals:** Copies of all materials upon which the decision being appealed was based.
 - 2. **Written Decisions:** Copies of any written decisions that are the subject of the appeal.
 - 3. **Appeal Basis:** A letter describing the reasons for the appeal noting specific sections of this Ordinance or other applicable standards upon which the appeal is based.
- D. **Board Review:** The Board will then, at a meeting scheduled consistent with the adopted Schedule of Meeting and Filing Dates, review the administrative appeal application and supporting information.
 - 1. **Representation:** The Applicant and/or any representative of the appellant must be present at the meeting to present the appeal.
 - 2. **Testimony:** The Board shall consider at the meeting a report from the Department and/or enforcing party, testimony from the Applicant, and/or testimony from witnesses and interested parties.
 - 3. **Procedures:** The presentation of reports and testimony and all other aspects of the meeting shall be consistent with the Rules and Procedures of the Board.
- E. **Board Action:** The Board may affirm, affirm with modifications, reverse, or continue the appeal.
 - 1. **Affirm:** If the Board finds the administrative decision was consistent with the provisions of this Ordinance, then the Board shall affirm the determination in writing.
 - 2. **Affirm with Modifications:** If the Board determines the proper interpretation of the provision(s) of this Ordinance that are subject to the

appeal is consistent with neither the administrative decision nor the requested interpretation of the Applicant, then the Board may affirm the determination with modifications in writing.

3. **Reverse:** If the Board finds the administrative decision was inconsistent with the provisions of this Ordinance, then the Board shall reverse the determination in writing.
4. **Continuances:** The appeal may be continued based on a request by the Department or Applicant; an indecisive vote; or a determination by the Board that additional information is required prior to action being taken on the request. The continuing of all applications shall be consistent with the Rules and Procedures of the Board.

7.4 CERTIFICATE OF COMPLIANCE

- A. **Applicability:** An application for a Certificate of Compliance (“CofC”) may be filed in accordance with this Article. A CofC: (i) may be required as set forth by this Ordinance; (ii) may serve as a written confirmation by the City that a property or Use complies with this Ordinance, as may be requested by an Applicant; (iii) may serve as a written verification of a property’s zoning, as may be requested by an Applicant; and, (iv) at the discretion of the Director may be provided for:
 1. A change in Use (e.g., change from residential to Commercial, change to a Special Handling Retail Use).
 2. Exterior Building or site Improvements that would not otherwise require an Improvement Location Permit or Development Plan approval.
 3. Conditions of approval associated with an approval of the Board, Plan Commission or Council.
 4. Other similar circumstances as may be determined by the Director.
- B. **Application:** An Applicant shall submit a completed application, on forms provided by the Department, or a detailed written request to the Department with supporting information. Within five (5) business days, applications, requests, plans, and specifications filed by an Applicant shall be checked by the Department for compliance with this Ordinance. If the Department is satisfied that the property, plans, and information provided in the application conforms to the requirements of this Ordinance and other applicable laws and ordinances, then the Department shall issue a Certificate of Compliance to the Applicant.
- C. **Effect:** No CofC shall authorize the establishment of a Use nor the development, construction, reconstruction, alteration, or moving of any Building or Structure, but shall merely certify compliance of an existing property, Use and/or Improvements thereon made in accordance with an approved permit on the date issued. The filing and processing of applications for any permits and approvals may be required by this Ordinance and

ordinances of the City including, but not limited to, a Building Permit, a Certificate of Occupancy, Primary and Secondary Plats, or Development Plan approval, for proposed Improvements or uses.

- D. **Limitations:** A CofC shall be limited only to the particular circumstance for which it was issued and at the time it was issued, and the CofC shall not be deemed to authorize any allegedly similar circumstance for which a separate review or certificate has not been issued or change in circumstances, unless otherwise provided for in the CofC.
- E. **Records of Certificate of Compliance:** Every CofC issued pursuant to this Article shall be kept on file in the office of the Department and copies shall be furnished upon request to any Person having a proprietary or tenancy interest in the Building or land affected.

7.5 COMMITMENTS

- A. **Applicability:** An Applicant may be required or allowed to make a commitment to the Plan Commission or Board as a condition to the Use or Development of real estate in connection with the: (i) approval of a change of zoning proposal; (ii) approval of a Primary Plat or Overall Development Plan; (iii) approval of a vacation of all or part of the Plat; or (iv) approval of an application for a Special Exception or Variance.
- B. **Form:** Commitments shall be reduced to writing in a recordable form approved by the City and signed by the Owner(s) of the real estate.
- C. **Expiration:** Commitments may contain terms providing for its own expiration. A commitment may contain terms providing that the commitment automatically terminates: (i) if the Zoning District or classification applicable to the property is changed; (ii) if the Use to which the commitment relates is changed; or (iii) otherwise in accordance with the Rules of Procedure of the Plan Commission or Board to which the commitment is made. If not otherwise provided, commitments shall be in effect until otherwise modified or terminated pursuant to this Article.
- D. **Recording:** When required, the Applicant shall record the commitments in the Office of the Recorder of Floyd County, Indiana, within ten (10) days of the final approval of the related petition. The Applicant shall return a copy of the recorded commitments to the Department for its files within ten (10) days of recording or be in violation of this Ordinance.
- E. **Enforcement:** The Plan Commission, Property Owners of real estate adjoining the subject real estate and all Property Owners of real estate within the area included in the petition who were not Applicants for approval, and other affected Persons specifically designated in such commitments shall be entitled to enforce such commitments pursuant to [I.C. 36-7-4-1015](#), or as otherwise provided by applicable law.
- F. **Modification of Commitments:** A commitment made pursuant to this Ordinance may be modified or terminated only by a decision of the Plan

Commission or Board to which the commitment was made. The decision must be made: (i) at a public hearing by the Plan Commission or Board after notice of the hearing has been provided under the applicable Rules of Procedure; and (ii) following an introductory presentation of the proposed modification to the Council, prior to the public hearing, if the proposed modification is to a commitment originally made in connection with a change of zoning petition. Any modification or termination of the commitments shall not be effective until: (i) reduced to writing in a form approved by the City Attorney; (ii) approved by the Plan Commission or Board, as the case may be; (iii) executed by the current Property Owner of the real estate; and, (iv) recorded in the Office of the Recorder of Floyd County, Indiana.

7.6 DESIGN REVIEW

- A. **Purpose:** The purpose of the Design Review process is to ensure the compatibility of new Development or construction with the existing development of the surrounding neighborhood.
- B. **Applicability:** The Design Review process shall be required as part of the Development Plan Review process (see [Article 7.7](#)) unless otherwise waived in writing by the Director.
- C. **Approvals Required:** Design Review is part of the process for approval of a Development Plan, as set forth in [Article 7.7](#).
- D. **Design Review Criteria:** In addition to the criteria identified in [Section 7.7 \(E\)](#), Development Plans submitted as part of the Design Review process shall be reviewed by the Design Review Board for compatibility of the proposed Development with the surrounding neighborhood on the following requirements:
 - 1. Massing of the Building form,
 - 2. Building scale,
 - 3. Location and treatment of entryways, including porch heights,
 - 4. Surface materials, finishes, and textures,
 - 5. Size of Building footprint,
 - 6. Eave heights,
 - 7. Building silhouette,
 - 8. Spacing between Buildings,
 - 9. Setbacks from Street property lines,
 - 10. Proportions of Windows, bays, doorways, etc.
 - 11. Shadow patterns from massing and features, and
 - 12. Landscaping.
- E. **Application Documentation and Supporting Information:** All applications for Design Review shall include the documentation and supporting information set forth in [Section 7.7 \(G\)](#). Other information as deemed necessary to support a thorough review of the project may be requested in writing by the Plan Commission or Director. The Director, in its sole discretion, may, in writing,

waive or relax any of the documentation required which is not relevant or is deemed unnecessary for a thorough review of the Development.

1. **Landscape Plan:** A Landscape Plan in accordance with [Article 6.10 Landscaping Standards](#), shall be required as part of any Development Plan. Landscape Plans for Overall Development Plans shall generally detail perimeter areas, Buffer Yards, Common Areas, entryways, and any other Open Space as deemed appropriate by the Plan Commission or Director. Landscape Plans for a Detailed Development Plan shall generally be site or Lot specific showing compliance with Parking Area areas, Buffer Yards, and on-site or foundation requirements.
2. **Open Space and Development Amenity Plan:** A statement of the nature and extent of all existing and proposed Open Space and Development Amenities shall be provided either on the submitted Landscape Plan or in writing, along with any necessary explanatory materials or graphics, as part of any Development Plan.
3. **Lighting Plan:** A Lighting Plan in accordance with [Article 6.11 Lighting Standards](#), shall be required as part of any Development Plan.
4. **Sign Plan:** A Sign Plan in accordance with [Article 6.20 Sign Standards](#), may be required with the submission of any Development Plan; however, all Signs shall be subject to approval and obtaining a Sign Permit (see also [Article 7.11 Sign Permits](#)) prior to erection.
5. **Building Elevations:** Drawings of proposed Buildings shall be filed in connection with the submission of a Detailed Development Plan and shall be drawn to scale and include the following (see also [Article 6.3 Architectural Standards](#)):
 - a. Address of the property and graphic scale.
 - b. Proposed name of the Development.
 - c. Elevations for each Building Facade (360 degree).
 - d. Specification or sample of the type and color of exterior materials to be used for all wall, Window, roof, and other architectural features.
 - e. A separate true color rendering, or other realistic depiction, of the proposed Building, including any areas designated for signage.
 - f. Details of any exterior architectural lighting.

7.7 DEVELOPMENT PLAN REVIEW

- A. **Authority:** A Development Plan review process, as set forth herein, is hereby established to ensure adherence to the standards of this Ordinance.
- B. **Purpose:** The purpose of the Development Plan review process is to assure the compatibility of new Development to existing Development with the surrounding community.
- C. **Applicability:** The Development Plan review process is required when: (i) more than one (1) Building is proposed on a site; (ii) the site is five (5) acres or

larger; (iii) expanding a Building by more than 50,000 square feet; or, (iv) if required by a PUD ordinance.

1. **Exception:** Individual Single Family Dwellings shall not require Development Plan approval in accordance with this Article; rather, the Building Permit review process (see also [Article 7.8 Improvement Location Permit](#)) shall serve as the Development Plan.

2. **Transition Rules:**

- a. **Previously Approved Development Plans:** A development plan or Site Plan approved by the Plan Commission prior to the adoption of this Ordinance shall be deemed to be an approved Development Plan.
- b. **Existing Lots without Approved Development Plans or Site Plans:** New Improvements or changes to existing Improvements on a Lot which was lawfully developed but did not receive approval of a development plan or Site Plan by the Plan Commission, shall require Development Plan approval, pursuant to this Article.

D. **Approvals Required:** The approval of a Development Plan is hereby delegated to the Plan Commission.

E. **Development Plan Review Criteria:** Development Plans shall be reviewed by the Plan Commission with approval being granted upon finding that the Development Plan complies with the following requirements:

- 1. Compliance with all applicable Development and design standards of the Zoning District in which the real estate is located.
- 2. Management of traffic will be in a manner that creates conditions favorable to health, safety, convenience, and the harmonious development of the community
- 3. The applicable utilities have sufficient capacity to provide potable water, sanitary sewer facilities, electricity, telephone, natural gas, and cable service at a satisfactory level of service to meet the needs of the proposed Development.

F. **Approval Process:**

1. **Application Procedures:**

- a. **Pre-Filing Conference:** A pre-filing conference with the Department is required prior to the filing of any Development Plan application.
- b. **Who May File:** Applications may be filed by the Property Owners of the real estate involved or the Property Owner's authorized agent. If an authorized agent, a consent form signed by the Property Owner shall accompany the application.
- c. **Filing Deadline:** Applications shall be filed in accordance with the Schedule of Meeting and Filing Deadlines. The Applicant shall be

responsible for distributing a copy of the application and Development Plan to Design Review Board members, as applicable.

- d. Forms of Filing: An Applicant shall submit a completed application to the Department on forms provided by the Department with documentation and supporting information as set forth in this Article. The number of copies of all petitions and supporting documentation required to be filed shall be as established by the Department.
 - e. Docketing by Department: All Development Plans which are determined to be in proper form pursuant to the guidelines established by the Department shall be numbered and docketed for an initial hearing by the Plan Commission.
2. Investigation of Petitions: The Design Review Board may review any Development Plan prior to the Plan Commission’s consideration. The Department may submit a written report to the Plan Commission stating any facts concerning the Development Plan including surrounding land uses, the availability of public facilities, and opinions from members of the Design Review Board.
 3. Amendments Prior to Public Hearing: Amendments to a Development Plan to be considered at the public hearing must be received by the Department in accordance with the Schedule of Meeting and Filing Deadlines to allow the Department’s written report to include comments and recommendations related to the amended plans. If the Director determines the amended plans require additional review by the Department and/or Design Review Board, then the Director may continue the public hearing and require such review.
 4. Public Hearing and Notice: A public hearing by the Plan Commission shall be required for any Development Plan and notification for the scheduled public hearing shall be completed consistent with the requirements of the Rules of the Procedure of the Plan Commission and the Schedule of Meeting and Filing Deadlines. Any Development Plan which has been delegated to the Director for approval may occur without public notice and without a public hearing.
 5. Amendments Proposed at Public Hearing: An Applicant may make amendments to a Development Plan pending determination by the Plan Commission. If, in the sole discretion of the Plan Commission, the proposed amendment is of such a nature that additional time is needed for review, then the Plan Commission may continue its consideration in accordance with the Rules of Procedure of the Plan Commission. If amendments are presented by the Applicant and agreed to by the Plan Commission at the public hearing, then revised plans indicating all amendments approved by the Plan Commission shall be filed with the Department.

6. **Plan Commission Action:** The Plan Commission will hold the public hearing and act on the petition in accordance with this Ordinance, Indiana law, and the Rules of Procedure of the Plan Commission.
7. **Amendments to Approved Development Plan:** Changes to an approved Development Plan shall be subject to this section.
8. **Surety Requirement:** The Applicant shall provide financial sureties for all public Improvements shown on the Development Plan in accordance with the bonding provisions in Section 154.02(F) of the *Subdivision Control Ordinance*.
9. **Appeals of Determinations by Director:** Any determination of the Director made under the authority of this Article may be appealed by any Interested Party to the Plan Commission. Such letter shall request a hearing on the matter by the Plan Commission at the Plan Commission's next regularly scheduled meeting for which published notice of the appeal pursuant to *I.C. 5-3-1* can be provided. Further, appeals of the Plan Commission's determination may be made in accordance with [Article 7.3 Appeals of Administrative Decisions](#).
- G. **Application Documentation and Supporting Information:** All applications for Development Plan approval shall include the documentation and supporting information set forth herein. Other information for a thorough review of the project may be requested by the Plan Commission or Director. The Director, in its sole discretion, may, in writing, waive or relax any of the documentation required which is not relevant or is deemed unnecessary for a thorough review of the Development.
 1. **Development Plan Scope:** A Development Plan shall include those details applicable to the overall Development, shared or Common Areas, shared infrastructure, and other areas deemed appropriate by the Director or Plan Commission in order that adequate consideration is given to ensure a coordinated Development.
 2. **General Plan Requirements:** A Development Plan shall include the following, which shall be drawn to scale of not more than 1" = 100':
 - a. Title, scale, north arrow, and date.
 - b. Proposed name of the Development.
 - c. Area map insert showing the general location of the site referenced to Streets and section lines, as well as the Zoning District and Use of adjacent properties;
 - d. Address and legal description of the property.
 - e. Boundary lines of the property including all dimensions.
 - f. Location, name, centerline and width of all Streets, Alleys, access Easements and transportation plan system Improvements that are existing or proposed to be located within or adjacent to the property.

- g. Location, centerline, and width (at the Lot Line) measurements of any proposed or existing Driveways within two hundred (200) feet of the property, and any connection to an Alley must be indicated.
 - h. Location and dimensions of primary vehicular ways in and around the proposed Development.
 - i. All proposed Street, Alley, and Driveway Improvements, both on and offsite, including measurement of curb radius and/or taper.
 - j. Location and dimensions of existing and proposed sidewalks, pathways, trails, or other transportation plan Improvements;
 - k. Layout, number, dimension, and area (in square feet and acres) of all Lots and OutLots with Building Setback Lines.
 - l. Location and dimensions of all existing and proposed Structures and paved areas.
 - m. Location of all Floodway, Floodway Fringe, and steep slope areas within the boundaries of the property.
 - n. Names of legal ditches and streams on or adjacent to the site.
 - o. Location and feasibility statement of all existing and proposed utility facilities and Easements, including, but not limited to: sanitary sewer, water, storm water management, electric, gas, telephone, and cable.
 - p. Identify Buildings proposed for demolition.
 - q. Areas of the property reserved for Development Amenities, Open Space, and other similar uses.
 - r. Use of each Lot and/or Building by labeling, including approximate density or size of proposed uses and Buildings (e.g., number of parking spaces, Dwelling Units, Gross Floor Area, Living Area).
 - s. Label Building Separation and/or Building Setback Lines in relation to Front, Rear and Side Lot Lines.
3. Primary or Secondary Plat: If a property is being subdivided, a Primary Plat shall be submitted prior to or contemporaneous with the Development Plan.
4. Landscape Plan: A Landscape Plan in accordance with [Article 6.10 Landscaping Standards](#), shall be required as part of any Development Plan.
5. Open Space and Development Amenity Plan: A statement of the nature and extent of all existing and proposed Open Space and Development Amenities shall be provided either on the submitted Landscape Plan or in writing, along with any necessary explanatory materials or graphics, as part of any Development Plan.
6. Lighting Plan: A Lighting Plan in accordance with [Article 6.11 Lighting Standards](#), shall be required as part of any Development Plan.
7. Sign Plan: A Sign Plan in accordance with [Article 6.20 Sign Standards](#), may be required with the submission of any Development Plan; however, all Signs shall be subject to approval and obtaining a Sign Permit (see also [Article 7.11 Sign Permits](#)) prior to erection.

8. **Building Elevations:** Drawings of proposed Buildings shall be filed in connection with the submission of a Development Plan and shall be drawn to scale and include the following (see also [Article 6.3 Architectural Standards](#)):
 - a. Elevations for each Building Facade (360 degree).
 - b. Specification or sample of the type and color of exterior materials to be used for all wall, Window, roof and other architectural features.
 - c. A separate true color rendering, or other realistic depiction, of the proposed Building, including any areas designated for signage.
 - d. Details of any exterior architectural lighting.
9. **Integrated Developments:** Documentary assurances may be required for integrated Developments that ensure that the Development will be provided with, at a minimum: (i) regular trash pick-up; (ii) common vehicle access point(s), and drive(s) and Parking Area(s), including maintenance thereof.
10. **Traffic Impact Study:** A Traffic Impact Study may be required to be conducted at the discretion of the Director, the Department of Public Works Director, or the Plan Commission. If required, the Traffic Impact Study shall be prepared by a registered professional engineer and shall evaluate the impact of present and future traffic generated by the proposed Development on the adjacent roadway system. If the level of services drops to a grade of D or lower, the traffic study shall recommend Improvements to the roadway system to minimize the traffic impact of the proposed Development.
11. **Statement of Development Build-Out:** Phased Developments shall include a statement of the order and timing of Development and the content of each phase.

7.8 IMPROVEMENT LOCATION PERMIT

- A. **Applicability:** Applications for an Improvement Location Permit shall be filed in accordance with this Article.
- B. **Application:** An Applicant shall submit a completed application to the Department on forms provided by the Department with supporting information. Applications, plans, and specifications filed by an Applicant for a permit shall be checked by the Department. If the Department is satisfied that the plans and work described in the application conform to the requirements of this Ordinance and other applicable laws and ordinances, then the Department shall issue an Improvement Location Permit to the Applicant.
 1. **Site Plan:** Any Persons, who shall make application for an Improvement Location Permit, shall, at the time of making such application furnish a Site Plan or development plan of the real estate. Site Plans so furnished

shall become a permanent public record and shall be drawn to scale showing, at a minimum, the following:

- a. Legal or site description of the real estate involved.
- b. Location and size of all Buildings and Structures.
- c. Location of existing and proposed Easements.
- d. Width and length of all entrances and exits to and from said real estate.
- e. All adjacent Rights-of-way.
- f. Building construction elevation points.
- g. If required to upgrade the electrical system, a note identifying the size of the service is increasing (e.g. from 100A to 200A service).
- h. The Director, in its sole discretion, may, in writing, waive or relax any of the documentation required which is not relevant or is deemed unnecessary for a thorough review of the Development.

2. **Performance Standards:** An application for any Use subject to [Article 6.17 Performance Standards](#) shall be accompanied by a certificate subscribed by a registered professional engineer or architect, certifying that the Use intended will satisfy the performance standards of this Ordinance, if requested by the Zoning Administrator. The Zoning Administrator may take fifteen (15) days in which to study the application, during which time he may consult with appropriate technical consultants. If the Zoning Administrator has not required any additional information or stated any objections in writing after the fifteen (15) day period, then the Department shall issue the Improvement Location Permit.

- C. **Special Exception Uses:** The Zoning Administrator shall issue an Improvement Location Permit for a Special Exception only after the Special Exception has been approved by the Board in accordance with this Ordinance (see also [Article 7.12 Special Exceptions](#)).

- D. **Penalties:** Penalties may be assessed pursuant to this Ordinance if construction has commenced prior to obtaining a permit or payment of fees. The Owner or Tenant of any Building, Structure, Premises, or part thereof, and any architect, builder, contractor, realtor, agent, or other Person who commits, participates in, assists in, or maintains such violation may each be found guilty of a separate offense and suffer the penalties herein provided.

- E. **Inspections:** After the issuance of any permit, the Zoning Administrator shall make, or cause to be made, inspections of the work being done as are necessary to ensure compliance with the provisions of this Ordinance and the terms of the permit. Re-inspections of work found to be incomplete or not ready for inspection may be subject to assessment of re-inspection fees as prescribed herein. The Fire Marshal, or designated representatives, may assist the Zoning Administrator in the inspection of fire suppression, detection and alarm systems and may provide reports of such inspection to the Zoning Administrator.

- F. **Entry:** Upon presentation of proper credentials, the Zoning Administrator, or duly authorized representatives, may enter at reasonable times any Building, Structure, or Premises in the Jurisdiction of the Plan Commission to perform any duty imposed by this Ordinance.
- G. **Stop Order:** Whenever any work is being done contrary to the provisions of this Ordinance, the Zoning Administrator, or duly authorized representatives, may order the work stopped by notice, in writing, served on any Persons engaged in the causing of such work to be done. Any such Persons shall forthwith stop such work until authorized by the Zoning Administrator, or duly authorized representatives, to proceed with the work.
- H. **Sewage Disposal:** An application for an Improvement Location Permit for any Use shall not be approved until it has been ascertained by the Department that the proposed Development will meet the minimum standards for a sewage disposal system as required by the New Albany Sewer Board or County Health Department for a septic system.
- I. **Workmanship:** All work on construction and alteration of Buildings and other Structures shall be performed in a good and skillful manner according to accepted standards and practices in the trade.
- J. **Permit Time Limitations:**
 - 1. **Completion Time:** The work or Use authorized by any Building Permit, Improvement Location Permit or other permit must be commenced within six (6) months of the date of issuance of such permit, otherwise the same shall lapse and be and become null and void. All work so authorized shall be completed within twenty-four (24) months from the issuance of the permit. The Director may extend the work completion time if good cause is shown by Applicant.
 - 2. **Renewing Permits:** If construction is commenced pursuant to an issued permit but not completed in the period established herein, then it will be necessary for the Applicant to renew the permit at the end of the prescribed time frame. The fee that shall be collected for this renewal shall be equal to fifty percent (50%) of the fee originally paid for the permit and the fee must be paid prior to the issuance of the renewed permit.
- K. **Changes to Approved Permits:** Construction shall be consistent with plans and specifications approved as part of an issued permit. Such plans and specifications shall not be changed, modified, or altered without written authorization by the Department. Changes to approved plans shall be reviewed and approved or disapproved in accordance with this Ordinance and upon determination by the Department of whether further action is required by the Plan Commission or Board and whether any additional permits or fees are due.

7.9 PLANNED UNIT DEVELOPMENTS

- A. **Applicability:** This Article is applicable to new Planned Unit Development District (PUD) proposals and to any proposed amendment to an existing Planned Unit Development that would affect either the text of the PUD Ordinance or the Ordinance’s referenced exhibits.
- B. **Required Approvals:** A Planned Unit Development District requires the following approvals:
 - 1. Ordinance and Concept Plan (collectively, “PUD Ordinance”)
 - 2. Development Plan (see also [Article 7.7 Development Plan Review](#))
 - 3. Approval of Primary Plat and Secondary Plat as required by the Subdivision Control Ordinance, if applicable.
- C. **PUD Ordinance:**
 - 1. **Application Procedures:**
 - a. **Sketch Plan Conference:** A Sketch Plan conference with the Department is required prior to the filing of any PUD application. This conference shall be held to allow the Applicant to discuss characteristics of the Development in relation to adopted City policies and to allow the Director or his or her designee to review PUD procedures, development standards, and policies with the Applicant. A draft of the proposed PUD Ordinance is required for the Sketch Plan conference and the Applicant is encouraged to incorporate the Department’s comments into the proposal prior to filing the application. The Sketch Plan conference is intended only for discussion purposes; neither the Applicant nor the jurisdiction is bound by any decision made during the conference.
 - b. **Who May File:** Applications may be filed by a petition signed by the Property Owners of the real estate involved in the petition, or the Property Owner’s authorized agent. If an authorized agent, then a consent form signed by the Property Owner shall accompany the application.
 - c. **Filing Deadline:** Applications shall be filed in accordance with the Schedule of Meeting and Filing Deadlines. The Applicant shall be responsible for distributing a copy of the application and related materials to members of the Technical Advisory Committee and Design Review Board.
 - d. **Forms of Filing:** An Applicant shall submit a completed application to the Department on forms provided by the Department with

documentation and supporting information as set forth in this Article. The number of copies of all petitions and supporting documentation required to be filed shall be as established by the Department.

- e. **Docketing by Department:** Each filed application shall be reviewed for completeness. Applications which are determined to be in proper form pursuant to the guidelines established by the Department shall be numbered and docketed by the Department.
- f. **Neighbor Meeting:** Applicants requesting approval of a PUD Ordinance, and any amendments thereto, are encouraged to host a neighbors' meeting and submit a written report to the Department summarizing the meeting prior to the Plan Commission public hearing. Applicants shall, at a minimum, invite to the neighbor meeting those Interested Parties required to receive mailed notice of the Plan Commission public hearing.
- g. **Review and Approval:** After docketing, an application shall be reviewed and considered by the Plan Commission and Council in accordance with [Article 7.15 Zoning Map Changes \(Rezoning\)](#).
- h. In consideration of a PUD Ordinance, the Director or designee in his or her report to the Plan Commission, the Plan Commission, in its recommendation, and the Common Council, in its decision, shall consider as many of the following as may be relevant to the specific proposal:
 - i. The extent to which the proposed plan meets the requirements, standards and stated purpose of the PUD regulations;
 - ii. The extent to which the proposed plan departs from the zoning and Subdivision regulations otherwise applicable to the subject property, including, but not limited to, the density, dimension, bulk, Use, required Improvements and construction and design standards and the reasons why such departures are or are not deemed to be in the public interest;
 - iii. The extent to which the PUD meets the purposes of this zoning chapter, the Comprehensive Plan and any other adopted planning or development policies and objectives of the City;
 - iv. The design of the PUD and the extent to which it makes adequate provision of public services, provides adequate control over vehicular traffic, provides for, and protects designated common Open Space and furthers the amenities of light and air, recreation and visual enjoyment;
 - v. The relationship and compatibility of the proposed plan to the adjacent properties and neighborhood, and whether the proposed plan would substantially interfere with the Use or diminish the value of adjacent properties and neighborhoods;

- vi. The desirability of the proposed plan to the physical development, tax base and economic well-being of the planning jurisdiction;
- vii. The proposal will not cause undue traffic congestion more than anticipated in the existing base zoning and can be adequately served by existing or planned public facilities and services;
- viii. The proposal preserves ecological, natural, historical, architectural, and human-made resources to the extent possible;
- ix. The proposal will not be injurious to the public health, safety, and general welfare; and
- x. The proposed Development is an effective and unified treatment of the development possibilities on the PUD site.

2. **Effect of Approvals of PUD Ordinance:** A PUD Ordinance shall become effective after its approval by the Council and shall be recorded by the City in the Office of the Recorder of Floyd County, Indiana. The Zoning Map shall be amended accordingly. The Use and development of the property shall thereafter be governed by the PUD Ordinance, subject to review and approval of subsequent permits and approvals as required by this Article and Ordinance, and any other regulatory processes which may be required prior to commencement of construction within the PUD.

D. **Development Plan Approval:** Development Plan Review approval, as set forth in [Article 7.7 Development Plan Review](#), shall be required for all PUDs. Development Plans shall conform to the approved PUD Ordinance and this Ordinance. An application for Development Plan approval must be filed within 18 months of PUD Ordinance approval. If needed, petitioners may seek a time extension of up to 18 months from the City Council.

E. **Permits:** No permit of any kind shall be issued for any purpose within a PUD except in accordance with the approved Development Plan, and after acceptance by the City of all required guarantees for Improvements pursuant to this Ordinance.

F. **PUD Ordinance Requirements:** PUD Ordinances and supporting data shall include the following documentation. The Director, in his or her sole discretion, may, in writing, waive or relax any of the requirements listed which are not relevant or deemed unnecessary for a thorough review of the Development.

- 1. **PUD Ordinance:** The PUD Ordinance shall follow a standard format adopted by the City for PUD Ordinances.
- 2. **Concept Plan:** A drawing of the PUD (“Concept Plan”) shall be included at a scale not less 1”=100’, or at a scale as otherwise deemed appropriate by the Director.
 - a. **General Concepts:** The Concept Plan shall show in general terms the following: major circulation; generalized location and dimensions of

Buildings, Structures, and Parking Areas; Open Space areas; recreation facilities; and other details to indicate the character of the proposed Development.

- b. **Detailed Concepts:** The Concept Plan shall include in detailed terms the following:
 - i. A site location map showing the project location and other Development projects in the vicinity.
 - ii. The name of the Development, with the words "Concept Plan".
 - iii. Boundary lines and acreage of each land Use component.
 - iv. Existing Easements, including location, width, and purpose.
 - v. Existing land Use on abutting properties.
 - vi. Other conditions on the site and adjoining land: topography (at 10-foot contours) including any embankments or retaining walls; Use and location of Buildings, railroads, power lines, towers, and other influences; name of any adjoining Subdivision.
 - vii. Existing Streets on and adjacent to the tract, including Street name, Right-of-way width, walks, pathways and bridges and other drainage Structures.
 - viii. Proposed public Improvements: Collector and Arterial Streets and other major Improvements planned by the public for future construction on or adjacent to the tract.
 - ix. Existing utilities on the tract.
 - x. Any land on the tract within the Floodway and Floodway Fringe as depicted on the Flood Insurance Rate Maps.
 - xi. Other conditions on the tract, including water courses, wetlands, sinkholes, wooded areas, existing Structures, and other significant features such as significant isolated trees.
 - xii. Existing vegetation to be preserved and the locations, nature, and purpose of proposed Landscaping.
 - xiii. Map data such as north point, graphic scale, and date of preparation.

- 3. **Written Statement of Character:** A written statement of character of the PUD shall provide an explanation of the character of the PUD and the reasons why it has been planned to take advantage of the flexibility of these regulations. The written statement shall include:
 - a. A specific explanation of how the proposed PUD meets the objectives of all adopted land Use policies which affect the land in question.
 - b. Development phasing indicating phases in which the project will be built, including the area, density, Use, public facilities, and Open Space to be developed with each phase, and projected dates for beginning and completion of each phase. Each phase shall be described and mapped.

- c. General details of the proposed uses:
 - i. Residential Uses shall indicate gross area, architectural concepts (narrative, sketch, or representative photo), and number of Dwelling Units for each residential component;
 - ii. Nonresidential Uses shall indicate specific nonresidential uses, including gross areas, architectural concepts (narrative, sketch, or representative photo), and Building Heights.
 - d. Preliminary feasibility reports for the infrastructure and facilities, including:
 - i. Streets
 - ii. Street lighting
 - iii. Sidewalks and pathways
 - iv. Sanitary sewers
 - v. Water supply system
 - vi. Other utilities
 - vii. Storm water management
 - viii. Schools
4. Development Amenities and Open Space: The PUD Ordinance must include a statement of recreational amenities and Open Space. Such statements shall designate and convey active and/or passive recreational areas in accordance with the following:
- a. Recreational amenities and Open Space shall be allocated to the property in proportion to the uses assigned in the PUD and shall be located within reasonable walking distance to those uses; however, the recreational amenities need not be located in proximity to the Use in the case of preservation of existing features.
 - b. If the PUD Ordinance provides for Development in stages, then amenities and Open Space shall be provided in each stage of the PUD in proportion to that stage, unless otherwise indicated and approved in the PUD Ordinance.
 - c. Amenities shall be conveyed in one of the following forms:
 - i. To a municipal or public corporation;
 - ii. To a not-for-profit corporation or entity established to benefit the Owners and Tenants of the PUD. All conveyances hereunder shall be structured to ensure that the grantee has the obligation and the right to effect maintenance and Improvement of the amenities and that such duty of maintenance and Improvement is enforced by the Owners and Tenants of the PUD; or
 - iii. To Owners other than those specified in subsections (i) and (ii) above, and subject to restrictive covenants describing and guaranteeing the amenities and its maintenance and Improvement, running with the land for the benefit of

residents of the PUD or adjoining Property Owners or the community, or any combination of these.

5. **Traffic Impact Study:** A Traffic Impact Study may be required to be conducted at the discretion of the Director, the Department of Public Works Director, the Plan Commission, or Council. If a Traffic Impact Study is required, then it shall be prepared by a registered professional engineer and shall evaluate the impact of present and future traffic generated by the proposed Development on the adjacent roadway system. Prior to commencement, an Applicant shall meet with the Department to determine the appropriate scope for the study.
6. **Additional Materials:** The Department shall inform the Applicant in writing of any additional information, documents or data deemed necessary to support a thorough review of the proposed Development.

G. PUD Ordinance Amendments:

1. Changes that shall require an amendment to a PUD Ordinance include changes which alter the concept or intent of the initial PUD, as determined by the Director, which shall include but are not limited to:
 - a. Increases in density or intensity.
 - b. Changes in the proportion or allocation of land uses.
 - c. Changes in the list of approved uses.
 - d. Changes in the locations of uses outside of the parameters set forth by the PUD Ordinance.
 - e. Changes in functional uses of Open Space, where such change constitutes an intensification of Use of the Open Space.
 - f. Changes in the final governing agreements where such changes conflict with the Concept Plan approval.
2. The procedure for amending an approved PUD Ordinance (“text amendment”) shall be the same as the procedure for the adoption of the initial PUD Ordinance as set forth herein.

7.10 SHORT-TERM RENTAL PERMITS

- A. **Cross-Reference:** See [Article 6.19 Short-term Rentals](#) for Short-term Rental standards.
- B. **Application:** Applications for a Short-term Rental permit shall be made by the Property Owner on forms published by the Department and include appropriate filing fees and documentation below. An Owner shall submit a separate permit application for each property requiring a permit.
- C. **Supporting Documentation:** Applications shall be accompanied by the following information. The Director may, in his/her sole discretion, waive or relax any of the requirements listed which are not relevant or deemed unnecessary for a thorough review of the application.

If the Owner is a corporation or partnership, the Owner’s state of incorporation or organization, and the Owner’s names, the addresses of the Short-term Rental(s), and the telephone numbers of the Owner’s principal officers or partners.
 2. If a property manager is used, the property manager’s name, Street address, mailing address, email address, and telephone number.
 3. A short description of how each of the Owner’s Short-term Rentals on the property are marketed or advertised, including the advertised occupancy limits of each Short-term Rental and whether the Short-term Rental is a Single Family home or a Dwelling Unit within a Single Family home, Multifamily Dwelling, Condominium, cooperative, or time share.
- D. **Permit Issuance:** If an Owner’s permit application meets the requirements for Short-term Rentals, the Department shall issue a permit to the Owner within 30 days of receipt of the application.
- E. **Permit Duration:** A Short-term Rental permit expires one year after the date the permit is issued.
- F. **Permit Fee:** A non-refundable fee as set forth in the fee schedule adopted by the City Council shall accompany each Short-term Rental permit application.
- G. **Permit Transferability:** If an Owner sells all or part of a permitted property, the Short-term Rental permit is not transferable to the new Owner.
- H. **Permit Violation:** Each Short-term Rental transaction completed without a Short-term Rental permit constitutes a separate violation.
- I. **Permit Revocation:** If three or more citations for ordinance violations are issued to an Owner for a permitted property within a calendar year, the Director may revoke the Short-term Rental permit for a period of up to one year after the date the permit is revoked. An Owner may apply for a Short-term Rental permit when the revocation period has ended and all outstanding fines for Short-term Rental ordinance violations are paid.

- C. **Supporting Documentation:** The following information shall accompany applications. The Director may, in his or her sole discretion, waive or relax any of the requirements listed which are not relevant or deemed unnecessary for a thorough review of the application.
1. Name, address, and telephone number of Applicant or Business.
 2. Site address.

3. A Site Plan with scale, north arrow, and date.
 4. A Site Plan indicating the location of (i) any Building upon which a Sign is to be mounted, with the location of the Signs indicated; and (ii) any existing or proposed monument Signs.
 5. A square footage calculation of any proposed Sign(s) and a Site Plan including the proposed Sign location, as well as the location and square footage of all existing on-site Sign(s).
 6. Elevation and a true color rendering or other realistic depiction of the proposed Sign, including size, materials, color, and dimensions.
 7. Illumination details for proposed Signs, including the timing of Sign illumination and method of control of such illumination.
 8. Indication of Sign type(s) as defined by this Ordinance.
 9. Written consent of the Property Owner on which the Sign is to be erected if the Applicant is not the Property Owner.
 10. Temporary and special event Sign displays shall provide a schedule for Sign displays which indicate the dates and duration of the Sign displays.
 11. Any other information necessary to support a thorough review of the project and as requested in writing by the Director.
- D. **Effect of Sign Permit Issuance:** A Sign permit issued under the provisions of this Ordinance shall not be deemed to constitute permission or authorization to maintain an unlawful Sign nor shall it be deemed as a defense in an action to remove an unlawful Sign.
- E. **Expiration:** A Sign permit shall become null and void if work has not been completed within one hundred and eighty (180) days of the date the permit is issued.
- F. **Revocation of Permit:** The City may revoke a Sign permit under any of the following circumstances:
1. The City determines that information in the application was materially false or misleading;
 2. The Sign as installed does not conform to the Sign permit application;
 3. The Sign violates this code, the zoning ordinance, building code, or other applicable law, regulation, or ordinance; or
 4. The Zoning Administrator determines that the Sign is not being properly maintained or has been abandoned.

7.12 SPECIAL EXCEPTIONS

- A. **Permitted:** The Board of Zoning Appeals may approve a Use listed as a Special Exception in [CHAPTER 5: USE TABLE](#), and their Accessory Buildings and uses, in accordance with the procedures set forth in this Article, and other regulations applicable to the Zoning District in which the subject property is located.
- B. **Purpose:** A Special Exception is a Use that requires more scrutiny and review because of its potential adverse impact upon the immediate neighborhood and the community. The Board reviews a Special Exception and its characteristics and impacts to determine its suitability in a given location for the Zoning District in which it is permitted.
- C. **Procedures:**
 - 1. **Application:** Applications shall be made in writing on forms prescribed by the Department with documentation and supporting information the Department determines is necessary to assure compliance with this Ordinance.
 - 2. **Action by the Director:** The Director shall review a filed application for completeness. All applications which are determined to be in proper form shall be docketed by the Department for a hearing by the Board of Zoning Appeals.
 - 3. **Investigation of Application:** The Design Review Board may review any application for Special Exception prior to the Board’s consideration.
 - 4. **Plan Commission Review:** The Plan Commission shall review the application for Special Exception for compliance with the Comprehensive Plan, evaluation of the traffic impacts of the Special Exception, and promotion of public health, safety, and general welfare. If the Plan Commission makes a favorable recommendation, the Special Exception shall be forwarded to the Board. If the Plan Commission makes an unfavorable recommendation, the Special Exception is denied and is not forwarded to the Board. The Director shall report the unfavorable recommendation to the Board.
 - 5. **Public Notice:** Notification for the scheduled public hearing regarding the application shall be completed consistent with the Schedule of Meeting and Filing Dates and the Rules and Procedures of the Board.
 - 6. **Public Hearing:** The Board, in a public hearing scheduled consistent with the Schedule of Meeting and Filing Dates, shall review the facts and circumstances of each application and supporting information.
 - 7. **Board Decision:** Following the public hearing, the Board shall direct the Director to either: (i) reject the application; or (ii) approve, or approve with conditions, the application if the Board finds adequate evidence is shown that the Special Exception meets the criteria set forth herein.

- [8 – Administration](#)
- [9 – Nonconforming Regulations](#)
- [10 – Enforcement & Penalties](#)

- D. **Review Criteria:** The Board may approve a Special Exception only upon a determination in writing that the Special Exception at the proposed location meets the following:
1. The establishment, maintenance, or operation of the Special Exception will not be detrimental to or endanger the public health, safety, morals, or general welfare.
 2. The Special Exception will be designed, constructed, operated, and maintained to: (i) not be injurious to the Use and enjoyment of other property in the immediate vicinity for the purposes already permitted; (ii) not substantially diminish and impair property value within the neighborhood; (iii) be harmonious and appropriate in appearance with the existing or intended character of the immediate vicinity; and (iv) not change the essential character of the area.
 3. The establishment of the Special Exception will not impede the normal and orderly development and Improvement of surrounding property for uses permitted in the Zoning District.
 4. Adequate public facilities and services such as highways, Streets, police and fire protection, drainage Structures, Refuse disposal, water and sewer, and Schools have been or are being provided and the Special Exception will not result in excessive additional requirements at public expense for such public facilities and services.
 5. Adequate measures have been or will be taken to provide ingress and egress designed to minimize traffic congestion and vehicular approaches are designed as not to create an interference with traffic on surrounding rights-of-way.
 6. The Special Exception will be harmonious with and in accordance with the objectives of the Comprehensive Plan.
 7. The Special Exception will be located in a Zoning District where such Use is permitted and that all other requirements of the Zoning District and this Ordinance, and as may be applicable to such Use, will be met.
- E. **No Presumption of Approval:** The listing of a Special Exception as a permitted Use does not constitute an assurance or presumption that such Special Exception will be approved. Rather, each Special Exception shall be evaluated on an individual basis, in relation to its compliance with the standards and conditions set forth herein, to determine whether approval of the Special Exception is appropriate at the particular location and in the particular manner proposed.
- F. **Limitations of Approval:** The approval of a Special Exception by the Board shall be deemed to authorize only that Use at that particular location for which the approval was granted. Except when otherwise provided by the Board's approval of the Special Exception, a Special Exception shall be deemed to relate to, and be for the benefit of, the Use and Lot in question, rather than

the Property Owner or operator of such Use or Lot, unless otherwise conditioned by the Board.

- G. **Effect of Approval:** The approval of a Special Exception by the Board shall not authorize the development, construction, reconstruction, alteration or moving of any Building or Structure, but shall merely authorize the preparation, filing and processing of applications for such permits or approvals as may be required, which may include but is not limited to approval of Development Plan, Improvement Location Permit, Building Permit, and a Certificate of Occupancy.
- H. **Existing Use:** An existing Use which is listed herein as a Special Exception, and which is in a Zoning District in which such Special Exception may be permitted, is a conforming Use, providing such Use meets the minimum Lot Area requirements set forth in the respective Zoning District. Any expansion of such Special Exception involving the enlargement of Buildings, Structures, and land area devoted to such Use, shall be subject to the requirements and procedures described in this Ordinance.
- I. **Conditions:** In granting a Special Exception, the Board may prescribe conditions and limitations concerning the Use, construction, character, location, Landscaping, screening, parking and other matters relating to the purposes and objectives of this Ordinance upon the Premises benefited by a Special Exception as may be necessary or appropriate to prevent or minimize adverse effects upon other property and Improvements in the vicinity of the subject property or upon public facilities and services. If required by the Board, conditions shall be recorded in the Office of the Recorder of Floyd County, Indiana. Violation of any such condition or limitation shall be a violation of this Ordinance and shall constitute grounds for revocation of the Special Exception or related Improvement Location Permit, pursuant to [CHAPTER 10: ENFORCEMENT & PENALTIES](#).

7.13 TEMPORARY USE AND EVENTS PERMITS

- A. **Application:** Applications for a Temporary Use and/or event permit, pursuant to [Article 6.21 Temporary Uses and Events](#), shall be made in writing on forms provided by the Department at least thirty (30) days prior to the scheduled event.
- B. **Supporting Documentation:** Applications shall include (i) a written statement describing the requested Use, operations plan, traffic control and the proposed period and (ii) a sketch plan showing the location(s) of proposed activity areas in relation to property lines and existing Buildings and Structures, pedestrian and vehicular circulation on the site, and parking areas.
 - 1. If a permit for encroaching into any Right-of-way is required, a copy of the encroachment request shall be submitted with the Temporary Use/Event Permit application.

2. If alcohol is sold or consumed, then proof of appropriate permits from the State of Indiana, Alcohol and Tobacco Commission is required. If cooking or eating is involved in a Temporary Event, outdoor café, or some other eating area, then proof of review and approval from the County Health Department shall be required with the application.

7.14 VARIANCES

- A. **Authority:** In no case shall any variance to the terms of this Ordinance be authorized without the approval of the Board. Further, no decisions on previous applications shall serve to set a precedent for any other application before the Board. The procedure set forth in this Article shall apply to all Variance Of Development Standard and Variance of Use applications.
- B. **Application:** The Applicant shall submit a variance application, affidavit, and consent of Property Owner (if the Property Owner is someone other than the Applicant), a copy of the deed for the property involved, the required filing fee, and required supporting information. Supporting information shall include, but not be limited to, the following:
 1. **Site Plan:** A Site Plan shall be signed and dated. The Site Plan shall be drawn to scale and/or fully dimensioned to the satisfaction of the Director and clearly show the entire layout of the property with all features relevant to the variance request.
 2. **Statement of Intent:** A statement of intent to the Board describing the details of the variance being requested and stating how the request is consistent with the decision criteria. The statement should include any written commitments being made by the Applicant.
 3. **Deed:** A copy of the most current property deed.
- C. **Public Notice:** Notification for the scheduled public hearing regarding the variance request shall be completed consistent with the Schedule of Meeting and Filing Dates and the Rules and Procedures of the Board.
- D. **Public Hearing:** The Board, in a public hearing scheduled consistent with the Schedule of Meeting and Filing Dates, shall review the variance application and required supporting information.
 1. **Representation:** The Applicant and/or any representative of the Applicant must be present at the public hearing to present the petition and address the decision criteria.
 2. **Testimony:** The Board shall consider a report from the Department and testimony from the Applicant, remonstrators, the public, and interested parties at the hearing.
 3. **Procedures:** The presentation of reports and testimony and all other aspects of the public hearing shall be consistent with the Rules and Procedures of the Board.

4. **Possible Action:** The Board may approve, approve with conditions, deny, or continue the application in accordance with [I.C. 36-7-4-918.4](#) & [I.C. 36-7-4-918.5](#).
- E. **Denial:** The Board will not consider an application that is substantially similar to a variance application that was denied with the prior twelve (12) months.
- F. **Continuances:** The application may be continued by the Board based on a request by the Director, Applicant, remonstrator, or Interested Party; an indecisive vote; or a determination by the Board that additional information is required prior to action being taken on the request. The continuing of all applications and any potential additional legal notice shall be consistent with the Rules and Procedures of the Board.
- G. **Decision Criteria:** In acting on all variance requests, the Board shall use decision criteria to approve or deny variances consistent with the requirements of Indiana Code as set forth below:
 1. **Variances of Use:** A variance of land Use may be approved only upon a determination that:
 - a. The Use will not be injurious to the public health, safety, morals, and general welfare of the community.
 - b. The Use and value of the area adjacent to the property included in the variance will not be affected in a substantially adverse manner.
 - c. The need for the variance arises from some condition particular to the property involved.
 - d. The strict application of the terms of the Ordinance will constitute an Unnecessary Hardship if applied to the property for which the variance is sought.
 - e. The Use does not interfere substantially with the Comprehensive Plan.
 2. **Variances of Development Standards:** A Variance Of Development Standard may be approved only upon a determination that:
 - a. The approval will not be injurious to the public health, safety, morals, and general welfare of the community.
 - b. The use and value of the area adjacent to the property included in the variance will not be affected in a substantially adverse manner.
 - c. The strict application of the terms of the Ordinance will result in Practical Difficulties in the use of the property.
- H. **Commitments:** The Board may require the Owner of the property to make written commitments concerning the Use or development of the property. Such commitments shall be recorded in the Office of the Recorder of Floyd County, Indiana, and a copy of the recorded commitments shall be provided to the Department for inclusion in the petition file at the time of application for a permit.

- I. **Conditions:** The Board may impose conditions and limitations concerning matters under the jurisdiction of this Ordinance in order to prevent or minimize adverse effects upon other properties in the vicinity of the Lot benefited by the variance. Such conditions shall be expressly set forth in the order granting the variance.
- J. **Effect of Approval:** Approval of a variance shall not authorize the development, construction, reconstruction, alteration or moving of any Building or Structure, but shall merely authorize the preparation, filing and processing of applications for such permits or approvals as may be required, which may include but are not limited to approval of a Primary or Secondary Plat, Development Plan, Improvement Location Permit, Building Permit, and/or a Certificate of Occupancy.
- K. **Acknowledgement of Variance:** Approval of a variance shall be memorialized in an acknowledgement of variance instrument prepared by the Department. The acknowledgement shall specify the granted variance and any commitments made or conditions imposed in granting of the variance.
- L. **Compliance and Violations:** No permit shall be issued which does not comply with an approved variance, conditions of approval, or commitments. Violations of an approved variance, conditions of approval or commitments shall constitute grounds for revocation of the variance.

7.15 ZONING MAP CHANGES (REZONES)

- A. **Applicability:** This Article shall apply to all petitions regarding a request to amend the Zoning Map.
- B. **Initiation:** Proposals to amend the Zoning Map may be initiated by either the Plan Commission, the Council, or through an application signed by Property Owners of at least fifty percent (50%) of the land involved.
 - 1. **Legislative Body Initiation:** The Department shall prepare the application for Zoning Map amendment if either the Plan Commission or Council has initiated the application. The Director shall serve as the representative of the Applicant for such proposals.
 - 2. **Property Owner Initiation:** Any Property Owner(s) requesting a Zoning Map amendment shall be the Applicants and assume responsibility for preparing application materials.
- C. **Application Procedures:**
 - 1. **Pre-Filing Conference:** A pre-filing conference with the Department is required prior to the filing of an application. The Applicant is encouraged to incorporate the Department’s comments into the application prior to filing.
 - 2. **Filing Deadline:** Applications shall be filed in accordance with the Schedule of Meeting and Filing Deadlines. The Applicant may be responsible for

distributing a copy of the application to members of the Technical Advisory Committee and/or Design Review Board.

3. **Forms of Filing:** An Applicant shall submit a completed application to the Department on forms provided by the Department with documentation and supporting information as set forth in this Article. The number of copies of all petitions and supporting documentation required to be filed shall be as established by the Department.
4. **Application Requirements for Property Owner Initiated Applications:**
 - a. **Consent Form:** If an Application is filed by a Property Owner's authorized agent, then a consent form signed by the Property Owner shall accompany the application.
 - b. **Deed:** A copy of the most current property deed.
 - c. **List of Adjoining Property Owners:** A list of adjoining Property Owners required to be served public notice pursuant to the Rules of Procedure of the Plan Commission, as obtained from the County.
 - d. **Supporting Document and Information:** Which should include but is not limited to the following:
 - i. A conceptual Site Plan showing all features relevant to the application.
 - ii. A vicinity map showing the Use and zoning of all properties within five hundred (500) feet of the proposed Zoning Map amendment.
 - iii. A narrative stating the reasons for the change of zoning, including a detailed description of any proposed Development for which the change of zoning is sought. The narrative should include any written commitments being made by the Applicant.
- D. **Public Notice:** A public hearing by the Plan Commission shall be required and notification for the scheduled Plan Commission public hearing shall be completed consistent with the requirements of the Rules of Procedures of the Plan Commission.
- E. **Plan Commission Public Hearing:** The Plan Commission, in a public hearing scheduled consistent with the adopted Schedule of Meeting and Filing Dates, shall review the application and required supportive information.
 1. **Representation:** The Applicant and/or any representative of the Applicant must be present at the public hearing to present the application and address any Plan Commission questions.
 2. **Testimony:** The Plan Commission shall consider a report from the Department and testimony from the Applicant, remonstrators, the public, and interested parties at the hearing.
 3. **Procedures:** The presentation of reports and testimony and all other aspects of the public hearing shall be consistent with the requirements of the Rules and Procedures of the Plan Commission.

- 4. **Possible Action:** Following the public hearing, the Plan Commission may either forward the application to the Council with a favorable recommendation, an unfavorable recommendation, or no recommendation in accordance with Indiana Code; or continue the request to a subsequent Plan Commission meeting.
- F. **Continuances:** The application may be continued by the Plan Commission based on a request by the Director, Applicant, remonstrator, or Interested Party; an indecisive vote, or a determination by the Plan Commission that additional information is required prior to action being taken on the request. The continuing of all applications and any potential additional legal notice shall be consistent with the Rules and Procedures of the Plan Commission.
- G. **Certification:** The Plan Commission shall certify its recommendation to the Council in accordance with Indiana Code. The Department shall forward the Plan Commission certification, the application and all supporting information, any Department reports regarding the application, and an ordinance to the Council for its consideration.
- H. **Council Action:** The Council will review the change of zoning application and materials forwarded from the Plan Commission and may either approve or deny the ordinance. If the Council fails to act within ninety (90) days of the Plan Commission's certification and the Applicant has not otherwise withdrawn its request or requested additional consideration by the Plan Commission, then the ordinance shall become effective or be defeated with the provisions of [I.C. 36-7-4-608](#). The Council may also seek modifications or additions to any written commitments permitted by this Ordinance.
- I. **Decision Criteria:** In reviewing the change of zoning application, the Plan Commission and Council shall give consideration to the following criteria in accordance with Indiana Code:
 - 1. The Comprehensive Plan;
 - 2. Current conditions and the character of current Structures and uses in each district;
 - 3. The most desirable Use for which the land in each district is adapted;
 - 4. The conservation of property values throughout the jurisdiction; and
 - 5. Responsible development and growth.

maintained by the federal government or local housing authority, or scattered site Section 8 housing units administered by a local housing authority.

- d. Occupancy by the purchaser of a Dwelling Unit under a recorded contract of sale.
- e. Occupancy in a dormitory owned by Indiana University Southeast or other institute of higher learning.
- f. Transient occupancy in a Hotel, Motel or other similar lodging.

- 2. When requested by the Rental Housing Officer or the Officer's designee, a Person claiming exemption from this article shall produce documentation and other information to allow the Officer or designee to determine if the Dwelling Unit is exempt.

D. Tenant Information

Each Owner of a Rental Unit shall always maintain an up-to-date list containing the names and contact information for all Tenants in each Rental Unit owned or operated by the Owner. Each Owner shall provide the City, upon ten days written notice, any information from such list determined by the City to be necessary for any valid legal purpose such as an application for a warrant to inspect a Rental Unit, levying a fine against a Tenant, or the giving of any notice to a Tenant.

E. Registration Rental Permits

All Rental Units in the City shall obtain and maintain a valid Rental Permit. For all registered Rental Units, the City shall issue a Rental Permit stating the date of the unit's registration. The Owner of each Rental Unit shall be responsible for continuously maintaining a copy of the certificate. Each Owner shall provide the Rental Housing Officer or his or her designee with a copy of the Rental Permit upon request. A Rental Permit shall otherwise remain in effect and not expire until suspended or revoked as set forth in this article. The issuance of a Rental Permit is not evidence that a property meets the requirements of this article or is otherwise fit for human habitation.

F. Complaint-Driven Inspections and Inspections

- 1. Each Rental Unit and/or rental Premises within the City may be inspected by the Rental Housing Officer or his or her designee if the Rental Housing Officer has reason to believe or receives a complaint that a Rental Unit does not comply with applicable code requirements. Inspections shall be in accordance with this article and as permitted by Indiana State Statutes. The City adopts [Indiana Code 36-1-20-4.1](#) (as amended) with respect to inspections for Rental Units which are provided exemptions therein. To comply with the exemptions of State Statute, an Owner shall provide any reports referenced in the above-mentioned Codes by January 31st of each year. Upon violation of the above reference statute (including non-registration or no Rental Permit), the Rental Housing Officer may conduct an inspection of the Rental Unit or Premises.

2. Unless waived by either the Owner or Tenant and early access is granted, the following procedure shall be used to obtain entry to Rental Units and Premises for inspection. The Rental Housing Officer shall cause written notice to be mailed to the Owner or his or her agent of the Rental Unit or premise setting forth the date and time scheduled for the inspection together with the appropriate inspection application. The Owner or his or her agent shall have ten days from the notice issuance date in which to submit a complete and accurate inspection application to the Rental Housing Officer. In the inspection application, the Owner shall include a current list of Tenants for each Rental Unit to be inspected and shall indicate whether the Owner and all Tenants consent to an inspection of the Rental Unit(s) or Premises.
3. The Owner shall be responsible for granting access to each Rental Unit or premise to the Rental Housing Officer or his or her designee. In the event the Owner and/or Tenant refuses entry to any given Rental Unit or premise for inspection pursuant to this article, the appropriate court of Floyd County shall be utilized by the City to obtain a warrant for entry and inspection as provided in this article. If the Owner and/or Tenant does not consent, the Rental Housing Officer shall request a search warrant from a court of appropriate jurisdiction to conduct an inspection of the Rental Unit to determine whether the Rental Unit complies with this article. The Rental Housing Officer, or his or her designee, shall conduct an inspection, as authorized by such search warrant.

G. Inspection Fees

If no violations (including non-registration of a Rental Unit) of this article are discovered during the initial inspection, the Owner shall not be charged a fee for the inspection. If the initial inspection reveals any violation of this article or other applicable City Ordinances the Owner shall be subject to penalties as permitted and charged an inspection fee of \$50.00. Failure to pay any inspection fees shall be considered a violation with respect to Section 7.16 (I).

H. Notification of Deficiencies to Landlord; Reinspections

1. If any inspection reveals a deficiency with the application of the codes referenced herein or other City Ordinances, the Rental Housing Officer shall within ten days from the date of the inspection notify the Owner of the Rental Unit of the deficiencies. Such notice of deficiencies shall:
 - a. Be in writing;
 - b. Shall include a description of the real estate sufficient for identification;
 - c. State the reason or reasons why the notice is being issued including a reference to any sections of the Rental Housing Code that have been violated;
 - d. Include a correction order allowing a reasonable time for the repairs and Improvements required to bring the Dwelling Unit or Structure into compliance with provisions of this subarticle; and

- e. Include an explanation of the Owner's right to seek modification or withdrawal of the notice by petition to the Board of Public Works and Safety.
- 2. The notice prescribed above shall be deemed to be properly served upon the Owner or his or her agent at the address shown on the registration application.
- 3. A re-inspection shall be conducted after the end of the above-referenced compliance time frame. If the Rental Housing Officer finds that compliance with all noted violations has not been accomplished, the Rental Housing Officer may commence proceedings to suspend and/or revoke the registration and Rental Permit for the Premises.
- 4. The re-inspection performed after the expiration of the compliance time frame shall be assessed a fee of \$75 per Rental Unit to be inspected unless exempted by State Code. Failure to pay any re- inspections fees shall be considered a violation with respect to Section 7.16 (I).

I. Probation, Suspension or Revocation Of Rental Permits

- 1. **Probation:** Based upon charges filed by the Rental Housing Officer, the Board of Public Works and Safety may, if it determines the charges to be true by a preponderance of the evidence, impose up to three-year probation for the Rental Permit for any Premises found to be under the following circumstances:
 - a. If there is an adjudication of three or more violations of the City Code or Indiana Criminal Code on the property within one year, unless the Owner was the party reporting the violation or, unless the Owner or Owner's agent has evicted the Tenants;
 - b. An adjudication that the Owner, Owner's agent or Person acting on behalf of the Owner has violated Section 7.16 (K) or Section 7.16 (L) of this article.
- 2. **Suspension:** Based upon charges filed by the Rental Housing Officer, the Board of Public Works may, if it determines the charges to be true by a preponderance of the evidence, impose a 120-day suspension of the Rental Permit for any Premises found to be under the following circumstances:
 - a. One or more additional violations exist that would support the imposition of probation within one year of any other sanctions being imposed under this section and the Owner has not taken appropriate corrective action.
 - b. An adjudication that the Owner, Owner's agent, or Person acting on behalf of the Owner has:
 - i. Knowingly violated the maximum occupancy provisions set forth in the Rental Housing Code
 - ii. Illegally used or allowed the illegal use of non-habitable or non-occupiable space;

- iii. Illegally converted space to occupiable or habitable use or illegally added an additional Rental Unit to the property;
- iv. Violated the provisions of a required rental certificate;
- v. Failed to correct any code violation at the property affecting health and safety within the time allowed;
- vi. Provided the Rental Housing Officer or his or her designee with any false or materially incomplete information in connection with the property or the Registration Permit.

The suspension shall begin upon the vacation of the Rental Unit. The Owner shall take all legal steps necessary to vacate the Rental Unit as soon as possible.

- 3. **Revocation:** Based upon charges filed by the Rental Housing Officer, the Board of Public Works and Safety may, if it determines the charges to be true by a preponderance of the evidence, permanently revoke the Rental permit for any Premises under the following circumstances:
 - a. Any occupancy during or payment of Rent for the period of any suspension under Section 7.16 (I) (2); or
 - b. Within three years after suspension, any further occurrence or violation that would be grounds for a suspension of the Registration Permit.
- 4. The Rental Housing Officer shall prepare and file charges with the Board of Public Works and Safety specifying the specific violation and relief requested. Such charges and notice of a hearing shall be served upon the Owner or his or her agent by certified mail, return receipt requested to the address of record.
- 5. The Board of Public Works and Safety shall set a date for hearing of the charges, not less than ten days after mailing of the notice. The Board of Public Works and Safety shall hear the evidence and argument of the Rental Housing Officer and the Owner. After the hearing, the Board of Public Works and Safety shall make a written decision supported by findings. The decision of the Board of Public Works and Safety may be appealed to a court of general jurisdiction in Floyd County within 30 days of the decision.
- 6. Following the permanent revocation of a Rental Permit by the Board of Public Works and Safety, an Owner may apply to the City for the issuance of a new Rental Permit. As part of the application process for a new Registration Permit the Owner shall permit the Rental Housing Officer to inspect each Rental Unit and/or Premises wherein the Registration Permit was previously revoked to determine compliance with the requirements of this article.

J. **Rental Housing Officer**

The Planning Director or the Director’s designee shall act as the Rental Housing Officer. The decisions of the Rental Housing Officer may be appealed

K. Truth in Advertising

1. No Owner of a Rental Unit shall incorrectly represent in any- advertisement, Sign, or other written or oral form, the occupancy limits of the Rental Unit.
2. No Tenant of a Rental Unit advertising for sublease shall incorrectly represent in any advertisement, Sign, or other written or oral form, the occupancy limits of the Rental Unit.

L. Retaliatory Eviction Prohibited

It shall be a violation of this article if a court of competent jurisdiction determines that any Owner or his or her agent brought or threatened to bring an action for possession of a Rental Unit for retaliating against a Tenant for requesting an inspection of a Rental Unit.

M. Rental Housing Funds

The Rental Housing Officer and/or his or her designee(s) shall be named and have the authority for the collection, allocation and expenditure (as approved by the Common Council) of all costs associated with the administration of the rental housing program.

7.17 RENTAL HOUSING CODE

A. **Rental Housing Code Established:** This article shall have an effective date of July 1, 2019. There is established the Rental Housing Code, the purpose of which is to protect community neighborhoods and the public health, safety and welfare in all existing and new rental Buildings, Rental Units and Premises by:

1. Establishing minimum maintenance standards for rental Buildings and Rental Units and Premises; for basic equipment and facilities for light, ventilation, space heating and sanitation; for safety from fire; for space, use and location; and for safe and sanitary maintenance of rental Buildings and Rental Units;
2. Fixing the responsibilities of Owners, operators and Occupants of rental Buildings and Rental Units
3. Providing for administration, enforcement and penalties.

B. Intent

1. The provisions of the Rental Housing Code shall be construed liberally to insure the public health, safety and welfare insofar as they are affected by the maintenance of Structures and Premises.

2. The provisions of the Rental Housing Code shall not be construed to prevent the enforcement of other ordinances or regulations which prescribe standards other than are provided herein.
3. All other provisions of the Municipal Code of the City relating to Building maintenance, including, but not limited to, Chapter 154 of the Municipal Code, entitled Property Maintenance Code, are incorporated by reference as if fully set forth herein.
4. Any repairs or alterations to a Structure, or changes of use therein, which may be caused directly or indirectly by the enforcement of the Rental Housing Code shall be done in accordance with the procedures and provisions of this article, the Municipal Code and the City of New Albany
5. The provisions of this article shall not be construed as abolishing or impairing existing remedies available to the City relating to the removal or demolition of any Buildings that are deemed dangerous, unsafe or unsanitary.

C. **Definitions**

All the definitions set forth in Section 7.16 (B) are hereby incorporated by reference into the Rental Housing Code as if set forth fully herein. All definitions set forth in Section 7.16 (B) shall apply herein unless the context clearly indicates or requires a different meaning.

D. **Structures**

1. This article establishes minimum requirements for the initial and continued occupancy and use of all rental Buildings, Rental Units and Premises and does not replace or modify requirements otherwise established by ordinance which may be additional to or more stringent than the provisions contained herein for the construction, repair, alteration, or use of Structures, equipment or facilities.
2. This article shall apply to all rental Buildings, Rental Units and Premises whether or not existing at the time this article is adopted.

E. **Enforcement Authority**

It shall be the duty and responsibility of the Rental Housing Officer and his or her designee(s) to enforce the provisions of this article.

F. **Duties and Powers Of The Rental Housing Officer**

1. **General.** The Rental Housing Officer shall enforce all the provisions of the Rental Housing Code relative to the maintenance of rental Buildings, Rental Units and Premises, except as may otherwise be specifically provided for by other regulations, ordinances or laws.
2. **Notices and orders.** The Rental Housing Officer shall issue all necessary notices and orders to abate illegal or unsafe conditions to insure compliance with the Rental Housing Code requirements for the safety, health and general welfare of the public.

3. Inspections. To safeguard the safety, health and welfare of the public, the Rental Housing Officer, or his or her designee, is authorized to enter any rental Building, Rental Unit or Premises at any reasonable time for making inspections and performing duties under this article in accordance with Section 7.16 (F) hereof. Provided that, should consent to enter not be voluntarily given, application for an inspection warrant shall be made pursuant to the provisions of Section 7.16 (F) hereof.
4. Coordination of enforcement. Whenever, in the opinion of a Rental Housing Officer, or his or her designee, it is deemed necessary or desirable to have inspections made by any other City department, the Rental Housing Officer, or his or her designee, shall arrange for such inspections. He or she shall make reasonable effort to arrange for the coordination of inspections to minimize the number of visits by inspectors, and to confer with the other departments for eliminating conflicting orders before any are issued. A department shall not, however, delay the issuance of any emergency order, notice or citation which it determines must be issued.
5. Rulemaking authority. Upon the recommendation of the Rental Housing Officer, the Board of Public Works and Safety shall have those powers as may be necessary in the interest of public safety, health and general welfare, to adopt and promulgate rules and regulations to interpret and implement the provisions of this article to secure its intent, but such rules shall not have the effect of waiving requirements specifically provided in this article or of violating accepted practice involving public safety. Prior to taking effect, such rules and regulations must be approved by the Common Council by Resolution.

G. **Notices and Order**

Notice to Owner or to Person or Persons responsible. Whenever the Rental Housing Officer or his or her designee determines that there has been a violation of this article or has a reasonable belief that a violation has occurred, the Rental Housing Officer shall give notice to the Owner or his or her agent in conformance with Section 7.16 (H).

H. **Scope: Tense and Definition Of Terms**

1. Scope. Unless otherwise expressly stated, the following terms shall, for this article, have the meanings indicated in this section.
2. Interchangeability. Words used in the present tense include the future; words in the masculine gender include the feminine and neuter; the singular number includes the plural and the plural the singular.
3. Terms defined in other codes. Where terms are not defined in this article and are defined in the building, electrical, plumbing and/or mechanical codes otherwise adopted by this code they shall have the same meanings ascribed to them as in those codes.

4. Terms not defined. Where terms are not defined under the provisions of this article or under the provisions of the building, electrical, plumbing and/or mechanical codes they shall have ascribed to them their ordinarily accepted meaning, or such as the context herein may imply.

I. **Applicability of Requirements**

1. Scope. The provisions of this article shall govern the minimum standards for maintenance of rental Buildings and Rental Units within the City.
2. Responsibility. The Owner of the Premises shall maintain such properties in compliance with these requirements. A Person shall not let to another for occupancy or use Premises which do not comply with the following requirements of this article.

J. **Premises Condition**

1. Grading and drainage. All Premises shall be graded and maintained to prevent the accumulation of stagnant water within any Structure located thereon.
2. Accessory Structures. All accessory Structures, including detached garages, fences and walls, shall be structurally sound; shall be properly surface coated to prevent deterioration; and shall be free of all electrical and fire hazards and harmful insects and rodent infestation.
3. Parking. Except for those Premises meeting the definition of a legal, Nonconforming Use as set forth in the City's Ordinance, all rental Buildings must have parking which complies with this Ordinance. No parking will be allowed on lawns or on public sidewalks.

K. **Exterior of Structures**

1. General. The exterior of rental Buildings and accessory Structures shall be structurally sound and sanitary and shall not pose a threat to the health and safety of the Occupants.
2. Structural members. All structural members of all rental Buildings and accessory Structures shall be maintained to prevent deterioration and be capable of safely bearing the anticipated loads imposed upon them.
3. Foundation Walls. All foundation walls shall be maintained structurally sound and free from open cracks and breaks to prevent the entry of animals and other pests.
4. Exterior walls. Every exterior wall shall be maintained free of holes, breaks, loose, or rotting materials. An exterior surface material shall be maintained, weatherproofed and shall be property surface coated as needed to prevent deterioration.
5. Roofs. The roof shall be structurally sound, tight, and not have defects, which admit rain or moisture. Roof drainage shall be adequate to prevent

rainwater or other moisture from causing dampness in the walls or interior portion of the Building.

6. Overhead extensions. All canopies, metal awnings, stairways, fire escapes, standpipes, exhaust ducts and similar overhang extensions shall be maintained in good repair and be properly anchored. They shall be protected from the elements and against decay and rust by the periodic application of weather- coating material such as paint or similar surface treatment.
7. Chimneys. All chimneys and similar appurtenances shall be structurally safe, sound, and in good repair. All exposed surfaces of metal or wood shall be protected from the elements and against decay or rust by periodic application of weather-coating material such as paint or similar surface treatment.
8. Stairs and porches. Every stair, porch, balcony, and all attached appurtenances shall be so constructed as to be safe to use and capable of supporting anticipated loads and shall be maintained in sound condition and good repair.
9. Exterior doors, Windows, and frames. Every exterior door, Window, and frame shall be constructed and maintained to exclude rain as completely possible, and to substantially exclude air infiltration.
10. Insect screens. From May 15 to October 15 of each year every Window or other outside opening used for ventilation of Habitable Rooms shall be supplied with adequate screening. Every screen door shall be in good working condition, except that such screens shall not be required for outside doors of Rental Units that are air-conditioned or provide access to common hallways of Multifamily rental facilities.
11. Door hardware. Every door which connects a Rental Unit with any area exterior to the unit shall have a functioning locking device, door hinge and door latch and shall be maintained in good condition. Door locks in Rental Units shall be capable of tightly securing the door.
12. Basement hatchways. Every Basement or cellar hatchway shall be constructed and maintained to prevent the entrance of rodents, rain and surface drainage water into the rental Building and shall be secured to prevent unauthorized entry.
13. Exterior handrails. Every handrail and guardrail shall be maintained in good condition, be securely fastened and be capable of supporting anticipated loads.

L. **Interior of Structures**

1. General. The interior of a rental Building and its equipment shall be structurally sound and in a sanitary condition so as not to pose a threat to the health and safety of the Occupants and to protect Occupants from the environment. Occupants shall keep that part of the Structure or Premises

which they occupy or control in a clean and sanitary condition. Every Owner of a rental Building shall maintain, in a clean and sanitary condition, the shared or Common Areas of the Structure and exterior property.

2. Structural members. The supporting structural members of every rental Building shall be structurally sound and not show any evidence of deterioration which would render them incapable of carrying the anticipated loads.
3. Interior surfaces. Floors, walls, including Windows and doors, ceilings and other interior surfaces shall be maintained in good, clean and sanitary condition. Peeling paint, substantially cracked or loose plaster, decayed wood, peeling or loose wallpaper and other defective surface conditions shall be eliminated. All lead based interior painted surfaces shall be maintained in good condition. Chalky or peeling lead-based paint surfaces will be repaired.
4. Bathroom and kitchen floors. Every toilet, bathroom and kitchen floor surface shall be constructed and maintained to be substantially impervious to water and to permit such floor to be easily kept in clean and sanitary condition. This does not preclude carpet if it is devoid of mildew, mold or other unsafe or unsanitary conditions.
5. Free from dampness. In all rental Buildings, cellars, Basements and crawl spaces shall be maintained reasonably free from dampness to prevent conditions conducive to decay or deterioration of the rental Building.
6. Sanitation. The interior of every rental Building shall be free from any accumulation of Rubbish, Refuse or garbage.
7. Disposal of Rubbish. Every Occupant of a rental Building shall dispose of all Rubbish in a clean and sanitary manner by placing such Rubbish in approved containers. Any dumpster shall be placed in a approved six foot tall lockable enclosure.
8. Rubbish storage facilities. The Owner of every rental Building shall supply approved covered containers for Rubbish, and the Owner of the rental Building shall be responsible for the removal of Rubbish.
9. Storage. Garbage or Refuse shall not be allowed to accumulate or be stored in public halls or stairways.
10. Stairs, ramps, landings, porches, decks, and balconies. All walking surfaces shall be maintained in good repair and capable of supporting anticipated loads.
11. Exit facilities. All interior stairs and railings and other exit facilities of rental Buildings shall be maintained in sound condition and good repair by replacing tread and risers that evidence excessive wear or are broken, warped or loose. Every inside stair shall be constructed and maintained to be safe to use and capable of supporting the anticipated loads

12. Handrails and guards. Every handrail and guardrail shall be firmly fastened and capable of supporting anticipated loads and shall be maintained in good repair.
13. Extermination. All rental Buildings and Rental Units shall be maintained free of rodent and insect infestation. Where found, rodents or insects shall be exterminated using approved methods that are not hazardous to human health. Proper precautions shall be taken to prevent re-infestation after extermination.
 - a. Owner. The Owner of any rental Building shall be responsible for the extermination within the rental Building prior to renting or leasing the Rental Unit.
 - b. Single Occupant. The Occupant of a one-Family Dwelling or a single Tenant residential Structure shall be responsible for extermination on the Premises.
 - c. Multiple occupancy. The Owner of a rental Building shall be responsible for extermination in common or shared areas of the rental Building and exterior Premises.
 - d. Occupant. The Occupant of any Dwelling Unit shall be responsible for the continued rodent and pest- free condition of the Dwelling Unit unless the Tenant notifies the Owner within 30 days of occupancy of such infestation and the infestation is not due to a pet in the Dwelling Unit; and under such circumstances, the Owner shall be responsible for extermination. If infestation is caused by failure of an Occupant to prevent infestation in the Dwelling Unit, the Occupant shall be responsible for extermination.
 - e. Defects in Structure. The Owner of any rental Building shall be responsible for extermination of insects or rodents caused by defects in the Structure.

M. Light and Ventilation Requirements

1. Scope. The provisions of this section shall govern the minimum conditions and standards for the light and ventilation of a rental Building. All light and ventilation conditions shall comply with the requirements herein prescribed in so far as they are applicable.
2. Responsibility. All rental Buildings shall provide such light and ventilation in compliance with these requirements. A Person shall not let to another for occupancy or use any Premises which do not comply with the following requirements of this section.
3. All rooms within Rental Units shall be provided with natural or artificial light sufficient in intensity and distribution to permit the safe use of the room.
4. Every common hall and stairway in rental Buildings, other than one- and two-Family Dwellings shall always be lighted with at least a 60-watt standard incandescent light bulb for each 200 feet or floor area or

equivalent illumination, provided that the spacing between lights shall not be greater than 30 feet. Alternate means of lighting may be used to comply with these minimal lighting standards.

5. For ventilation purposes, every Habitable Room or connecting Habitable Room, collectively referred to as "habitable area" shall have at least one operable Window which can be easily opened and facing directly outdoors or to a court. Every bathroom and toilet room shall comply with the ventilation requirements for Habitable Rooms as required in [Section 7.16 \(M\) \(5\)](#) except that a Window shall not be required in such rooms equipped with a mechanical ventilation system. Air exhausted by a mechanical ventilation system shall discharge to the outdoors and shall not be recirculated.

N. **Space, Use, and Location Requirements:** Every Rental Unit shall contain at least 120 square feet of floor space for the first Occupant thereof and at least 100 additional square feet of floor space for every additional Occupant thereof, the floor space to be calculated based on total Habitable Room area.

1. Sleeping rooms. In every Rental Unit of two or more rooms, every room occupied for sleeping purposes shall contain at least 70 square feet of floor space.
2. Ceiling height. At least one-third of the floor area of every Habitable Room shall have a ceiling height of at least seven feet. The floors area of that part of any room where the ceiling height is less than five feet shall not be considered as part of the floor area in computing the total floor area of the room for the purposes of determining the maximum permissible occupancy thereof.
3. Prohibited occupancy. Kitchens and non-habitable spaces shall not be used for sleeping purposes.
4. Overcrowding. The number of Persons occupying a Rental Unit shall not create conditions that endanger the life, health, safety or welfare of Occupants.
5. Food preparation. Every space occupied for food preparation purposes shall contain suitable space and equipment to store, prepare, and serve foods in sanitary manner.

O. **Plumbing Facilities and Fixture Requirements**

1. Scope. The provisions of this section shall govern the minimum plumbing facilities and fixtures to be provided. All plumbing facilities and fixtures shall comply with the requirements herein prescribed insofar as they are applicable.
2. Responsibility. The Owner of rental Building or Rental Unit shall provide and maintain plumbing facilities in compliance with these requirements. A Person shall not let to another for occupancy or use any Rental Unit or Premises which does not comply with this section.

3. Required facilities. Every Rental Unit shall contain its own kitchen sink, water closet, lavatory and bathtub or shower each of which shall be maintained in good repair and in a sanitary condition. A kitchen sink shall not serve as a substitute for the required lavatory.
4. Fixtures. All plumbing fixtures shall be properly installed and maintained in a safe, sanitary, and functional condition, free from leaks, obstructions, and defects and capable of function for which fixture was designed.
5. Water connections. Every plumbing fixture shall be properly connected to either a public water system or to an approved private water system. All kitchen sinks, lavatories, bathtubs, showers, and laundry facilities shall be supplied with hot and cold running water.
6. Water supply. All water supply inlets for plumbing fixtures owned and supplied by the Owner shall be free from contamination as defined by governing water regulatory laws. Water supply to plumbing fixtures shall be maintained to provide enough volume and pressure to allow plumbing fixtures to function properly.
7. Hot water. Hot water heaters shall be properly installed, maintained, and capable of providing an adequate supply of water at a temperature of not less than 110°F. to every required kitchen sink, lavatory, bathtub, shower, and laundry facility. Gas burning water heaters shall not be located in a bedroom, toilet room, bathroom, or any other room without adequate combustion air provided. A combination temperature and pressure relief valve and relief valve discharge pipe shall be required.
8. Drainage. All plumbing stacks, vents, waste and sewer lines shall be maintained free of leaks, obstructions, and defects and function properly. Every plumbing fixture shall be connected to a public sewer system or to an approved private sewage system. A Tenant and all Occupants shall use the drainage, heating and sanitary systems in a reasonable manner and the Tenant shall be responsible for all repairs and maintenance resulting from the negligent or unreasonable usage of such systems.

P. **Mechanical and Electrical Requirements**

1. Scope. The provisions of this section shall govern the minimum mechanical and electrical facilities and equipment to be provided. All mechanical and electrical facilities shall comply with these requirements herein prescribed insofar as they are applicable.
2. Responsibility. The Owner of the rental Building or Rental Unit shall provide and maintain mechanical and electrical facilities and equipment in compliance with these requirements. A Person shall not let to another for occupancy or use any rental Building or Rental Unit which do not comply with the requirements of this section.

3. Heating facilities and mechanical equipment.
 - a. Residential Buildings. Every Owner of a rental Building or Rental Unit, shall supply forced air heat adequate to maintain therein from October 1 through May 1 of the following year, a minimum inside temperature of 68°F, at three feet above floor level in all Habitable Rooms, bathrooms, shower rooms, and toilet rooms or compartments, between the hours of 6:00 a.m. and 11:00 p.m., and not less than 60°F between the hours of 11:00 p.m. and 6:00 a.m. in all the rooms. Provisions of this section shall not apply where the failure to maintain minimum requirements is caused by a general shortage of fuel, neglect or malicious act of the Occupant, necessary repairs or alterations, or any cause beyond the control of the Owner or Occupant.
 - b. Mechanical appliances. All mechanical appliances and equipment shall be properly installed and maintained in safe working condition and shall be capable of performing the function for which it was designed and intended.
 - c. Fuel. All fuel-burning equipment shall be connected to an approved chimney or vent, except for fuel-burning equipment and appliances which are labeled for unvented operation.
 - d. Clearances. All required clearances to combustible material shall be maintained.
 - e. Safety controls. All safety controls for fuel-burning equipment shall be maintained in operable condition.
 - f. Combustion air. A supply of air for complete combustion of the fuel in the fire burning equipment and for ventilation of the space shall be provided.
 - g. Fireplace. Fireplaces, and other construction and devices intended for use similar to a fireplace, shall be stable and structurally safe; connected to approved chimneys; and equipped with a damper or other approved device capable of substantially excluding air infiltration.
 - h. Climate control. Facilities for interior climate control {heating, cooling and/or humidity) shall be maintained and operated in a continuous manner in accordance with the designed capacity.
4. Electrical facilities and equipment.
 - a. Electric service. Every Rental Unit shall be provided with an electrical system and contain at least two separate and remote receptacle outlets.
 - b. Installation. All electrical equipment, wiring, and appliances shall be properly installed and maintained in a safe working condition.
 - c. Lighting. All public hallways, stairways, kitchens, bathrooms, laundry rooms, and mechanical equipment rooms shall contain at least one operable electric lighting fixture.

- d. Ground fault interrupter protection. Any newly remodeled bathroom or newly installed kitchen receptacle shall have ground fault interrupter protection.
- e. Electrical system hazards. In rental Buildings where the electrical system constitutes a hazard to the Occupants or the Structure by reason of inadequate service, improper wiring or installation, improper fusing, insufficient receptacle and lighting outlets, deterioration or damage, or similar reasons, the Rental Housing Officer, shall require the defects to be corrected to eliminate the hazard.
- f. Elevators. In rental Buildings equipped with elevators, State of Indiana inspection certificates shall be displayed in accordance with State of Indiana Code and at least one elevator shall always be maintained in operation when the rental Building is occupied. Rental Buildings equipped with only one elevator shall be allowed to take elevator temporarily out of service for service or maintenance.

Q. Fire Safety

- 1. Scope. The provisions of this section shall govern the minimum fire safety facilities and equipment required. All rental Buildings shall be constructed and maintained to prevent and avoid fire hazards, and in a manner conducive to fire safety. All fire safety facilities and equipment shall comply with the requirements herein prescribed insofar as they are applicable.
- 2. Responsibility. The Owner of all rental Buildings shall provide and maintain such fire facilities and equipment in compliance with these requirements and the Fire Prevention Code. A Person shall not let to another for occupancy or use any Premises which do not comply with following requirements of this section.
- 3. Means of egress.
 - a. General. A safe, continuous and unobstructed means of egress shall be provided from the interior of a rental Building to the exterior of a Street, a Yard, court, or passageway leading to a public open area at Grade.
 - b. Direct exits. Every Rental Unit shall have access directly to the outside or to a common corridor, and every sleeping room shall have an approved direct means of egress to the outside. Locked doors. All doors in the required means of egress shall be readily openable from the inner side. Exits from Rental Units shall not lead through other such units, or through toilet rooms or bathrooms.
 - c. Exit Signs. All exit Signs shall be illuminated and visible.
- 4. Accumulations and storage.
 - a. Accumulations. Waste, Refuse, or other materials shall not be allowed to accumulate in stairways, passageways, doors, Windows, fire escapes, or other means of egress.

8.1 GENERAL ADMINISTRATION

A. **Department of Planning Duties:**

1. Receive and examine all applications for Improvement Location Permits and to refer applications to Persons or bodies as specified by this chapter or to make any other referrals as deemed advisable by the Zoning Administrator;
2. Issue Improvement Location Permits after approval and Certificates of Compliance only when there is compliance with the provisions of this chapter and with other City ordinances. However, the issuance of an Improvement Location Permit shall not be deemed a waiver of the requirements of any other City ordinance;
3. Receive and examine applications for special exceptions and refer these applications to the secretary of the Plan Commission and Board of Zoning Appeals who shall investigate the applications and forward them to the Plan Commission and Board;
4. Receive applications for variances and refer these applications to the Secretary of the Board of Zoning Appeals who shall investigate the applications and forward them to the Board for action thereon;
5. Receive applications for appeals from alleged error of the Zoning Administrator and refer these applications the Board of Zoning Appeals as described in [Article 7.3 - Appeals of Administrative Decisions](#);
6. Receive applications for zoning amendments and changes in zoning and refer these applications to the Secretary of the Plan Commission who shall investigate the applications and forward them to the Plan Commission and the Common Council, as applicable, for their action thereon;
7. Conduct inspections and surveys to determine compliance or noncompliance with the terms of this chapter;
8. Issue stop, cease and desist orders, in writing, for all conditions found to be in violation of the provisions of this chapter. The written orders shall be served personally or by certified mail upon Persons, firms or corporations deemed by the Zoning Officer to be violating the terms of the chapter. It shall be unlawful for any Person to violate any such order lawfully issued by the Zoning Officer and any Person violating any such order shall be guilty of a violation of this chapter;
9. With approval or direction of the Plan Commission or the Board institute in the name of the Plan Commission or Board any appropriate action or proceedings to prevent the unlawful erection, construction, reconstruction, alteration, conversion, maintenance or Use and to restrain, correct or abate the violation, so as to prevent the occupancy or Use of any Building, Structure or land, or to prevent any illegal act, conduct, business or Use in or about the Premises;

- 10. Revoke by order, an Improvement Location Permit issued under a mistake of fact or contrary to the law or the provisions of the chapter;
- 11. Upon request of the Plan Commission or Board, present to the bodies facts, records or reports which they may request to assist them in making decisions; and
- 12. Maintain a map showing the current Zoning Districts of all land in the City.

- B. **Fee Schedule:** Filing fees for applications and petitions filed pursuant to this Ordinance are set forth in the Fee Schedule. The Fee Schedule is established by resolution of the Council. Copies of the Fee Schedule shall be available in the office of the City Clerk and in the office of the Department.
- C. **Schedule of Meeting and Filing Dates:** The Department shall maintain an annual Schedule of Meeting and Filing Dates for the Design Review Board, Technical Advisory Committee, Plan Commission, and Board of Zoning Appeals. Modifications of filing dates are contemplated if determined reasonable by the Department. The existence of this calendar shall not be interpreted as prohibiting special meetings or changes of meeting dates by the Architectural Review Board, Technical Advisory Committee, Plan Commission, or Board of Zoning Appeals. The Schedule of Meeting and Filing Dates shall be made available in the office of the Department.
- D. **Summary of Authority:** The decision-making bodies and officials described herein, without limitation upon such authority as each may possess by local and Indiana law, each has responsibility for implementing and administering this Ordinance in the manner described herein.

8.2 BOARD OF ZONING APPEALS

A Board of Zoning Appeals (the “Board”) is hereby established with membership and appointment provided in accordance with Indiana law and all acts now or hereafter amendatory thereto. The powers and duties of the Board are defined by Indiana law and are generally described below.

- A. **General Duties:**
 - 1. The Board shall adopt rules and regulations (“Rules of Procedure of the Board”) as it may deem necessary to effectuate the provisions of this Ordinance.
 - 2. All meetings of the Board shall be open to the public. The Board shall keep minutes of its proceedings, keep records of its examinations and other official actions, prepare findings, and record the vote of each member voting upon each question. All minutes and records shall be filed in the office of the Department and shall be a public record.

9.1 PURPOSE AND INTENT

Upon the adoption of the Zoning Ordinance, Zoning Map, and amendments thereto, and potentially upon other government action (e.g., acquisition of Right-of-way) some Buildings, Structures, Lots and uses may no longer conform to the regulations of the Zoning District in which they are located. This Chapter has been generated, for this reason, to provide the rules, policies, and regulations that apply to these Buildings, Structures, Lots and uses.

9.2 EXEMPTION FOR NONCONFORMITY CREATED BY PUBLIC ACQUISITION

Any property, Lot or Structure which is rendered nonconforming solely by the action of a governmental agency in the opening, closing, widening, paving or Improvement of any Street, shall be exempt from the nonconformance provisions of this Article.

9.3 LEGAL NONCONFORMING AND ILLEGAL NONCONFORMING

- A. **Legal Nonconforming:** Legal Nonconforming is caused by an amendment to this Ordinance, not as a result of a change to the property, that has resulted in the property no longer conforming to the policies and standards of the applicable Zoning District. When this situation occurs the property is deemed legal nonconforming and shall be subject to the terms of this Ordinance.
- B. **Illegal Nonconforming:** A Building, Structure, Sign, or Lot which was constructed or is being used without an approved Building Permit, Improvement Location Permit or approval from the Board or Plan Commission is considered illegal nonconforming when it does not conform to this Ordinance. An illegal nonconforming property shall be subject to enforcement and penalties as set forth in [CHAPTER 10: ENFORCEMENT & PENALTIES](#), and all other applicable State or Municipal law, and shall be altered to conform with all applicable standards and regulations of this Ordinance.

9.4 NONCONFORMING BUILDINGS AND STRUCTURES

- A. A Legal Nonconforming Building or Structure shall be deemed as such for any Building or Structure that: (i) has been continuously occupied and legally existed prior to the enactment of this Ordinance, or an amendment thereto; and (ii) no longer conforms to the regulations set forth in this Ordinance, or its subsequent amendments.
- B. A Legal Nonconforming Building or Structure may continue provided it remains the same or fits within the tolerances described below:
 - 1. A Legal Nonconforming Building or Structure shall not be enlarged or altered in a manner that the enlargement or alteration increases its nonconformity; however, the Building or Structure, or portion thereof, may be altered to maintain or decrease its nonconformity.
 - 2. A Legal Nonconforming Building or Structure damaged or destroyed by more than fifty percent (50%) of its fair market value shall thereafter conform to the regulations of the Zoning District in which it is located.

- C. If a Legal Nonconforming Building or Structure is moved for any reason, for any distance, then it shall thereafter conform to the provisions of this Ordinance.
- D. A Legal Nonconforming Sign shall be removed by the Owner or lessee of the Premises upon which the Sign is located when the Business it advertises is no longer conducted on the Premises. If the Property Owner or lessee fails to remove the Sign, then the Plan Commission or Director shall give the Property Owner thirty (30) days written notice to remove it. Upon failure to comply with this notice, the Plan Commission or Director may remove the sign at a cost to the Property Owner or lessee.

9.5 NONCONFORMING LOTS OF RECORD

- A. A Legal Nonconforming Lot shall be deemed as such for any Lot that: (i) was established and recorded prior to the date of passage of this Ordinance; and (ii) no longer conforms to the regulations set forth in this Ordinance, or its subsequent amendments, as applicable to Lots (e.g., Lot Area, Lot Width, Lot Depth, Lot Frontage).
- B. A Legal Nonconforming Lot may be: (i) used as permitted by the Zoning District in which the Lot is located; and (ii) built upon, only if the Lot and Improvements otherwise comply with all other standards of this Ordinance, and provided the Property Owner of said Lot does not own, in whole or in part, sufficient adjacent land to enable the Lot to conform to the dimensional and area requirements of this Ordinance;
- C. A Legal Nonconforming Lot shall lose its status as Legal Nonconforming Lot if the Lot has been either: (i) combined into a single Lot or parcel that either fully conforms with the standards of the Zoning District or decreases the nonconformity; or (ii) is combined with a conforming Lot. Once combined with another Lot, a Legal Nonconforming Lot shall not thereafter be subdivided except when the resulting Lots are in full compliance with this Ordinance.

9.6 NONCONFORMING USES, LAND, OR STRUCTURES AND LAND IN COMBINATION

- A. A Legal Nonconforming Use of Structures, land, or Structures and land in combination shall be deemed collectively as a Legal Nonconforming Use if it: (i) was established prior to the date of passage of this Ordinance; (ii) does not conform to the regulations set forth in this Ordinance, or its subsequent amendments; (iii) no longer is a permitted Use in the applicable Zoning District in which it is located.
- B. A Legal Nonconforming Use may continue provided that it remains otherwise lawful, subject to the following conditions:
 - 1. No existing Structure devoted to a Legal Nonconforming Use shall be enlarged, expanded, increased, extended, constructed, reconstructed, moved, or structurally altered unless it:

- a. Complies with this Chapter for limited and small expansions;
 - b. Changes the Use of the Structure to a Use permitted by the Zoning District in which it is located; or
 - c. Changes the Use to a less intensive Nonconforming Use and is approved by the Director or Plan Commission.
2. No new Building or Structure shall be constructed in connection with an existing Legal Nonconforming Use.
 3. A Legal Nonconforming Use of a Building or Structure may be extended throughout any parts of a Building or Structure which were plainly arranged or designed for such Use prior the effective date of this Ordinance, but no such Use shall be extended to occupy any land outside the Building or Structure.
 4. A Structure being used by a Legal Nonconforming Use may be expanded in aggregate of up ten percent (10%) of the original Gross Floor Area, as it existed prior the effective date of this Ordinance. Expansions shall otherwise conform to all applicable standards of this Ordinance unless a variance is granted by the Board.
 5. If no Structural Alterations are made, a Legal Nonconforming Use may be changed to another Legal Nonconforming Use provided the Use is equally appropriate or more appropriate to the Zoning District than the existing Legal Nonconforming Use, as determined by the Director. If a new Legal Nonconforming Use requires more parking than the previous Use, as set forth by [ARTICLE 6.16 PARKING AND LOADING STANDARDS](#), then such new Use shall comply with [ARTICLE 6.16 PARKING AND LOADING STANDARDS](#), as determined by the Director.
 6. If a Legal Nonconforming Use is discontinued or abandoned for twelve (12) consecutive months, except when government action impedes access to the Premises, then any subsequent Use of such land, Structure or land and Structure shall conform to the provisions of this Ordinance.
 7. A Legal Nonconforming Use superseded by a permitted Use shall lose its legal nonconforming status.
 8. Removal or destruction of a Structure in which a Legal Nonconforming Use existed shall result in the property losing its legal nonconforming status. Destruction is defined as deliberate damage of more than fifty percent (50%) of the Structure's fair market value at the time of destruction.

9.7 REPAIRS AND MAINTENANCE

The following shall apply to Legal Nonconforming Structures or Buildings, and Legal Nonconforming Uses of Structures, or Structures and land in combination:

- A. Work may be done for ordinary repairs or replacement of walls, heating, fixtures, wiring, or plumbing under the condition that the square footage and volume of usable space shall not be increased.
- B. If a Building or Structure or portion of a Building or Structure were to become unsafe or condemned due to lack of repairs or maintenance and is declared by an authorized official to be unsafe or condemned due to physical condition; and if the Building or Structure is not restored, repaired, or rebuilt within six (6) months, then the Building or Structure shall lose its Legal Nonconforming status and any future Improvements shall conform to the standards and regulations of this Ordinance.
- C. If a Building or Structure becomes unsafe or unlawful due to physical condition and is razed, then the Building or Structure shall be rebuilt in conformity with the Zoning District in which it is located.
- D. Nothing herein shall be deemed to prevent the strengthening, repairing, or restoring to a safe condition of any Building or Structure or part thereof declared to be unsafe by any official charged with protecting public safety.

10.1 AUTHORITY

The City of New Albany, including the Director, Zoning Administrator, Council, Plan Commission, Board, Building Commissioner, Fire Marshal, and their delegates are designated to enforce the provisions, regulations, and intent of this Ordinance, in accordance with [I.C. 36-7-4-100, et. seq.](#), as amended.

10.2 VIOLATION

- A. Violation of or failure to comply with any of the provisions of this Ordinance or its requirements is hereby declared to be a common nuisance and as such may be abated in such manner as nuisances are now or may hereafter be abated under existing law. Such violation may include, but is not limited to, the following:
1. The erection, demolition, or conversion of any Structure, Building, or Sign without the required approvals,
 2. The Use of any land or Premises used in violation of any provisions of this Ordinance, or
 3. Failure to comply with any condition, requirement, or commitment established with the approval of a variance, Special Exception, development plan, Planned Unit Development, Certificate of Compliance, or other Development approval under this Ordinance.
- B. Any Person who violates, disobeys, omits, neglects, or refuses to comply with, or who resists the enforcement of any provisions of this Ordinance shall be subject to judgment for each offense. Each day that a violation is permitted to exist shall constitute a separate offense. A violation continues to exist until corrected. Correction includes, but is not limited to:
1. Cessation of an unlawful practice;
 2. Removal of a Building, Structure, or other Improvement;
 3. Faithful or otherwise-approved restoration or replacement of a Building, Structure, site or natural feature;
 4. Any other remedy specified in this title; and/or
 5. Other remedy acceptable to the City.

10.3 ENFORCEMENT

Complaints made pertaining to this Ordinance may be investigated by the Director, Zoning Administrator, the Building Commissioner, the Fire Marshal, and/or their designees. Also, any violations suspected by the Plan Commission, Council, Zoning Administrator, or Director shall be investigated by the Director or Zoning Administrator. Action may or may not be taken depending on the findings. The degree of action will be at the discretion of the investigating Person and should reflect what is warranted by the violation.

10.4 PENALTY

- A. Any violation that is subject to this chapter shall be subject to a civil penalty of not more than two thousand five hundred dollars, (\$2,500) for each such violation, and not more than seven thousand five hundred dollars (\$7,500) for the second and any subsequent violation, in addition to any and all other remedies available to the City, except where a lesser fine is specified herein.
- B. Any Person who shall commence any land Improvements or construction subject to the provisions contained in this Ordinance without first receiving the required approvals as designated, or obtaining a Building Permit, Improvement Location Permit and/or Certificate of Occupancy, shall pay twice the amount of the fees for such approvals.
- C. The following violations of this title shall be subject to the fines listed in the table below for the first offense. In addition, if a responsible party commits a second or subsequent violation of the same provision of this title within three years of the first such violation, regardless of whether the second or subsequent violation is on the same property as the first such violation, the listed fine for such second or subsequent offense shall be twice the previous fine, subject to the maximum set forth in subsection (a) above. (For example, a violation that is subject to a one hundred dollar fine per the table will be subject to a two hundred dollar fine for the second offense, a four hundred dollar fine for the third offense, and so forth.)

10.5 REMEDIES

- A. If the Director or his or her designee finds that any violation is occurring, or has occurred, a Notice of Zoning Violation may be issued to the responsible party. Such Notices of Zoning Violation may be further accompanied by additional warnings following the same procedures of this chapter. For purposes of issuing a Notice of Zoning Violation, the following Persons shall be considered responsible parties, with liability for fines and responsibility for remedy of the violation:
 - 1. The Property Owner;
 - 2. Persons with any possessory interest (lessor, renter, etc.) in the property; and
 - 3. Any Person who, whether as a property manager, principal agent, Owner, lessee, tenant, contractor, builder, architect, engineer or otherwise who, either individually or in concert with another, causes, maintains, suffers or permits the violation to occur and/or to continue.
- B. The Notice of Zoning Violation shall be in writing and shall be served on all of the responsible parties in one or more of the following manners: delivery in person or by first-class mail. The Notice of Zoning Violation shall state: (1) the location of the violation; (2) the nature of the violation; (3) the date the violation began; (4) the daily fine assessed for the violation; (5) additional remedies the City may seek for violation; (6) the fine is paid to the City of New Albany; (7) the notice of violation may be appealed to the Board of Zoning Appeals; and (8) the fine may be contested in the Floyd County Circuit Courts.
- C. Each item of noncompliance enumerated on the Notice of Zoning Violation shall be a separate violation, and each day that each such item of noncompliance continues shall be considered to be a separate violation. Fines shall accrue from the date the zoning violation commenced.
- D. If the responsible party refuses inspection of the property, the Director or his or her designee may obtain an inspection warrant from any court of record in the county in which the property is located.
- E. In addition to issuing a Notice of Zoning Violation, the Director or his or her designee may utilize and/or seek through legal proceedings one or more of the following remedies:
 - 1. Revoke or withhold other approvals, certificates and/or permits relevant to the Development or Use of the site on which the violation has occurred;
 - 2. Issue a stop-work order;
 - 3. Request the City Building Department to issue a stop-work order and instruct the building official to suspend and withhold all Building Code inspections relevant to the Development or Use of the site on which the violation has occurred;

4. Revoke the permits, certificates and/or approvals that have been violated;
 5. The Plan Commission, Board, Director or Zoning Administrator, or any designated enforcement official or any Person or Persons, firm, or corporation, jointly or severally aggrieved, may institute a suit of injunction in the circuit court of Floyd County to restrain an individual, a corporation, or a government unit from violating the provisions of this Ordinance;
 6. The Plan Commission or the Board may also institute a suit for mandatory injunction directing any individual, a corporation or a governmental unit to remove a Structure erected in violation of the provisions of this Ordinance; and/or
 7. Any and all penalties and remedies listed in [Article 10.4 Penalty](#), and other remedies provided for or allowed by Indiana law or City Code.
- F. As an additional remedy to 10.5(E)(6) and 10.5(E)(7) above, if the plaintiff prevails the court may allow costs, expenses and reasonable attorney fees in any judgment so rendered.
